INTRODUCTION

Milwaukee County's 2006 Adopted Budget serves several important purposes. First, it functions as a statement of policy developed and approved by the County's elected officials. Second, the Budget documents serve as a financial and operational plan that assists departmental administrators in fulfilling their responsibility to provide needed public services in an effective and efficient manner. Finally, the Budget is a source of information for the general public, enabling citizens to understand the many functions of County government and how its resources are allocated.

THE BUDGET PROCESS

The process associated with the Budget's compilation and adoption is a long and difficult task. It starts in early March and becomes a reality in mid-November, at which time a budget is adopted and official appropriations are provided. The time sequence of the complete budget process is as follows:

March through May	Compilation of personal service cost data and projections of utility and commodity price changes prepared by the Budget Section and submitted to the operating departments. Budget instructions and forms are submitted to department administrators.
May 1	Capital Budget requests are submitted by County agencies to the Department of Public Works.
June 1-15	Operating Budget requests and revenue estimates are submitted by County agencies to the Department of Administrative Services.
June/July	County Executive Public Hearing on the Budget, inviting County department administrators and the general public to comment on the Requested Budget. County Executive reviews agency budget requests.
August 15	Department of Administrative Services submits to the County Board a summary of requested budgets.
October 1	County Executive presents to the County Board the Executive Budget for the subsequent year. This is then referred to the Board's Finance and Audit Committee for review and recommendation.
October 1 - to 1st week in November	Finance and Audit Committee reviews the County Executive Budget.
14 days or more prior to County Board Public Hearing	Publication of County Executive Budget in newspapers.
November - Not later than 1st Monday of month	County Board public hearing on Budget, inviting members of general public to comment on the Executive Budget and Finance and Audit Committee changes to date.
Monday after 1st Thursday in November	County Board annual meeting and the adoption of the Budget and tax levies. During this meeting, the County Board acts on the amendments and recommendations submitted by the Finance and Audit Committee relative to the County Executive's Budget as well as amendments submitted by individual County Board members.
January 1 of the succeeding year	Departments translate Budget to public services.

Among the numerous duties and responsibilities of the County Executive, the broadest and most far ranging is the annual submission of the Executive Budget to the County Board. The Executive Budget can be an effective overall force in shaping policy and directing management. It is used to forge a responsible administrative organization out of a collection of unrelated departmental units. The value of a single responsible executive voice for County government is particularly apparent and best exemplified in the development of the Executive Budget. By this means, important problems are discussed and addressed and, more importantly, a tremendous growth in understanding of mutual problems occurs.

The Budget Section in the Fiscal Affairs Division of the Department of Administrative Services is primarily responsible for guidance and assistance in the compilation and adoption of the County's billion dollar annual Budget. This division provides assistance to the County Executive in the review of budget requests submitted by County agencies.

After presentation of the Executive Budget to the County Board of Supervisors, the Budget Section assists in presenting the Executive Budget to the County Board's Finance and Audit Committee. The Finance and Audit Committee reviews the Budget over a four to six week time period. The County Board adopts the final Budget in mid-November. After the Budget has been adopted and a detailed summary of appropriations is provided to County departments, the Budget Section and Controller's Office work with the County Executive and the Finance and Audit Committee in monitoring the Budget during the fiscal year. This monitoring involves periodic checks of expenditures against appropriations, reviewing actual revenue compared to budgeted revenue and reviewing requests for transfer of appropriations. This completes the budget process.

BUDGETARY BASIS OF ACCOUNTING

In accordance with Generally Accepted Accounting Principles (GAAP), the accounts of the County are maintained on the basis of funds. Each fund is a separate fiscal and accounting entity. The various funds are grouped into the following categories:

Governmental Funds

General Fund

The General Fund is used to account for all financial resources, except those required to be accounted for in another fund.

Debt Service Fund

The Debt Service Fund is used to account for the accumulation of resources and the payment of principal and interest on long-term general obligation debt.

Capital Projects Fund

The Capital Projects Fund is used to account for financial resources segregated for the acquisition of construction of major capital facilities other than those financed by proprietary funds.

Proprietary Funds

Enterprise Funds

The Enterprise Funds are used to account for operations that provide services which are financed primarily by user charges or activities where periodic measurement of net income is appropriate for capital maintenance, public policy, management control or other purposes.

Internal Service Funds

The Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments in the County or to other governmental entities, on a cost-reimbursement basis.

Governmental Funds

Governmental funds utilize the modified accrual basis of accounting, except for the treatment of the Fund Balance Reserved for Appropriations. For budget purposes, the Fund Balance Reserved for Appropriations is reflected as other financing sources, whereas, for accounting purposes it is reflected as part of fund balance.

Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become susceptible to accrual, that is, when they become both measurable and available to finance expenditures and commitments of the current period. Expenditures are recognized when the related liability is incurred, if measurable.

Proprietary Funds

Proprietary funds utilize the accrual basis of accounting. Under the accrual basis, revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period in which they are incurred.

EXPENDITURE CONTROLS

Under Wisconsin State Statute, no payment may be authorized or made and no obligation incurred against the County unless the County has sufficient appropriations for each payment. Budgetary control over expenditures is maintained by a formal appropriation and encumbrance system. Encumbrances are charged against appropriations when purchase orders, contracts or other commitments are incurred. Liabilities which exceed appropriation balances are not paid until an increased appropriation is made available.

Every appropriation excepting an appropriation for capital expenditure or major repair lapses at December 31, to the extent that it has not been expended or encumbered. An appropriation for a capital expenditure or a major repair continues in force until the purpose for which it was made has been accomplished or abandoned or three years pass without any expenditure or encumbrance. The County Board of Supervisors approves carryovers recommended by the Department of Administrative Services.

The legal level of control for each budget is by department. Once the Budget is adopted, transfers of appropriations among departments require approval by the Board of Supervisors. Supplemental appropriations for the purpose of public emergencies or from the contingency appropriation may be made from unanticipated revenues received or surplus, as defined by resolution adopted by a vote of two-thirds of the members of the Board of Supervisors. Supplemental appropriations from the issuance of tax anticipation notes require an affirmative vote of three-fourths of the members of the Board of Supervisors.

BUDGET DOCUMENTS

The 2006 Adopted Budget publications are as follows:

- The *2006 Adopted Budget* is presented in three volumes and provides detailed information and in-depth analysis of the Budget. Volume One is organized into three major sections. The first section presents summary information on the *2006 Adopted Budget* and includes a summary of major program and policy highlights of the Adopted Budget and summary schedules and graphs reflecting budgeted revenues and expenditures for 2005 and 2006 by fund and function. Volume Two presents detailed expenditures by object for each department. Volume Three provides position detail for each department.

The second section provides more in-depth analysis of the Operating Budget by department. Each departmental budget includes a Statement of Operating Authority and Purpose, Department Description and Objectives for 2006, a Budget and Personnel Summary, Budget Highlights and an Organizational Chart. Some of the large or complex budgets are presented programmatically, providing separate descriptions and analyses of the various programs that comprise the department's operations.

The third section is the Appendix and is the last major section of the Budget. The Appendix provides the reader with the County Executive's budget message presenting his Recommended Budget, a glossary of key terms and a presentation of County-wide position equivalents.

A separate *Adopted Capital Improvements Budget* is published in the beginning of the budget year, which provides project-by-project detail and five-year planning goals, objectives and funding requirements.

Copies of the budget publications are distributed to the County Executive, the County Board of Supervisors and department administrators, and are available on Milwaukee County's website.

Fiscal and Budget Administrator

2006 BUDGET HIGHLIGHTS

The 2006 Budget for Milwaukee County includes expenditures of \$1,258,874,998 revenues of \$1,026,282,481, and a property tax levy of \$232,592,517, which represents an increase of 2.9 % over the 2005 adopted property tax levy.

Countywide

In a continued effort to make County Government more efficient the 2006 Budget includes the abolishment of 370 positions.

Legislative, Executive & Staff

To meet the Office for Person's with Disabilities responsibilities to ensure accessibility in County owned and operated facilities, \$150,000 is appropriated for maintenance of accessibility-related assets. The department and the Department of Administrative Services – Fiscal Affairs, will coordinate implementation of this maintenance program.

One hundred thousand is added for contract services in DAS Administration for a study of the current pension system structure, and to provide options for modification of the pension system to the County Board for consideration in 2006.

Fringe Benefits

Employee Health Care: The 2006 appropriation for employee health benefits reflects the cost of a new two-year contract with WPS, inc., which was before the County Board in September 2005. These costs may change depending on the adoption of collective bargaining agreements with the County's represented employees.

The County has settled contracts with several unions on agreements through 2006, and is negotiating with several others. If the County reaches agreements with all represented and non-represented groups on the wage and benefit package approved by the Personnel Committee, approximately \$10.2 million in revenues will be generated by instituting co-payments for several services, which will be deposited into a non-departmental account, 1972. Of this amount, \$4.5 million will be used to offset employee raises included in the benefit package. The remaining \$5.7 million falls to the County's bottom line.

Pension Benefits: The 2006 Budget provides \$27,400,000 for the county's contribution to the Milwaukee County Employees Retirement System (ERS). This amount is a decrease of \$10.67 million from the 2005 Adopted Budget. The budget maintains an 8.5% return on investments assumption.

Courts & Judiciary

In 2005 the Department of Administrative Services (DAS), in cooperation with the Sheriff's Department and Courts was requested to perform an analysis to identify more effective and efficient methods of utilizing Deputies by the Combined Court Related Operations and redeploying them elsewhere in the Sheriff's Department during periods of down time. This analysis led to a redeployment in 2006 with a reorganized bailiff staffing plan to ensure that bailiff staffing matches courtroom activity. The crosscharge of \$8,380,753 from the Sheriff's Department is a decrease of \$1,243,437 from the 2005 Budget.

In 2006, the Department of Audit will perform an audit of the bailiff services function provided by the Sheriff's Department to Combined Court Related Operations. The audit shall include a review of the crosscharge methodology used by the Sheriff to allocate costs.

Revenue for Guardian ad Litem services decreases by approximately \$1.0 million to \$975,352.

General Government

Administrative costs in the Treasurer's Office remain unchanged at \$250 per foreclosure and \$150 for delinquent property listings. These fees anticipate a total of \$6,500 in revenue, which reflects a \$3,500 decrease over 2005.

Interest collected on delinquent property taxes is reduced \$215,000, from \$1,450,000 to \$1,235,000. For 2006, the number of notices processed is anticipated at 4,000, 12,000 fewer than in 2005. These reduced figures are the result of an aggressive campaign to collect delinquent taxes in 2005, which created a surplus in this account in 2005 and reduced outstanding delinquent properties by 50 percent. Earnings on investments is expected to rise to \$4.42 million.

Public Safety

Office of the Sheriff: Discretionary program expenditures are reduced by \$1 million.

In 2005, the Sheriff's Office was designated the Public Safety Answering Point (PSAP) for cellular E-911 telephone calls in Milwaukee County. This designation made the Sheriff's Office eligible for State reimbursement of E-911 related expenses from 1999 through 2008. Reimbursements will begin in May 2006 and will continue for 36 months. It is estimated that Milwaukee County will receive approximately \$2.5 million over this three-year period. The 2006 budget request includes PSAP revenue of \$150,000 in the operating budget. The remaining \$400,000 anticipated in 2006 is available to offset capital budget expenditures.

The 2006 budget request increases the number of in-service training hours for Deputy Sheriffs and Correctional Officers from 24 hours to 40 hours. The current 24 hours of in-service training dictated by the State Training and Standards Board does not encompass sufficient information relative to case law, ethics, leadership and diminishing skills for physical tasks. Therefore, the 2006 budget includes 16 hours of overtime and 24 hours of straight time for in-service training for every Deputy Sheriff and Correctional Officer and 16 hours of overtime for Dispatchers and medical staff. In addition, an appropriation of \$50,000 is requested to bring in subject matter experts on ethics, professionalism and leadership. The 2006 budget request also includes \$95,920 to replace the firearms training simulator, \$110,000 for an emergency vehicle/patrol driving simulator and \$9,935 for dispatcher simulation training equipment.

House of Correction: In 2006 the House of Correction is budgeting to operate with six dorms closed based on actual population experience in 2005.

Medical Examiner: In 2006 the Medical Examiner will terminate its contracts to provide referral autopsy services to neighboring counties (with the exception of Fond du Lac County). As a result of the reduced workload associated with this initiative and to off-set the decrease in referral revenue of \$424,615, three positions are abolished and various expenditures are reduced.

Public Works

Department of Public Works: The 2006 Adopted Budget restructures the Department of Parks and Public Infrastructure (DPPI) and creates the Department of Public Works and the Department of Parks, Recreation and Culture. The Department of Public Works includes: Airport; Transportation Services; Architecture, Engineering and Environmental Services (AE&ES) Services; Highway Maintenance; Fleet Maintenance; and Facilities Management.

Transit: The 2006 Adopted Budget includes a fare increase on adult weekly passes/tickets and other passes and tickets that will generate approximately \$1,921,400 in net revenue. There are no route cuts and there are no increases for the elderly or disabled. The fare and service area for Transit Plus remain the same as in 2005.

Health & Human Services

Behavioral Health Division: The four hospital system partners have again agreed to provide \$500,000 in funding in 2006 to offset the costs associated with 16 crisis respite beds in the Behavioral Health Division. The hospitals have committed total funding of \$2,740,248 County-wide in 2006.

The State of Wisconsin initiated implementation of its Intermediate Care Facility – Mentally Retarded (ICF-MR) Rebalancing Initiative in 2005. This initiative is designed to relocate as many individuals with developmental disabilities as possible from intermediate care facilities to community-based settings. As a result, the number of licensed beds at the Hilltop intermediate care facility is reduced from 93 to 72. Expenditures for Hilltop are reduced by \$1,338,226 and revenues are also reduced by \$1,200,000. A total of 24.5 FTEs are abolished or unfunded as a result of this initiative, including 16 Nursing Asst 1, 2.5 Psychiatric LPN (MHC), 2 Registered Nurse 2- MH, 1 Developmental Disability Specialist, 1 Certified Occupational Therapy Assistant and 2 Unit Clerk positions.

County Health Programs: Total funding committed for GAMP administrative costs by the four GAMP hospital system partners is \$2,095,248. In addition, the hospital system partners have again agreed to provide \$500,000 to offset the costs associated with 16 crisis respite beds in the Behavioral Health Division, and Aurora Health Care has agreed to donate approximately \$80,000 of Occupational Health and Safety services for County employees and \$65,000 for the Nurse Call-Line. The hospital systems have specified that this total commitment of \$2,740,248 is contingent upon the provision of full funding of the GAMP medical expenditure budget in the 2006 Budget.

Aging: A principal challenge of operating the five County owned senior centers continues to be maintenance of the facilities. In 2006, \$300,000 is budgeted to begin to address the maintenance needs of the centers. Projects will be funded based on a long-range capital and operating plan, which will be established and managed by the Department and DAS-Fiscal Affairs. The Committee on Finance and Audit shall review and approve plans for the maintenance of the facilities prior to the expenditure of any of these funds.

Care Management Organization: Revenues increase by \$5,201,391. This reflects the increased per member per month capitated rate from the State that the CMO began receiving in January 2005 as well as increases for new members. The capitated rate in 2006 is slightly higher than the 2005 rate based on preliminary data given to the CMO by the State. Expenditures also increase by \$4,358,116 primarily in member services. The expenditure increase includes vendor rate increases varying from 3-4%.

Department of Health and Human Services (DHHS): The 2006 Budget reflects full occupation of the newly renovated Marcia P. Coggs Human Services Center. Overall space savings produced by the consolidation of DHHS staff at the Coggs Center total nearly \$1.3 million.

Total State Department of Corrections charges for juveniles placed into State custody by the Children's Court Judges are projected at \$20,977,304, a decrease of \$1,952,236 over 2005. This allows for \$11,355,120 of Youth Aids revenue to be used for community-based programs. DHHS – Delinquency and Court Services Division has been able to reduce the number of youth in more costly institutional care by providing a range of community-based alternatives to the Children's Court Judges.

Parks, Recreation & Culture

Department of Parks, Recreation and Culture: After five years of funding cuts to Parks, the 2006 budget holds the line for all programming expenditures. A minor increase of County funding for Parks is the result of changes made to fringe benefit costs and reallocation of positions due to the restructuring of DPPI.

A total of \$314,700 is budgeted for minor maintenance for Parks-owned facilities and equipment. Expenditures from this account are to repair: pools, playground equipment, athletic fields, catch basins, electrical systems, lighting, security systems, roofs and other various priority repairs.

In 2005, Parks entered a one-year agreement to partner with the Milwaukee Metropolitan Sewerage District (MMSD). MMSD provided beach cleaners and staff to clean debris from the surface and below surface at Bradford and McKinley Beaches. The equipment used by MMSD was on a lease-to-own agreement. Milwaukee County will purchase the beach cleaner for \$60,000 in 2006 to continue the initiative. This amount is budgeted in the DPW-Fleet Division capital budget.

The 2006 Budget maintains funding for Arts & Culture at the 2005 level. The Milwaukee County Fund for the Arts (CAMPAC) budget is increased by \$25,000 for additional Concerts in the Park programming in 2006.

Sundry Appropriations and Grants

Litigation Reserve Account: In 2006 a litigation reserve account is intended to provide a source of funds for anticipated costs arising out of the potential litigation to be brought by Milwaukee County relating to the pension benefit changes from 2000 and 2001.

Wage Supplemental Account: In 2006 a Wage Supplemental Account is created as a deposit account for anticipated expenditures and revenues from a new wage and benefit package approved by the Personnel Committee that will implement co-payments for healthcare services. This revenue will offset the anticipated increased costs of the wage and benefit package, estimated to cost \$4.5 million. The remaining funds drop to the County's bottom line.

Medicare Part D Revenue Account: In 2006 a Medicare Part D Revenue Account is created. Under the Medicare Prescription Drug Improvement and Modernization Act of 2003 and implementing regulations at 42 C.F.R. subpart R, plan sponsors (employers, unions) who offer prescription drug coverage to their qualified covered retirees, are eligible to receive a 28% tax-free subsidy for allowable drug costs. It is estimated that revenues to the County under this program will be approximately \$2,639,936. Because this is a new Federal program, formulas and benefit levels remain uncertain, as does the timeframe for receipt of the funds. Due to these uncertainties, it is recommended that any revenues derived through this program be deposited into the contingency fund and not budgeted to cover expenses.

Appropriation for Contingencies: The appropriation for Contingencies for 2006 is budgeted at \$9.3 million, an increase of \$4.4 million over the adopted 2005 budget. These funds are comprised of two major categories. The first is net revenue of \$6.7 million from existing Federal, State, and local sources less all County expenses. The second source is \$2.6 million in revenues Medicare Part D.

Human Resources and Payroll System: This fund is created to account for the adoption by the County Board and County Executive (File No. 05-145 (a)(a)) in July 2005 directing the Department of Administrative Services to execute a contract with Ceridian Corporation as the solution for a fully hosted payroll, human resources, and benefits management service. The \$3,596,000 budget includes \$2,346,000 in one-time implementation costs and \$1,250,000 in annual operating costs for 2006, \$539,400 of this amount will be provided by a crosscharge of county departments.

Capital Improvements

The 2006 Adopted Capital Improvements Budget includes an appropriation of \$1,560,000 for the purchase of 315 on-bus camera security systems for the Milwaukee County Transit System. This appropriation will retrofit the entire Milwaukee County Transit system fleet in 2006 (excluding buses purchased before 1998 that are close to retirement) thereby immediately improving the safety of Milwaukee County Transit System passengers and drivers.

The 2006 Adopted Capital Improvements Budget includes an appropriation of \$1,695,750 for the design for remodeling of the Bag Claim Building at General Mitchell International Airport. The design for the area will include a total renovation of the approximate 46,000 square foot existing building including the

heating ventilating and air conditioning (HVAC) system, a new roof, new lighting for the interior, new lighting for the exterior roadway, and other front sidewalk improvements.

The 2006 Adopted Capital Improvements Budget includes an appropriation of \$600,000 for the structural repairs and painting of the Mitchell Park Domes. These will be utilized to plan and design the structural repairs and begin the work to repair the deteriorating concrete frame and apex and paint the full frame and apex of the structures.

The 2006 Adopted Capital Improvements Budget includes an appropriation of \$250,000 for the Countywide Trail and hard Surface Replacement Program that will be used to replace the deteriorated sections of the trail and hard surfaces.

The 2006 Adopted Capital Improvements Budget includes an appropriation of \$299,400 for the Countywide Play Area Redevelopment Program that will be used to continue the replacement of aged, noncompliant playground equipment.

FUNCTIONAL AREA SUMMARIES

ADOPTED 2006 BUDGET

MAJOR FUNCTION: County-wide Non-Departmental Organization Units

DESCRIPTION

This function includes 11 non-departmental budgets which have a County-wide impact.

HUMAN RESOURCE AND PAYROLL SYSTEM

This fund is created to account for the adoption by the County Board and County Executive (File No. 05-145 (a)(a)) in July 2005 directing the Department of Administrative Services to execute a contract with Ceridian Corporation as the solution for a fully hosted payroll, human resources, and benefits management service.

OFFSET TO INTERNAL SERVICES CHARGES

The budget for the Offset to Internal Service Charges reduces total County expenditures and revenues by the amount of charges from internal service fund departments to other County departments. Without this adjustment, total County expenditures and revenues would be overstated.

LAND SALES

Revenue from the sale of surplus County properties was placed in a non-departmental account in 2004.

CHARGES TO OTHER COUNTY ORGANIZATION UNITS

This budget represents the offset to Central Service costs allocated to departments to show the full cost of operating a department.

POTAWATOMI REVENUE ALLOCATION

The Potawatomi Revenue Allocation budget includes \$4,500,000 in Potawatomi revenues the County is projected to receive in 2006. This budget also includes expenditures of \$1,388,523.

RETIREMENT SICK ALLOWANCE PAYMENTS

This budget is discontinued.

APPROPRIATION FOR CONTINGENCIES

The budget for Appropriation for Contingencies includes budgeted expenditures to be used for unanticipated County-wide emergencies or contingencies. A department must obtain approval from the County Board before these funds can be used to offset any budget shortfall.

EMPLOYEE FRINGE BENEFITS

The budget for Employee Fringe Benefits includes expenditures for employee health, life insurance and retirement benefits; retiree health benefits; and the Transit Pass Program. In prior years, these expenditures were included in this non-departmental account rather than in operating budgets. Beginning in 2002, these costs are primarily included in departmental budgets.

LITIGATION RESERVE

The litigation reserve account is intended to provide a source of funds for anticipated costs arising out of the potential litigation to be brought by Milwaukee County relating to the pension benefit changes from 2000 and 2001.

RECEIPT OF MEDICARE RELATED REVENUES

Under the Medicare Prescription Drug Improvement and Modernization Act of 2003 and implementing regulations at 42 C.F.R. subpart R, plan sponsors (employers, unions) who offer prescription drug coverage to their qualified covered retirees, are eligible to receive a 28% tax-free subsidy for allowable drug costs. It is estimated that revenues to the County under this program will be approximately \$2,639,936.

WAGES AND BENEFITS SUPPLEMENTAL ACCOUNT

This fund is created as a deposit account for anticipated expenditures and revenues from a new wage and benefit package.

CAPITAL OUTLAY/DEPRECIATION CONTRA

The Capital Outlay/Depreciation Contra budget includes entries to offset the cost of depreciation and to reflect the cost of purchasing fixed assets for proprietary fund departments. These entries are required to budget for proprietary fund departments in accordance with Generally Accepted Accounting Principles (GAAP) without including inappropriate charges in the property tax levy.

As of December 31, 2005, the County had general obligation bonds outstanding totaling \$473,952,711. Debt outstanding on December 31, 2005, represents 16.7 percent of the County's \$2,360,081,589 constitutional debt limit.

On July 21, 1994, the County Board of Supervisors adopted several debt management and capital financing policies or goals. These policies included a requirement that the County Executive's annual recommended budget include a summary of the impact that borrowing proposals contained in the recommended budget would have on various measures of debt affordability. The policies also established limitations on capital improvement borrowing by requiring an increase in project pay-as-you-go cash financing.

Policy Goals

1. Tax supported debt service costs shall not exceed actual sales and use tax revenue.
2. Cash financing for capital improvements shall provide for a minimum of 20 percent of County financed project costs. (This goal will be implemented over a ten-year period by increasing minimum cash financing by 2.0 per cent annually beginning with the 1995 budget.)
3. Direct debt shall not exceed 1.5 percent of equalized property value.

4. Financing terms shall not exceed 16 years for corporate purpose projects and 20 years for airport projects.
5. Average principal maturities shall not exceed ten years for corporate purpose projects and 12.5 years for airport projects.
6. Net present value savings for proposed advance refundings should total a minimum of three percent to five percent of refunded principal.
7. Direct debt per capita shall not exceed \$500.
8. Bond insurance will be used when it provides a net economic benefit.
9. County corporate purpose bond issue increases will be limited to a principal amount of no more than \$1 million over the principal amount of the previous year's corporate purpose bond issue.
10. Corporate purpose bond issues for 2008 and forward are limited to a principal amount of \$30 million plus three percent per year for inflation.

Debt Issue Expense

The County budgets tax levy of \$11,500 to finance costs associated with the issuance of its general obligation bonds that are not eligible for bond financing or costs associated with proposed bond financings that for various reasons are not issued.

MAJOR FUNCTION: Revenue Section

DESCRIPTION

The revenue budgets contributing to this functional area are Property Taxes, Earnings on Investments, State Shared Taxes, State Exempt Computer Aid, County Sales Tax Revenue, Surplus (or Deficit) from Prior Year, Unclaimed Money, Power Plant Revenue, Other Miscellaneous Revenue and Potawatomi Revenue.

These non-departmental revenues are not attributable to any specific operating department or fund of the County and are therefore budgeted in the County's general fund. The \$10,204,100 increase in 2006 revenues for this section represents an increase of 3 percent. The increase is largely driven

by revenue increases of \$6,708,866 in Property Taxes, \$2,247,760 in County Sales Taxes, \$1,980,624 decrease in the Surplus/Deficit for the prior year and \$700,000 in Miscellaneous Revenue. Revenue increases have been offset by decreases of (\$1,088,158) in Earnings on Investments, (\$44,444) in Power Plant Revenue, \$31,716 in State Shared Revenue, (\$268,832) in State Exempt Computer Aid, and (\$333,877) in Unclaimed Money. See the table on the following page for details of actual and budgeted amounts for the various revenue sources.

PROPERTY TAXES

Pursuant to Section 59.60 of the Wisconsin Statutes, to determine the property tax levy requires: the total estimated expenditures less the estimated amount of revenue from other than property tax sources and the amount of any surplus at the close of the fiscal year next preceding which has not been legally appropriated during the current year. Section 59.605, Wisconsin Statutes imposed a property tax rate limit on Wisconsin counties, effective August 12, 1993. Separate limits were imposed for operating levy rates and debt service levy rates. Initially, the baseline for the rate limit was the 1992 actual tax rate adopted for 1993 budget purposes. The County may not exceed these operating and debt levy rate limits unless one or more specified conditions apply, as described in the statute. Section 59.605 also establishes specific penalties for failure to meet the limit requirements. Among the penalties for exceeding the limits are reductions in state shared revenues and transportation aids.

Effective July 27, 2005, Section 66.0602, 2005 Wisconsin Act 25 Local Levy Limits has been enacted so that no city, village, town or county may increase its levy in any year by a percentage that exceeds the political subdivision's valuation factor. The "valuation factor" means a percentage equal to the percentage change in the political subdivision's January 1 equalized value due to new construction minus improvements removed between the previous year and the current year but not less than two percent.

POWER PLANT REVENUE

The Power Plant Revenue budget serves as a depository for power plant revenues when sales tax revenues exceed the necessary amounts to retire debt or finance capital improvement projects.

EARNINGS ON INVESTMENTS

Pursuant to Sections 66.04(2) and 219.05, of the Wisconsin Statutes, a county has the authority to invest any of its funds not immediately needed in time deposits of a bank, credit union, trust company or savings and loan association, or in bonds or securities issued or guaranteed as to principal and interest of the U.S. Government, federal agency and instrumentality securities, highly rated corporate securities or repurchase agreements.

STATE SHARED TAXES

Pursuant to Chapter 79, Wisconsin Statutes, the State apportions shared revenues to counties on the basis of the previous years amount and the value of utility property (at three mils times the equalized value for incorporated areas within a county).

STATE EXEMPT COMPUTER AID

Pursuant to 1997 Wisconsin Act 237, business computers are exempt from being subject to property taxes beginning with the 1999 property tax levy collected in 2000. The Act also provides for a State aid payment to offset the loss of taxable property.

ADOPTED 2006 BUDGET

MAJOR FUNCTION: Revenue Section

COUNTY SALES TAX REVENUE

Pursuant to the provisions of Section 77.70 of the Wisconsin Statutes, counties may enact a 0.5 percent sales and use tax. The tax is typically imposed on the same goods and services as the State's 5.0 percent sales tax. Milwaukee County Ordinances require that sales tax revenues be used to pay for debt service costs and capital improvement financing. The net sales tax revenue, earmarked for debt service, is included in this non-departmental budget.

On June 18, 2003, the County Board of Supervisors approved Resolution File No. 03-263(a)(a), which modified Section 22.04 of the General Ordinances so that surplus sales and use tax revenues can be used to pre-fund employee benefit costs or fund anticipated or extraordinary annual increases in such costs or supplement the Appropriation for Contingencies.

SURPLUS (DEFICIT) FROM PRIOR YEAR

Pursuant to Section 59.60(3m), Wisconsin Statutes, every accounting and budgeting procedure applied under this section shall comply with generally accepted accounting principles for government, as promulgated by the Governmental Accounting Standards Board.

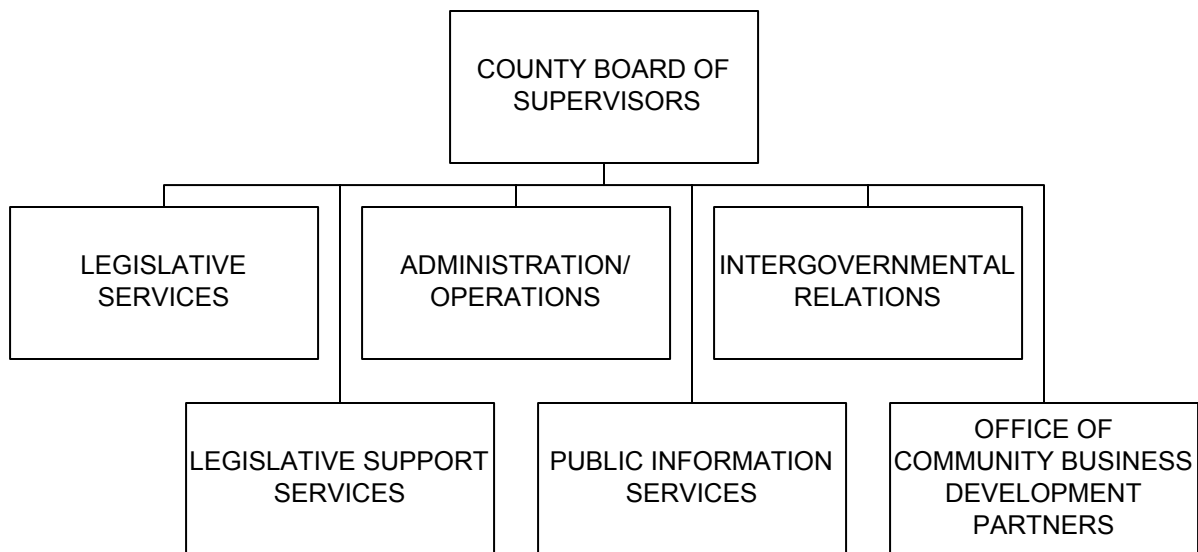

UNCLAIMED MONEY

Pursuant to Section 59.66 of the Wisconsin Statutes, the County Treasurer is to publish a notice of the fact that the Treasurer's Office possesses unclaimed money. If no legal claim is made within the time specified in such notice, all funds and interest earned are to be turned over to the general fund of the county treasury.

OTHER MISCELLANEOUS REVENUE

Pursuant to Section 59.60, Wisconsin Statutes regarding submission of annual budget estimates, an estimate of revenue from all other sources is included in the budget.

MISSION

The mission of the Board of Supervisors is to ensure a responsive, accessible and accountable government for the people of the County of Milwaukee, and to establish County policies that enhance self-sufficiency, personal safety, economic opportunity and quality of life.

DEPARTMENT DESCRIPTIONLegislative Services

The Milwaukee County Board of Supervisors is a body of 19 legislative representatives elected by residents of 19 supervisory districts in the County. Legislative Services includes 19 Board members who elect from their body the Chairperson of the Board and the First and Second Vice Chairpersons. Also included are individually assigned positions of Legislative Assistant. Upper management of all County Board services is the responsibility of the Chairperson of the County Board, who also functions as the department head.

The Board's primary power is to determine policy and direct County government through the adoption of ordinances and resolutions. As such, the Board establishes programs, services and laws for the County. Among the Board's most important means of establishing policy is the adoption of the annual

County budget. The Board conducts its business through eight standing committees, various subcommittees and task forces.

At the committee level, members hear testimony from Supervisors proposing legislation and requests from departments and outside agencies regarding policy changes. The public is also afforded the opportunity to speak to committees on an issue. Committee members may amend legislation to reflect the will of the committee and then vote on it. Committee recommendations are sent to the County Board with a recommendation for approval or rejection. The full Board may further amend the resolution or ordinance, or may lay it over or send it back to committee for additional study and referrals of questions. The full County Board then votes on a measure, accepting or rejecting it.

Legislative Support ServicesResearch Services

Duties include specialized research analyses and studies for specific standing committees, subcommittees and other special committees of the County Board and preparation of resolutions, ordinances, and fiscal notes. Research staff is involved annually in the review, analysis and

Primary responsibilities are to enter, in appropriate files kept for that purpose, a complete record of all committee meetings, including attendance, appearances for and against pending matters, and to record and prepare minutes of meetings. These include all motions made, by whom, and how each member voted upon each matter considered, together with a final action by the committee.

Public Information Services

Duties include the provision of information to the public through all written and visual media, including newsletters, press releases, press relations, community outreach, web site development, etc. Public Information Services also includes management of information technology requests, reception and constituent services.

Administration / Operations

Functions include general administration, departmental information technology systems, budget and accounting, fiscal monitoring, purchasing and clerical support.

Intergovernmental Relations

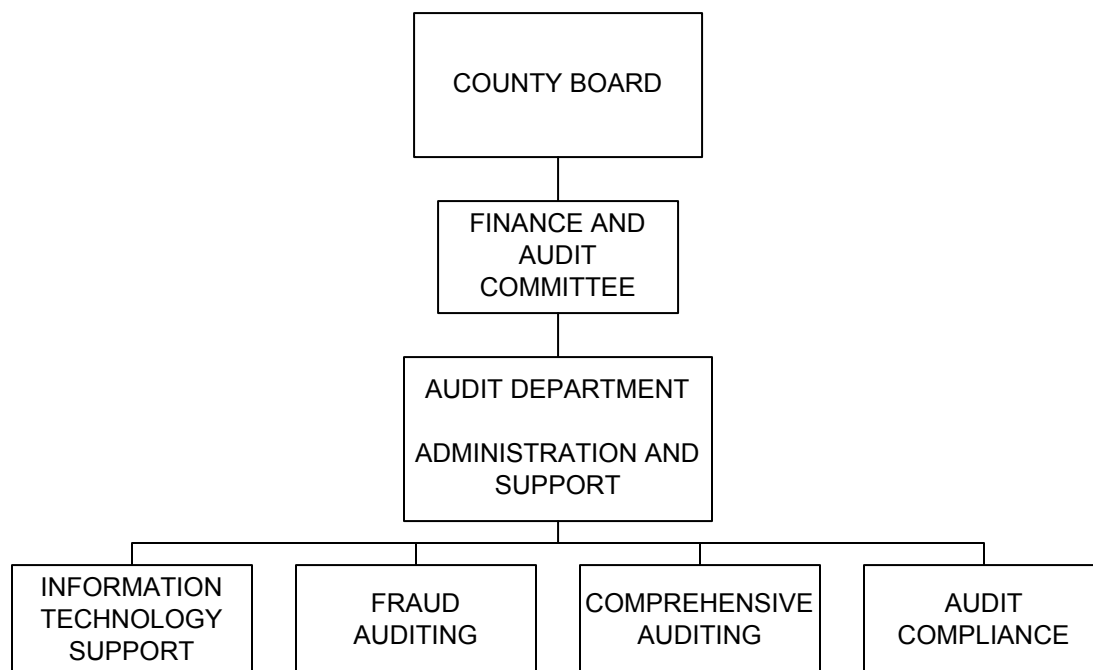

The Intergovernmental Relations Division is a function within the budget of the County Board to reflect the County Board's overall legislative and policy oversight function.

Intergovernmental Relations assists in coordinating and developing a legislative package and budgetary agenda for Milwaukee County, which defines areas where modifications to State and Federal legislation should be developed and introduced. Intergovernmental Relations also communicates and works with State and Federal officials to enact the County's legislative and budgetary package.

An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severally liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

PERSONNEL REVIEW BOARD

ADOPTED 2006 BUDGET**DEPT:** PERSONNEL REVIEW BOARD**UNIT NO.** 1120**FUND:** General - 0001**OPERATING AUTHORITY & PURPOSE**

Pursuant to Chapter 33 of the Milwaukee County Ordinances, the Personnel Review Board consists of five members functioning as a quasi-judicial body to review all disciplinary charges filed by appointing authorities or other persons authorized to file charges alleging that an officer or employee in Milwaukee County classified service has acted in such a manner as to show them to be incompetent to perform their duties or to have merited discipline, demotion, or discharge pursuant to State Statute 63.10 or 63.12; to hear all appeals by non-represented County employees of rulings made in the final step of the established County grievance procedure; to act as final arbitrator over grievances not appealed to arbitration under Union labor contracts; and to act as the "Independent Fact Finder" to determine whether violations of the Ethics Code exist in all cases referred to the Personnel Review Board by the Ethics Board, pursuant to Chapter 9 Code of Ethics, Milwaukee County Ordinances. The Board also reviews the rules, practices and procedures of the Civil Service Commission.

OBJECTIVES

1. To conduct discipline, grievance, and Ethics Code violation hearings in the highest professional, effective, efficient and equitable manner possible.
2. Board members and the Executive Secretary will continue to provide research pertaining to laws, court rulings, arbitrator decisions and personnel trends.
3. The Board will continue to maintain its reputation of being an open and fair citizen hearing body in all cases as regulated by governing statutes and ordinances and, thereby, minimize the chance that their rulings will be overturned on appeals with consequent exposure to liability for the County.
4. The Board will continue to be responsive to the needs of both management and employees resulting in increased productivity in the County personnel system.

MISSION

It is the mission of the Office for Persons with Disabilities to effectively employ Milwaukee County and community resources to assure that people with disabilities share equally in programs, services and facilities of the County. The Office will provide high quality, responsive services that enhance self-sufficiency, personal safety, economic opportunity and quality of life for all people with disabilities.

DEPARTMENT DESCRIPTION

The Office for Persons with Disabilities includes the following functions: Employment, Transportation, Accessibility, Sign Language Interpreting and Recreation.

Employment includes administering and implementing the Disabled Expanded Certification Appointment (DECA) program, as well as providing job accommodation consultations and the Job Relocation Program to Milwaukee County departments and employees with disabilities.

Transportation involves the assurance of appropriate specialized transportation for people with disabilities. Assistance is provided with problem solving, advocacy and consumer planning through the Transit Plus Advisory Council.

Accessibility consists of the review of building/remodeling plans being put forth by departments for their facilities to assure compliance with accessibility standards. This is accomplished through physical site surveys as well as architectural plan reviews and technical guidance. In addition, this function also involves working with other departments in upgrading their level of accessibility offered to citizens with disabilities.

Sign Language Interpreting comprises the coordination and provision of sign language interpreting for all County departments to citizens who are deaf/hard of hearing. It also coordinates and provides assistance to County departments with such technology as TTY's and Assistive Listening Devices, and telephone relay services.

Recreation is responsible for the creation and assured provision of integrated recreational programming in Milwaukee County for citizens with disabilities in Milwaukee County and other venues, and includes the management and operation of two center-based recreational facilities, Wil-O-Way Grant and Wil-O-Way Underwood.

The department also provides other activities such as, but not limited to, the distribution of two informational newsletters (Handi-NEWS & NOTES and Access Update), disability-related training to Milwaukee County departments and the public and the distribution of tickets to people with disabilities for the Admirals, Brewers, Bucks, Wave and Holiday Folk Fair.

BUDGET HIGHLIGHTS

- Personal services without fringe benefits decreases by \$21,488 from \$291,431 to \$269,943, by shifting funds for the vacant Coordinator of Hearing Impaired Services, which will remain vacant for the year, into contract services.
- In 2006, the office projects increased revenue of \$43,500 from \$63,500 to \$107,000. This realistic increase is based on modest increases in Wil-O-Way rental income and Key Card proceeds. The major revenue increase of \$38,500 is based on accounting for Wil-O-Way summer Camp gifts and donations.
- The production of the Handi-News & Notes Newsletter is primarily converted to electronic formats. This has significantly reduced production and distribution costs. Postage costs are reduced \$9,000 from \$11,250 to \$2,250.
- The contractual services appropriation for interpreters increases \$47,680 from \$88,544 to \$136,224 based on experience. The cost of the interpreters is charged to user departments through the Office for Persons with Disabilities cross charge. A cross charge increase of \$37,000 reflects increased utilization trends and cost requirements of interpreting personnel.
- Housekeeping service fees, waste disposal, electricity and natural gas costs for the Wil-O-

Way sites increase \$3,900 from \$73,100 to \$77,000 based on anticipated increased costs.

- In 2006, there is a \$56,000 in expenditure for transportation, non-County employees. The office has assumed responsibility for transportation for the Wil-O-Way Summer Day Camp. This is funded through \$25,000 in grant from Disabilities Services Division and application of fees from campers. The remaining \$8,500 supports transportation for Transit Plus eligibility assessment appointments for individuals without other transportation options.
- The position of Administrative Secretary CIHI (Sign Language Interpreter) remains unfilled. The duties are continuing to be provided by existing staff.
- To meet the office's responsibilities to ensure accessibility in County owned and operated facilities, \$150,000 is appropriated for maintenance of accessibility-related assets. Implementation of this maintenance program will be coordinated by the department and the Department of Administrative Services – Fiscal Affairs.
- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severely liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

MISSION

Human Resources will negotiate and administer responsible and cost-effective collective bargaining agreements for Milwaukee County and will provide Milwaukee County government with an equitable and effective system for the recruitment, classification, development, and retention of a competent and culturally diversified workforce through the timely creation of appropriate eligibility lists; the maintenance of competitive compensation, benefits and pension programs; the training of County employees; and strict adherence to Federal, State and County laws, regulations and policies.

DEPARTMENT DESCRIPTION

The Department of Administrative Services-Human Resources includes the following sections: General Office, Labor Relations and Employee Retirement System/Benefits.

The **General Office** has three sections, the Director's Office, Workforce Development and the Departmental Services Section.

The *Director's Office* directs human resource programs, assigns projects and coordinates the work of the operating sections; submits the annual departmental budget; presents all Department recommendations to the Civil Service Commission and the Personnel Committee of the County Board; serves as staff to the Personnel Committee; analyzes and reports on legislation affecting the human resource function in Milwaukee County; directs the implementation of the automated personnel system; provides support and assistance

in labor contract negotiations; and provides analysis, recommendations and implementation of new approaches to human resource administration. The Director of Human Resources serves as ex-officio member of the Pension Board, and delegates the Deputy Director to serve as secretary of the Civil Service Commission. A key function of this office is workforce planning. Workforce planning forecasts and identifies the County's human resources requirements, and develops the recruitment and training strategies necessary to meet them. Activities include the assessment of County recruitment and training needs and priorities; the planning, coordination and direction of recruitment activities and staff development programs.

Employee Benefits provides ongoing analyses of all current employee benefits and new benefit options while administering the Conventional Medical and Dental Plans, Health and Dental Maintenance Organization Plans, Basic and Optional Life Insurance Plans, Short-term Disability Insurance, Medicare and the Dependent Care Voucher Reimbursement Program. The Section maintains enrollment records for active and retired employee members and their dependents; confers and corresponds with County officials, employees, retirees, the public and industry-related agencies regarding benefits programs; monitors our providers on medical and dental claim payments and utilization review services; administers special projects relating to cost-containment and employee wellness; and directs the Employee Assistance Program for personal/behavioral/medical problems affecting job performance.

Workforce Development plans and coordinates staff development programs and assists other County departments with specialized training applications. This unit also assists in the design and implementation of the County's affirmative action and equal employment opportunity programs to maintain a diverse workforce. Activities include compiling information on the status of various protected groups in the County classified and unclassified service; reviewing class specifications to ensure compliance with equal opportunity guidelines, and developing reports necessary to comply with State and Federal requirements and the Federal Court Order.

The *Departmental Services Section* reflects a centralized administrative services model based on the Department of Administrative Services reorganization plan. Teams of human resource professionals are re-deployed into departments to serve major functional areas.

Departmental Services also develops, administers and monitors employee selection processes for all positions in the Milwaukee County Classified Service and, upon request, for positions in the unclassified service. This effort includes the assessment of job specifications and minimum qualifications; the development and administration of applicant examinations; and the certification of qualified candidates to department heads and appointing authorities. Implicit in this activity is the responsibility of administering employee selection in compliance with prevailing Milwaukee County, State, Federal and labor-negotiated parameters, any or all of which may impact related hiring procedures, e.g., transfer, layoff, promotion, demotion, reinstatement, and salary adjustment obligations. In addition, the Section is responsible for activities supporting the retention of employees within the Milwaukee County Classified Service, as well as the maintenance of appropriate records and reports.

Labor Relations negotiates and administers all collective bargaining agreements, establishes labor relations training programs for supervisory staff and conducts all procedures ordered by the Wisconsin Employment Relations Commission, U.S. Department of Labor, or the Wisconsin Department of Workforce Development. All matters relating to labor relations introduced to the County Board are normally referred to Labor Relations for recommendation. In addition, the Section may, under the direction of the County Board Personnel Committee, carry out those procedural responsibilities delegated to that committee by

Chapter 80 of the Milwaukee County General Ordinances, and annually review the wages, hours and conditions of employment of all employees not represented for purposes of collective bargaining, and submit recommendations thereon to the County Board of Supervisors each year for the following year. This Section studies requests for reallocations, changes in compensation policies and practices and calculates the fiscal impact of these actions; maintains current and classification standardization schedules; maintains salary provisions mandated by labor contracts or County Ordinances; maintains and implements provisions of the Executive Compensation Plan; and prepares changes to County Ordinances reflecting various personnel actions.

Employee Retirement System (ERS) administers the Milwaukee County Employee Retirement System (ERS), manages the funds of the Retirement System in accordance with Pension Board actions, and maintains the general ledger and related books of the Retirement System. The unit also maintains enrollment, service and salary records for Retirement System members; calculates retirement and death benefits; processes monthly pension payroll; and prepares withdrawals for terminating members. The ERS Manager serves as Secretary of the Pension Board.

BUDGET HIGHLIGHTS

- Personal Services expenditures without fringe benefits decrease by \$34,573, from \$2,830,595 to \$2,796,022. Funded positions decline by .2 from 53.3 to 53.1. In an effort to improve office efficiency and expedite staffing requests made by other departments, five vacant positions are abolished and replaced with one Employment Relations Manager in the Director's Office.

Since 2003, Human Resource's has been paying the full salaries of six positions (position numbers 76550, 77030, 00019, 65840, 00019, 06980) assigned to other departments and agencies. The charges for these six employees for 2006 would amount to a decrease of \$617,138 in expenses for DAS-Human Resource's. However, the requested 2006 budget maintains the status quo and these six positions are again not cross-charged out to the host departments and agencies. DAS-Fiscal will undertake a review of these crosscharges in 2006 to determine the appropriate alignment of expenses.

- Revenue derived through administrative charges for COBRA health insurance processing is reduced from the 2005 level of \$34,000 to \$2,800. This reduction reflects the removal of per account administrative fees charged to users. The \$2,800 represents 2% of account premiums.
- The Retirement System is crosscharged \$115,224 by IMSD for one position dedicated to implementing the new system.
- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred

against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severally liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

The unit is responsible for internal service fund accounting and cost allocations to departments. County-wide loss control activities are also administered by this section.

The **Self-Insurance Section** is responsible for property, general and automobile liability claim reporting, loss analysis, claim data and financing of self-retained losses.

The **Insurance Policy and Services Section** is responsible for selection of brokers, requests for proposals, determination of deductibles, limits and coverage, researching the market and negotiating with brokers and companies for bundled and unbundled insurance services.

The **Claims Management Section** is responsible for administering the Workers' Compensation claims of employees who sustain job-related injuries for medical-only and lost-time claims, and coordination of the return-to-work program. In addition, a database is maintained for all claims.

BUDGET HIGHLIGHTS

ADMINISTRATION

- Personal Services expenditures without fringe benefits increase by \$16,004, from \$347,452 to \$363,456. Funded positions increase by .3 positions due to the Employee Safety Coordinator position increasing to full time and vacancy and turnover adjustments.
- Direct revenue is budgeted at \$188,706, comprised of \$63,706 Milwaukee Public Museum insurance premiums and \$80,000 of projected dividends from Wisconsin County Mutual, \$22,500 from the Safety Trust Fund, \$15,000 from subrogation recoveries, and \$7,500 from claims reserve from the Local government Property Insurance Fund (LGPIF).
- All departments are required to operate within their expenditure appropriations and their overall

budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severely liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

SELF-INSURANCE

- Expenditures for property, general and automobile liability claim reporting, loss analysis, claim data and financing of self-retained losses decreases \$2,700 to \$860,300.

INSURANCE POLICY AND SERVICES

- The cost of fiduciary insurance for the Pension Board is being paid directly by the Pension Board rather than through Risk Management.
- Insurance purchases for property, fine arts and airport liability are reduced \$128,663. This is offset by an increase in workers' compensation medical benefits of \$90,866.

CLAIMS MANAGEMENT (WORKERS' COMPENSATION)

- Workers' Compensation self-insurance expenditures increase \$90,866 due to increased cost of health care, which is partially offset with a reduction of \$7,828 in claims expense for a net increase of \$83,038. This expense is charged out to County departments.

MISSION

Provide quality, efficient and responsive financial services and administrative business functions to the County Executive, County Board and County departments to enable the delivery of financially sound and effective services to the community.

DEPARTMENT DESCRIPTION

Administration. The Director is responsible for coordinating the operations of the divisions, including Procurement, Information Management Services, Fiscal Affairs which includes Risk Management, and Human Resources which includes Labor Relations. Also reporting to the Director are the Office for Persons with Disabilities and Economic and Community Development.

The primary responsibilities of the **Fiscal and Strategic Services Section** are budget preparation and control for both operations and capital. All budget requests are analyzed with recommendations submitted to the County Executive. Assistance is provided both to the County Executive in preparing and presenting the Executive Budget, and to the Finance and Audit

Committee in its review of the County Executive's recommended budget, including the preparation of budget amendments approved by the Finance and Audit Committee and the County Board. During the year, all appropriation transfer requests are analyzed and a recommendation submitted to the County Executive. In conjunction with the Accounting Section, County departmental accounts are analyzed to determine potential expenditure deficits or revenue shortfalls, with department administrators required to submit a corrective plan of action. Other major duties include (a) the study of all new position requests, with reports and recommendations submitted to County Board committees; (b) fiscal studies for the County Executive and County Board committees, including fiscal impact of legislative bills; and (c) special studies for the County Executive and County Board committees.

Central Accounting functions include Accounting Administration, Accounting, Accounts Payable and Payroll. A brief description of the responsibilities of each area follows:

ADOPTED 2006 BUDGET

DEPT: DEPARTMENT OF ADMINISTRATIVE SERVICES-
ADMINISTRATION & FISCAL AFFAIRS DIVISION

UNIT NO. 1151
FUND: General - 0001

Accounting Administration is responsible for the overall management and coordination of Central Accounting activities, the development of special studies and reports and technical assistance to both Central Accounting and other County departments and the publishing of the Comprehensive Annual Financial Report and the Single Audit Report.

Accounting is responsible for the timely and accurate preparation of County-wide monthly financial reports, publication of the Comprehensive Annual Financial Report, the State of Wisconsin Financial Report Form, and the Single Audit Report and development of the indirect cost allocation plan. In addition, Accounting is responsible for adherence to Generally Accepted Accounting Principles (GAAP), the development and maintenance of the Advantage financial information system, the fixed-asset system and the grant system, conducting budget performance reviews on an ongoing basis to identify potential year-end deficits so that problems can be resolved in a timely manner, and ongoing training and technical assistance to departments.

Accounts Payable is responsible for establishment of County-wide payment procedures, coordination with the Procurement Division, encumbrances of purchases, payment of vendor invoices, development and maintenance of the accounts payable system, and technical assistance to departments. In addition, Accounts Payable monitors payments to ensure that purchasing regulations have been followed by departments and unencumbered appropriation balances to ensure that the County has sufficient appropriations available for each payment.

Payroll is responsible for establishment of County-wide payroll procedures, coordination with the Division of Human Resources, preparation of payroll checks, maintenance of all earnings and deductions records, ensuring that County payroll practices meet Federal, State and contractual requirements, filing of all required Federal and State reports on a timely basis, and the development and maintenance of the payroll system.

BUDGET HIGHLIGHTS

- Personal Services expenditures without fringe benefits increase by \$2,678 from \$2,552,547 to \$2,549,869. Funded positions decrease 1.3 from 45.9 to 44.6.

One position of Accountant 2 and one position of Accountant 1 are unfunded. A current year action that resulted in the creation of an Accountant 4 position along with ongoing automation efforts results in the ability to unfund these two positions in 2006. This results in a tax levy decrease of \$76,644 not including fringe benefits.

- In an effort to generate greater financial efficiencies, while maintaining and enhancing current effectiveness, DAS-Fiscal is unfunding a Fiscal Specialist and Fiscal Assistant for a salary and social security savings of \$61,374.
- Professional services are increased \$162,800, \$62,800 reflects the need to obtain contract services for financial automation efforts undertaken in DAS-Fiscal as well as to provide administrative support for the BRASS budgeting system. \$100,000 is added for contract services in DAS Administration for a study of the current pension system structure, in conjunction with the Committee on Personnel and the County Board, and to provide options for modification of the pension system to the County Board for consideration in 2006.
- Commodity costs increase \$19,292 to allow for the purchase of software and materials needed for increasing fiscal automation efforts.
- Direct revenue decreases \$25,000 offset by an increase in crosscharge abatement. This reflects a realignment of expenses with revenues from MCAMLIS since MCAMLIS is now managed within the County by A&E.
- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance

INFORMATION MANAGEMENT SERVICES DIVISION

FUND: Internal Service - 0026

MISSION

IMSD's objectives are to support Milwaukee County's technology needs for the 21st century and lead the development and execution of an IT strategy that accelerates Milwaukee County's leadership in the state.

DEPARTMENT DESCRIPTION

The Information Management Services Division (IMSD) of the Department of Administrative Services consists of three customer service areas and one administrative area: Applications Services, Technical Support and Infrastructure, and Document, Distribution and Records Services. The administrative area is Support Services.

Technical Support and Infrastructure is further divided into three subgroups: Technical Support, Telecommunications (data and voice), and Radio Communications.

Support Services is divided into two subgroups: Fiscal and Policy Compliance Services, and Administrative Support

The **Application Services** Area supports software applications on a variety of platforms including mainframe, servers, Internet and desktops. This Area is responsible for analyzing applications needs, as well as modification, maintenance, support and training for the County's software.

Examples of applications include the Lotus Notes email, database and workflow system, the Intranet, the Criminal Justice Information System, the Advantage System for financial and budgeting functions, AIMS90 the Job Applicant Information Tracking System, GENESYS for payroll and personnel, the Juvenile Information Management System, Photo-Fingerprint System, Paramedics database, and human services client and payment tracking systems (SIMPLE/SCRIPTS). IMSD also supports specialty applications in departments including Cobra, Affirmative Action, Fleet Anywhere, E-Recording at the Register of Deeds, Point of Sale at the Zoo and the Parks, and the Call Center System at the Department of Health and Human Services and Child Support.

Applications Services also manages Internet content and presentation consistency for the County's web pages, as well as departmental web pages, and coordinates the overall effort of implementing electronic commerce (e-commerce) applications.

The **Technical Support and Infrastructure Services** area provides research, acquisition, installation, maintenance, training and support services for multi-department, complex, local-area-network-specific and desktop operating systems, hardware and standard software countywide. The group also installs and maintains the County's telecommunications infrastructure (cabling, telephones, 800 MHz public safety radio system) and implements and administers information technology standards countywide.

This Area is divided into three subgroups: Technical Support, Telecommunications Services (cabling and voice) and Radio Communications.

Technical Support Services focuses on the implementation, management and maintenance of the infrastructure (hardware and operating systems) that supports the County's applications. The group:

- Provides help desk services for County departments
- Conducts short-term and long-range capacity planning
- Identifies and implements system performance improvements
- Maintains connectivity to other agencies' data centers, mainframes, and servers
- Coordinates hardware and software installation and maintenance
- Ensures the smooth operation and around-the-clock availability of the County's website, and other systems such as the Wide Area Network (WAN) and its enterprise server (mainframe), and job production, coordination of equipment maintenance and monitoring the data center environment

Telecommunications Services administers the County's voice communications system, including the telephones, cellular and pager programs, and the telephone communications environment, systems and equipment. This group assists departments in acquiring additional or modifying

existing telephone service, coordinates the installation of departmental telephone and data cabling, and administers the telecommunications service contracts. The group also manages the County's wide area transport and its connection points.

Radio Communications Services provides administration of the County's 50-plus Federal Communications Commission (FCC) frequency licenses, the County's installed radio equipment and transmission facilities, and the conventional and 800 MHz trunked radio systems. This group also manages the intergovernmental agreements with several municipalities within Milwaukee County for the shared use of the 800 MHz radio system.

The ***Document, Distribution and Records Services*** Area provides mail services for departments, consultation to County departments for effective records management, and administers the central Records Center, an off-site storage for departmental records that are required to be retained.

The ***Support Services*** Area is divided into two subgroups: Fiscal and Policy Compliance, and Administrative Support.

Fiscal and Policy Compliance provides overall direction, coordination and planning for effective fiscal management, and policy compliance including contract monitoring, responses to audit requests and implementing County resolutions.

Administrative Support provides overall support of IMSD's operating requirements, such as recruitment, payroll processing, purchasing management and clerical support. Administration manages interns who provide entry-level information systems support to IMSD.

Administration continues to implement a Program Management Office (PMO) to instill project management discipline and improve on project delivery in terms of time and budget. The objectives of the PMO are:

- Ensure alignment of IT Projects to strategic Milwaukee County organizational needs

- Establish PMO standard processes, tools and procedures and consult on how to follow PMO standards
- Govern PMO standards to ensure quality and consistency
- Establish and maintain project portfolio
- Integrate project management into Milwaukee County Divisions
- Build competent and productive project teams
- Implement consistent, formalized project management
- Align LEAN Six Sigma knowledge sharing and process application with IMSD goals and objectives

Customer Services are the responsibility of all employees, with oversight by the leadership team.

BUDGET HIGHLIGHTS

- IMSD continues to provide centralized management of the County's IT resources. IMSD's baseline functions that keep the County's systems running include:

Computer Operations
Help Desk and Problem Resolution
Network Management
Virus Containment
Email, Intranet, Web Pages
System Testing and Change Control
Applications Maintenance
Telephone, Cell Phone and Radios
Document Printing
Mail Distribution
Record Management
Hardware and Software Maintenance
Connectivity including Internet Access

- Personal services without fringe benefits increase by \$81,737 primarily due to step increases in personnel salaries. Funded positions decrease by .3 of a position from 99.3 to 99.0.
- Total personal services are funded at 88.3 percent, an increase of 2.4 percent. Five vacant positions were abolished, which reduces the amount budgeted in personal services lump-sum. Because of the savings that this action

provided, one new position is created to provide improved management oversight.

- Upon approval by the MCAMLIS board, MCAMLIS will fund \$103,594 for one Network Applications Specialist position that will be dedicated to the Register of Deeds Office for the purpose of developing and maintaining a computerized index of land records and making this information available on the World Wide Web.
- An existing full-time Business Systems Project Manager position is funded by the retirement system to manage the implementation of the new pension administration system.
- One Management Assistant, Document Services has been transferred to the House of Corrections. This is due to the transfer of responsibilities to that department. The position will be abolished upon transfer and replaced with a Printshop Customer Service position.
- Since major assets purchased during Y2K are now fully depreciated, the funds are now appropriated towards addressing the increasing amount of technological needs of County departments.
- An appropriation of \$223,144, an increase of \$170,000, is provided for the purchase of information technology equipment to address equipment failures and meet department requests that cannot be funded through the capital projects. In 2005, equipment failures included routers and a phone shelf, voicemail, and application servers for various County departments. The failure of this equipment can critically impact revenue collection by departments who rely on technology, such as the Park's electronic golf reservation system.
- The County information technology infrastructure has changed considerably over the past few years as older systems are upgraded to newer platforms. IMSD is structured to support the older legacy systems in the County. When vacancies occur in those areas, IMSD's strategy is to hire staff with newer skill sets, enabling the Division to support the new technology and platforms. Contractual

services will then be used to support legacy systems. \$300,000 is budgeted for this purpose.

IMSD plans to move legacy systems used countywide from a mainframe environment to a networked server environment. Business Analyst skills will provide strategic planning, document process flows, and prepare use cases and test plans for systems such as the Human Resources Information System (HRIS).

In order to improve phone support to customers daily, IMSD will contract with an outside provider as a first level help desk when current staffing levels decrease.

Additionally, IMSD is training staff to support individual departments' strategic directions and higher-end web-facing technology architecture. IMSD plans to spend less time assisting departments with moving computers and phones, recommending departments to contract with an outside vendor for that purpose.

- Milwaukee County IMSD and the City of Milwaukee Information Technology Management Department developed a website together where a user can search to locate information without knowing whether it is provided by the City or the County. This collaboration helps governments with fiscal constraints deliver high quality services at the lowest possible costs.

This partnership allows funding that would have duplicated efforts for two independent sites to be allocated for enhancements, benefiting both the City and the County. E-government initiatives such as collections, data entry forms, payment of delinquent taxes and online ordering of copies of documents are planned for 2006.

Collaboration with the City of Milwaukee is extended in 2006 by sharing space at the City of Milwaukee Data Center. The County's mainframe and peripheral equipment located at Schlitz Park will transfer to the City when the lease ends in 2005. The data center requires a special environmentally controlled room with raised flooring, fire suppression and security systems. The City has available space for the County due to equipment downsizing in recent

years. This provides additional opportunities for cross sharing of unique expertise.

The savings from operating the Schlitz Park Data Center are reallocated to fund potential costs at the City's data center. An appropriation of \$200,000 is allocated to fund Disaster Recovery. The proposed site will accommodate both Mainframe and WAN recovery.

APPLICATIONS

- Applications costs include software license and hardware maintenance fees that are required for baseline services and increased annually by the vendors:

\$260,000	Advantage and BRASS
55,120	Oracle (database for BRASS and Web Site)
117,000	Lotus Notes
4,500	Crystal Reports
54,974	Antivirus software for interoffice, Internet and Lotus Notes
52,621	Electronic Imaging system (Criminal Justice)
51,868	Genesys

- Since the payroll system Genesys will be replaced with HRIS, only \$50,000 is budgeted for Genesys in 2006 for partial year use. Additionally, \$40,000 is budgeted for partial year use of keypunch and delivery service.

\$158,068 of the appropriations formerly budgeted for the operation of the Genesys system is transferred to the non-departmental Org. 1921. The appropriations are:

\$51,868	Genesys Software
20,000	Keypunching and pick up of timesheets
23,200	Clearpath lease
13,000	Clearpath maintenance
50,000	Contractor to perform system modifications

- Applications Services costs are partially offset by \$140,000 of revenue from the Social Security Administration for reports of inmates in custody.

TECHNICAL SUPPORT AND INFRASTRUCTURE

- An internal staff re-allocation of one Clerical Specialist from Records Area is transferred to Network Support group to perform backup procedures for systems countywide.

TELECOMMUNICATIONS

- Network connectivity increases \$123,644 to enable fiber connectivity between Milwaukee County sites to address the duration server backups and their impact on end-user response time. This investment will increase the network bandwidth between the higher population Milwaukee County buildings to speed up the backup processing and make end-users more productive.

RADIO

- Radio Services cost \$1,375,979 for conventional and 800 MHz trunked radio system - 14 County departments and 19 municipalities and agencies use a total of 2,013 radios.

Radio services include:

\$ 44,700	Data lines
105,818	Rent for tower locations
476,000	Vendor maintenance and support (Motorola)

Additional tower rental and maintenance costs are attributed to systems upgrades that created backup power supplies and a redundant primary site. These systems upgrades were funded through Homeland Security Grants.

In 2006, radios will be rebanded, reprogrammed and potentially replaced due to a settlement between the FCC and Nextel moving public safety radio systems to certain frequencies, thereby making spectrum available for cell phones

DISTRIBUTION AND RECORDS SERVICES

Distribution Services is comprised of three full-time staff performing mailroom duties, including one Distribution Assistant who was transferred from Document Services. The staff have realigned their work hours to provide quicker turnaround time for

mid-day customer service. Current staff is able to perform folding and inserting services which were previously sent to outside vendors.

- For 2006, two digital postage meters are budgeted to comply with new Postal Regulations (\$78,331).
- In 2005, Records Management Services was provided with a commercial records management vendor. The remaining costs for Records Services are \$91,202 in Personal Services to continue the services of the Records Manager and \$405,285 for the commercial records management vendor. Two staff members from this unit are transferred to Administration and the team that provides back-up services where there are critical staffing shortages.

ADMINISTRATIVE & SUPPORT

- A Business Systems Project Manager is transferred to Administrative Support Services to implement a Project Management Office.
- Office Support Assistant 2 is transferred to Administrative Support to provide needed support services. Without this support, day-to-day operations would be negatively impacted

since Administration handles countywide equipment purchases, consulting, overhead distribution, web administration and training.

- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severely liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

OPERATING AUTHORITY & PURPOSE

The purpose of the Economic and Community Development Division is two-fold. Through economic development activities, it is charged to preserve and enhance the tax base of the County by undertaking programs and activities that stimulate, attract and revitalize commerce, industry and manufacturing. Its goal is to promote area-wide, regional economic development, marketing and cooperation among all involved governments and private-sector groups to provide for a unified development approach for the Milwaukee area.

Secondly, the Division seeks to maximize available public and private resources and provide professional services to promote self-sufficiency; to ensure that County neighborhoods are viable communities and that housing choices are safe and affordable for low and moderate income households.

Pursuant to Section 59.82 of the Wisconsin Statutes, Milwaukee County may participate in the development of a research and technology park through a nonprofit corporation organized specifically for this purpose. The Milwaukee County Research Park Corporation (MCRPC) was incorporated on May 18, 1987, with a mandate from Milwaukee County to develop a research park on approximately 172 acres of County land in the southwest quadrant of the County Grounds adjacent to the Milwaukee Regional Medical Center.

The development objective of the MCRPC is the establishment of a quality research and technology park that will complement, to the greatest extent possible, the Milwaukee Regional Medical Center, the University of Wisconsin-Milwaukee, the Milwaukee School of Engineering, Marquette University and the Medical College of Wisconsin, and enhance the economy of the City of Wauwatosa, Milwaukee County and the State of Wisconsin.

MISSION

The Economic and Community Development Division provides quality services and responds quickly and effectively to meet the needs of other County agencies, citizens and businesses. The Division develops initiatives and operates programs that are designed to preserve and enhance the County's tax base and increase employment

opportunities by helping to create an environment that stimulates business growth and development.

DEPARTMENT DESCRIPTION

The Economic and Community Development Division consists of several sections.

ADOPTED 2006 BUDGET

DEPT: DEPARTMENT OF ADMINISTRATIVE SERVICES –
ECONOMIC AND COMMUNITY DEVELOPMENT

UNIT NO. 1192
FUND: General - 0001

The **Community and Business Development Section** develops and administers programs designed to enhance the business climate, allowing existing businesses in Milwaukee County to flourish and expand while attracting new businesses to the community. Specific responsibilities include assisting businesses in accessing Milwaukee County resources and services, identifying and referring businesses to various sources of technical and financial assistance, working with municipalities and economic development agencies to package services to companies and promoting Milwaukee County to outside businesses. The Section seeks to identify catalytic projects that can leverage County resources and expand development efforts and efficiency.

Additionally, the Section manages, monitors and distributes Federal Community Development Block Grant funds throughout 16 participating County municipalities. This Federal funding source provides approximately \$2 million annually for economic development, public works, housing and other services that principally benefit low and moderate income individuals and families in participating communities, as well as County-wide.

The **Real Estate Section** manages, sells and acquires real estate for Milwaukee County. The Section manages and leases improved and unimproved properties, including air space parking lots for the Wisconsin Department of Transportation (WISDOT). The Section sells County surplus real estate and tax deed foreclosure properties in Milwaukee County. It also manages real estate leasing functions for County departments.

The Section also administers the HOME Investment Partnership Program. This Federal entitlement grant provides funding for the production of affordable housing and the rehabilitation of existing housing, as well as down payment and closing cash assistance for eligible first-time home buyers. This Section manages the Home Repair Loan Programs that provide low or no interest loans to limited income homeowners to repair their homes. Loans are available for structural repairs, furnace problems, siding, sewer connections, plumbing, electrical repairs, exterior painting, energy or heat loss problems and code violations. This Section provides assistance to homeowners in determining the best method of home repair, selecting reputable

contractors and proper inspections to ensure that quality work is performed at a reasonable cost.

The **Housing Choice Voucher Section** manages the Housing Choice Voucher (Section 8) Program. This Federally funded program subsidizes the rent of nearly 2,000 eligible low-income households living in privately owned housing throughout Milwaukee County. The program participant chooses the type and location of housing, and the rental unit is inspected to ensure it meets certain quality and safety standards. Program participants are annually re-certified to verify continued eligibility.

The **Special Needs Homeless Section** manages the Federally-funded Safe Haven and Shelter Plus Care Programs. The Safe Haven Program provides a home-like environment to seriously mentally ill homeless individuals who might otherwise be institutionalized. The Shelter Plus Care Program links supportive services with rental subsidies for homeless individuals who are seriously mentally ill, AIDS-HIV infected or alcohol/drug dependent.

BUDGET HIGHLIGHTS

- Personal services without fringe benefits increase by \$41,507 from \$1,730,577 to \$1,772,084.
- A new revenue stream of \$300,000 is created which represents a 10 percent service charge on the county's estimated land sales of \$3 million.
- Revenue from the federal Housing Choice Voucher Program is estimated to increase by \$832,685 to \$12.3 million. This revenue increase will be partially offset by an estimated increase in the cost of the program of \$497,803.
- Net revenue from parking is expected to increase by \$275,000 to \$825,000. Overall parking revenue is expected to rise to \$1,550,000, of which the state receives half less a \$50,000 administrative fee.
- Appraisal fees are cut by \$52,000 for the year because appraisals of the county's available real estate have mostly been completed.
- Dwelling revenues decline by \$17,000, and charges to maintain county properties are cut by

\$20,000 because the county owns fewer properties than in past years.

- Service expenditures rise by a net of \$272,350. A payment of \$275,000 to the state for its share of the increased parking revenue represents the majority of this increase. \$50,000 is budgeted for a study on behalf of the Behavioral Health Division of the Department of Health and Human Services to identify potential alternative locations for its inpatient, crisis and nursing home operations and/or to house its administrative and program staff.
- The HOME Investment Partnership Program estimated Federal grant is \$1,325,000, a decrease of \$1,680 from \$1,326,680 in 2005. The required Federal match for the HOME program will be met through match credit that has been generated by the development of affordable housing projects by the County's Community Development Organization Southeast Affordable Housing Corporation and will require no tax levy in 2006.
- The Federal grant estimate for the 2006 Community Development Block Grant Program increases \$34,000, from \$1,956,000 to \$1,990,000.
- The 2006 Budget provides \$50,000 appropriation for the Economic and Community Development Reserve Fund.
- Revenue in the amount of \$215,584 from the Department of Health & Human Services-Behavioral Health Division (DHHS – BHD) is budgeted as BHD's match obligation for the Safe Haven Program. This is the same amount

that was budgeted in 2005. The Federal Grant amount is currently dispersed through two separate grant agreements. These monies were combined into a single grant beginning July 2005. The grant amount will remain the same.

- Revenue of \$297,020 from the DHHS - BHD is budgeted to offset administrative expenses incurred by the Housing Division for administration of the Shelter Plus Care Program. This amount represents an average daily housing cost of \$2.06 for 280 formerly homeless, seriously mentally ill consumers who are assisted with securing and maintaining affordable housing.
- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severely liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

OPERATING AUTHORITY & PURPOSE

Pursuant to Section 59.60 of the Wisconsin Statutes, property tax requirements are determined by estimating total expenditures and deducting the estimated amount of revenue from non-property tax sources and the amount of any surplus at the close of the prior fiscal year.

1993 Levy Rate Cap: Effective August 12, 1993, Section 59.605, Wisconsin Statutes imposed a property tax rate limit for Wisconsin counties. Separate limits were imposed for operating levy rates and debt service levy rates. Initially, the baseline for the rate limit was the 1992 actual tax rate adopted for 1993 budget purposes. The County cannot exceed these operating levy rate and debt levy rate limits unless one or more conditions apply, as described below. The statute establishes specific penalties for failure to meet the tax rate limit requirements. Among the penalties for exceeding the tax rate limits are reductions in State shared revenues and transportation aids.

Under the terms of the 1993 levy rate cap, general obligation debt can be issued only if one of the following conditions is met: (1) a referendum is held that approves the debt issuance; (2) the County Board of Supervisors adopts a resolution that sets forth its reasonable expectation that the issuance of the debt will not cause the County to increase the debt levy rate; (3) the issuance of the debt was authorized by an initial resolution adopted prior to the effective date of 1993 Wisconsin Act 16 (August 12, 1993); (4) the debt is issued for certain specified purposes, including financing regional projects under Section 67.5(7)(f); (5) the debt is issued to fund or refund outstanding municipal obligations; or (6) the County Board of Supervisors adopts an initial resolution authorizing the issuance of the debt by a vote of at least three-fourths of the members-elect of the County Board.

2005 Levy Cap: Effective July 27, 2005, Section 66.0602, 2005 Wisconsin Act 25 Local Levy Limits has been enacted so that no city, village, town or county may increase its levy in any year by a percentage that exceeds the political subdivision's valuation factor. The "valuation factor" means a percentage equal to the percentage change in the political subdivision's January 1 equalized value due to new construction less improvements removed between the previous year and the current year but not less than 2.

The 2005 levy cap combines operating and debt service levy amounts. The conditions under which the levy limit may be adjusted include: (a) if a political subdivision transfers to another governmental unit responsibility for providing any service that the political subdivision provided in the preceding year, the levy increase limit otherwise applicable under this section to the political subdivision in the current year is decreased to reflect the cost that the political subdivision would have incurred to provide that service as determined by the department of revenue; (b) if a political subdivision increases the services that it provides by adding responsibility for providing a service transferred to it from another governmental unit that provided the service in the preceding year, the levy increase limit otherwise applicable under this section to the political subdivision in the current year is increased to reflect the costs of that service, as determined by the department of revenue; (c) if a city or village annexes territory from a town, the city's or village's levy increase limit otherwise applicable under this section is increased in the current year by an amount equal to the town levy on the annexed territory in the preceding year and the levy increase limit otherwise applicable under this section in the current year for the town from which the territory is annexed is decreased by that same amount, as determined by the department of revenue; (d)(1) if the amount of debt service for a political subdivision is the preceding year is less than the amount of debt service needed in the current year, as a result of the political subdivision adopting a resolution before July 1, 2005, authorizing the issuance of debt, the levy increase limit otherwise applicable to the political subdivision in the current year is increased by the difference between these 2 amounts, as determined by the department of revenue and (2) if the limit does not apply to amounts levied by a political subdivision for the payment of any general obligation debt service, including debt service on debt issued or reissued to fund or refund outstanding obligations of the political subdivision, interest on outstanding debt of the political subdivision, or the payment of related issuance costs or redemption premiums, authorized on or after July 1, 2005, and secured by the full faith and credit of the political subdivision; (e) the limit does not apply to the amount that a county levies in that year for a county children with disabilities education board; and, (f) the limit does not apply to the amount that a 1st class city levies for school purposes. The County is required to comply with both the 1993 levy rate cap and the 2005 levy cap.

OPERATING AUTHORITY & PURPOSE

Pursuant to Sections 66.0603(2) and 219.05 of the Wisconsin Statutes, a county has the authority to invest any of its funds not immediately needed in time deposits of a bank, credit union, trust company or savings and loan association, or in bonds or

securities issued or guaranteed as to principal and interest of the U.S. Government, Federal agency and instrumentality securities, highly rated corporate securities or repurchase agreements.

Earnings on Investment	\$ 3,402,759	\$ 5,678,158	\$ 4,420,000

For the 2006 Budget, an average investment balance of approximately \$202 million is expected to be available for investment at an average interest rate of 3.00 percent. This will result in \$4,420,000 of investment earnings available to the General Fund. The interest rate for the 2006 Budget is projected to be higher than the 2005 budgeted rate of 2.62 percent, however, the average balance projected for investment is adjusted to \$202 million to reflect projected experience in 2005 and 2006.

The positive impact of rising interest rates is somewhat offset by the declining market value of the portfolio. Because of rising interest rates, the existing portfolio's investments at lower interest rates will lose some market value. This impacts on the overall value of the portfolio and the bottom line General Fund earnings

Construction fund earnings on unspent bond proceeds for proprietary fund departments are recorded directly in the capital projects fund. These investment earnings are used to offset capitalized interest expense for projects that are under construction. Investment earnings on bonds that have lapsed to the sinking fund are recorded in the debt service fund.

Projected earnings of \$1,520,000 on unexpended bond proceeds for proprietary fund departments or restricted general fund projects are anticipated for

2006. These earnings are reflected as revenues recorded directly in the capital projects fund.

Earnings on trust funds, reserves and other deferred interest liabilities were estimated at \$765,000 for 2005 but had to be adjusted by \$750,000 in order to correct for the oversight of not including \$105,090 in Midwest Express Airport Hangers financing and \$650,000 in Airport Revenue Bond Earnings; hence the adjusted budget of \$1,520,000 in 2006.

In 2001, and 2002, the Treasurer's Office entered into a service contract with Dana Investment Advisors, Inc. and with Marshall & Ilsley Trust Company. A 1997 internal audit recommended a Request for Proposal (RFP) or bid process to make decisions about which investments best meet the County's needs. The RFP for these contracts was issued in 2005. An expense line was created and is included in the non-departmental 1900-6025 for the investment advisory services.

OPERATING AUTHORITY & PURPOSE

Pursuant to Chapter 79 of the Wisconsin Statutes, the State apportions Shared Revenues to counties on the basis of population, equalized property values, the relative ranking of local purpose

revenues, and the value of utility property (at 3 mills times the equalized value for incorporated areas within the county).

Total State Shared Taxes	\$ 37,158,573	\$ 37,130,288	\$ 37,098,572

The State has modified the State Shared Revenue (State Shared Taxes) formula so that the previous year's base, plus the utility payment, determines the budgeted amount. The base amount is net of the per capita amount (explained later in this narrative). The budgeted amount for 2006 is \$37,098,572.

Utility Payment Component

The utility payment component compensates local governments for costs they incur in providing services to public utilities. These costs cannot be directly recouped through property taxation since utilities are exempt from local taxation and, instead, are taxed by the State.

Payments to cities and villages are computed at a rate of six mills (\$6 per \$1,000 of net book value), while payments to towns are computed at a rate of three mills. Payments to counties are computed at three mills if the property is located in a city or village or at six mills if the property is located in a town. The estimated utility payment component for 2006 is

\$858,367, which is \$31,716 less than the 2005 actual.

Per Capita Reduction

In addition to the modification to the formula, the State Budget Adjustment Bill, in compliance with 2001 Wisconsin Act 109 for the 2001-2002 State Biennial Budget, reduced State Shared Revenue by \$40 million on a per capita basis and allocated \$20 million each to municipalities and counties, which results in an estimated decrease of \$3,429,147 for Milwaukee County. The 2005 base for State Shared Revenue has been reduced from \$59,770,205 to \$56,341,505 to reflect the modified formula. In 2004, the reduction appears as a line item in the table above. The actual per capita reduction was \$3,428,699.

Supplemental Payment

It is anticipated that State Shared Revenue payments will be reduced by an amount equal to a new supplemental payment begun in November

2003 to governments that provide emergency transportation service. The State Department of Health and Family Services has been directed to try and capture additional Federal Medical Assistance funding based on actual claims submitted by service providers in the previous fiscal year. A preliminary estimate, based on past experience, indicates that Milwaukee County's State Shared Revenue payment would be reduced by \$1,334,707 beginning in 2003, completely offset with a supplemental payment of \$1,334,707, for no net change in state aid. In 2004, Milwaukee County's State Shared Revenue payment was reduced by \$1,585,700, which was offset with by the supplemental payment for the same amount.

State Child Welfare Reallocation

Beginning in 1999, in accordance with Wisconsin State Statute 48.561(3), the Wisconsin Department of Administration reallocated \$20,101,300 in State Shared Revenue to the State's Child Welfare Program. These funds are to be used to defray State administrative costs for the program. Previously, this allocation was taken from Community Aids revenue in the Department of Human Services and DHS-Mental Health Division budgets.

OPERATING AUTHORITY & PURPOSE

Pursuant to 1997 Wisconsin Act 237 (The Act), business computers are exempt from being subject to property taxes, beginning with the 1999 property

tax levy collected in 2000. The Act also provided for a State aid payment to offset the loss of taxable property from the exemption.

Based on the current formula provided by the Wisconsin Department of Revenue, Milwaukee County will receive \$2,688,730 in revenue in 2006 to compensate for the exemption of business computers from the property tax rolls. The annual payment is based on the equalized value of the exempt computers, the Milwaukee County equalized

value (excluding tax incremental districts) and the property tax levy. Presented in the table below are the equalized values for tax-exempt computers and a comparison of budgeted and actual revenues, beginning with the first budget year of the program.

Pursuant to the provisions of Section 77.70 of the Wisconsin Statutes, counties may enact a 0.5 percent sales and use tax. The tax is typically imposed on the same goods and services as the

State's 5.0 percent sales tax. Section 22.04 of the Milwaukee County Ordinances addresses uses of sales tax revenue.

On April 1, 1991, Milwaukee County retailers began collecting a 0.5 percent county sales and use tax. Generally, items, which are currently subject to the State's 5.0 percent sales tax, are subject to the county sales and use tax in counties that have enacted the tax. Milwaukee County is currently one of 58 counties in the State of Wisconsin that relies on the sales tax to fund services formerly financed by local property taxes. The county sales and use tax is administered and collected by the Wisconsin Department of Revenue. The 2006 budget reflects the 1.75 percent state administrative fee.

Section 22.04, Milwaukee County Ordinances, previously required that sales tax revenue be used to pay tax-supported debt service costs. Surplus revenues not needed for debt service payments were required to be used to directly finance capital improvements.

On June 18, 2003, the County Board of Supervisors approved Resolution File No. 03-263(a)(a), which modified Section 22.04 of the General Ordinances so that surplus sales and use tax revenues can be used to pre-fund employee benefit costs or fund

anticipated or extraordinary annual increases in such costs or supplement the Appropriation for Contingencies. Sales tax revenues are allowed to be used for the above general fund purposes through calendar year 2007.

Milwaukee County has experienced negative growth in sales tax revenue collections two of the last three years. Based on collections to date for 2005, the trend of negative growth is continuing. Therefore, the County Board of Supervisors authorized and directed the Director of Intergovernmental Relations to petition the Joint Audit Committee of the State Legislature to direct the State Legislative Audit Bureau to perform an audit of sales taxes collected on behalf of counties, including the distribution of proceeds to individual counties.

The gross budgeted amount for 2006 is \$65,428,600, which is 3.1 percent over the 2005 budget amount of \$63,452,910. The net budget amount for 2006, which excludes the allocation of \$750,000 to the Capital Improvement Program is \$64,678,600.

ADOPTED 2006 BUDGET

UNIT NO. 1900-2903

For the 2006 budget, projected sales tax collections exceed debt service costs by \$17,922,529. Therefore, \$46,756,071 in net sales tax revenues is earmarked for debt service costs and \$750,000 is dedicated to direct financing of 2006 capital improvements.

Based on the assumptions above, there would be an estimated uncommitted balance of \$17,417,856 budgeted for general county purposes.

Pursuant to Resolution File No. 03-263(a)(a), which modified County Ordinances so that surplus sales and use tax revenues can be used to pre-fund employee benefit costs or fund anticipated or extraordinary annual increases in such costs, these excess sales tax revenues are available to partially offset the following increased employee benefit costs:

	<u>2005 Budget</u>	<u>2006 Budget</u>	<u>Increase/ (Decrease)</u>
Pension Contribution	35,370,000	27,400,000	(7,970,000)
Employee/Retirement Medical Costs	112,081,227	125,166,827	13,085,600

Increased sales tax revenues have not been directly allocated within the above budgets but are presented here to show conformance with the sales tax ordinance change.

* According to the Airport Master Lease Agreement, the Airport is required to pay all direct costs associated with the issuance of airport debt. Airport debt issuance costs, totaling \$60,000, have been included in the Airport's 2006 operating budget.

This non-departmental budget is re-established to pay bond counsel, financial advisor fees and other costs associated with issuing debt, including credit rating agency fees, financial auditor fees, printing and distribution costs for the official statement, and fiscal agent and trustee fees. Currently, a significant portion of debt issue expenses are paid from the proceeds of each financing. Under current Federal law, up to two percent of each financing may be used to cover expenses related to the issue. Expenses not eligible to be paid from financing proceeds are reflected in this budgetary appropriation. Expenditure authority for expenses paid from bond proceeds will be added through a Department of Administrative Services-only transfer once actual financing amounts are determined.

Non-Airport debt issue expense for 2004 totaled \$115,706. There was \$23,802 of the \$115,706 that was not eligible for bond financing. Most of the bond ineligible expenses (\$22,842) related to a refunding of several corporate purpose maturities that did not occur.

Total debt issue expenses for the Airport in 2004 were \$244,318. Fees relating to the issuance of airport revenue bonds totaled \$202,922. The remaining balance of \$41,395 related to costs incurred for trustee fees and updating the feasibility report.

Property Tax Levy Contribution to Milwaukee County Historical Society	\$ 242,550	\$ 242,550	\$ 242,550

OVERVIEW OF OPERATION

The Historical Society's total operating budget for 2006 amounts to \$710,842 with \$468,292 coming from non-County funds. Sources include gifts, grants, membership fees (individual and corporate), bequests, investments, sales and receipts from public programs.

Following are examples of some of the Historical Society's program activities.

1. Outcomes: The Historical Society experienced substantial increases in several areas of operation. Most notably, visits to the Historical Society's website increased by 23%, rising from 67,795 in 2003 to 83,438 in 2004. Overall participation in all public programming offered by the Historical Society also increased from 31,425 in 2003 to 36,115 in 2004 – a rise of 15%. This included an impressive increase of 440% in tour group and general visitation to the Society's historic sites because of the addition of Trimborn Farm. Small declines in attendance at special events were offset by 500 new guests visiting the Society during Wednesday evening River Rhythm concerts throughout the summer. Inquiries to the Research Library rebounded slightly in 2004, increasing from 4,510 to 4,608. This increase in library inquiries was further

supplemented by the increase in use of the Historical Society's website described above.

2. Diversity: The Historical Society was especially successful in bringing exhibitions and programs highlighting cultural diversity to Milwaukee County during 2004. In February, the Society collaborated with the Chudnow Museum of Yesteryear to recreate *The Grafman Grocery Store*, modeled upon a Jewish neighborhood food store which once stood at 605 West Vliet Street. In March, the Society opened the nationally touring version of the exhibition *Una Storia Segreta: When Italian-Americans were Enemy Aliens* sponsored by WislItalia, Monferrini in America, and the Sons of Italy. In September, the Historical society hosted the exhibition *Americanos: Latino Life in the United States*. Organized and sponsored by Smithsonian Institution Traveling Exhibition Services, the exhibition featured 130 images highlighting the broad range of Latino culture in the United States.
3. Collections: The Historical Society acquired several significant new collections during 2004. These included: a copy of the Burial Book from the Milwaukee County Poor Farm on the grounds of the County Institutions;

approximately 35 letters written by Solomon Juneau from a private collector; and a rare Regina table-top music box. The primary focus of the collections staff during 2004 was the re-shelving of artifacts and documents in storage and the conversion of collection records to the Past Perfect software system.

4. Publications. During 2004, the Historical Society changed its focus from the publication of books on Milwaukee history to the publication of the quarterly magazine, *Milwaukee History*. With the continued support of the Marquette University History Department and the Marquette University Press, it is hoped that maintaining a similar publication schedule will enable the Society to stay up to date.

5. Changing Exhibitions: During 2004, several changing exhibitions were presented at the Historical Center (besides those already mentioned above) in conjunction with the Society's cultural diversity initiative. Principal among these was a display of historic photographs from the collection of John Angelos and Marilyn Johnson, acquired by the Society during 2003 with grant funds from the Bradley Foundation.

6. Public Programming: The Society and its Friends organization continue to sponsor public programs on a variety of topics. During 2004, the Society hosted its 50th Anniversary Recognition Banquet at the Wisconsin Club, drawing over 300 people and presenting awards to a record 19 individuals and organizations.

The Friends of the Milwaukee County Historical Society continued their expanded programming schedule during 2004, presenting a special event almost every month. Among these were tours of St. Josaphat's Basilica, Tripoli Shrine Temple, the Port Washington Lighthouse, and the Wisconsin Conservatory of Music, as well as the Fourth Annual Historic House Tour. For the third consecutive year, the Friends made a donation of \$10,000 to the Society based upon the proceeds of their programs.

7. County Landmarks: Since 1976, the Historical Society has operated, under County ordinance, a landmark recognition program for areas of

Milwaukee County outside the City of Milwaukee. Nearly 90 sites have been designated as landmarks throughout the history of the program. During 2004, the Landmark Committee added three properties to its list of County Landmarks including the Villa Terrace Art Museum and Renaissance Garden, the Charles Allis Art Museum, and the Franke Farmhouse in Greenfield.

8. Museum Houses: In addition to all three of the period homes operated by the Historical Society being open to the public throughout 2004, the Society assumed responsibility for the management of Trimborn Farm in Greendale from the Park People on January 1, 2004. A community Development Block Grant from Milwaukee County, as well as additional support from the Reiman Foundation and the Wisconsin Arts Board, enabled the Society to expand the range of programs offered at Trimborn Farm and to increase the number of school children, adults, and seniors taking part in guided tours. Especially successful were the 22nd Annual Harvest of Arts and Crafts, which drew nearly 7,000 visitors, and the 1st Annual Civil War encampment which attracted roughly 125 re-enactors and an audience of 750 guests.

MISSION

The Milwaukee County Historical Society was founded in 1935 to collect, preserve and make available materials relating to the history of Milwaukee County. Through a broad program, the Society seeks to promote a greater appreciation of the community's rich heritage and a better understanding of present-day challenges and advantages. The Society's library and museum collections, exhibitions and activities serve a variety of constituencies including scholars, students, genealogists, local businesses and organizations and Milwaukee County residents and visitors.

BUDGET HIGHLIGHTS

This fund is created to account for the adoption by the County Board and County Executive (File No. 05-145 (a)(a)) in July 2005 directing the Department of Administrative Services to execute a contract with Ceridian Corporation as the solution for a fully hosted payroll, human resources, and benefits management service.

The \$3,596,000 budget includes \$2,346,000 in one-time implementation costs, \$1,250,000 in annual operating costs for 2006. These costs are outlined below and were also included in the fiscal note in File No. 05-145 that was approved in July 2005.

DAS will implement a crosscharge for HRIS costs in 2006. A crosscharge should capture revenue from revenue-producing departments. The estimated revenue recovery is \$539,400, or 15% of total expenditures.

The total cost for replacement of the HR and Payroll System is \$10,048,580. This consists of \$3,400,000 in implementation costs and \$6,648,580 in annual operating costs for ongoing services from 2006-2010.

Annual operating costs for ongoing services are \$1,250,000 in 2006 for nine months of service, \$1,662,145 each year from 2007-2009 and \$412,145 in 2010 for the final three months of service.

Implementation costs total \$3,400,000 and will be financed in 2005 and 2006. Since the County will be purchasing services, most of the costs are not eligible for bond financing. The purchase of equipment for the replacement of the HR and Payroll

system is \$427,000 and will be financed with general obligation bonds.

Costs for 2005 total \$1,029,000 and will be financed with \$402,000 in general obligation bonds for the equipment purchase and \$210,000 in sales tax revenue for staffing costs budgeted in the 2005 Adopted Capital Improvements Budget. The balance of \$417,000 in service costs for 2005 will be requested from the contingency fund. An appropriation transfer will be submitted by the Information Management Services Division (IMSD) to request \$417,000 in cash from the contingency fund to finance service costs for 2005 in a newly created non-departmental budget (Org. 1921-Human Resource and Payroll System).

Costs for 2006 total \$2,371,000 and will be financed with \$2,346,000 in cash financing in the 2006 operating budget for Org. 1921 - Human Resource Payroll System and \$25,000 in general obligation bonds budgeted in the 2005 Capital Improvements Budget for the balance of the equipment.

Under the new HRIS system, Milwaukee County employees will use online self-service tools to report their time and change their benefits, creating operational efficiencies. Ceridian will manage the detail of position history, organizational hierarchy, payroll calculations, applicant recruitment, and distribution of deposit notices and related reports.

The recommendation to select Ceridian as the HRIS vendor came after three years of systematic discussion, analysis, and investigation of the HRIS needs of Milwaukee County.

DEPT: MILWAUKEE COUNTY AUTOMATED LAND INFORMATION SYSTEM

UNIT NO. 1923

FUND: General - 0001

BUDGET HIGHLIGHTS

- This appropriation provides 2006 expenditure authority of \$1,104,000 for the Automated Land Information System. Revenue of \$882,400 is projected to be received from the \$4 surcharge collected by the Register of Deeds earmarked for land information modernization by Section 59.72(5) of the Wisconsin Statutes. Revenue of \$220,600 is projected to be collected from the \$1 surcharge, which is also collected by the Register of Deeds. The revenue increase of \$156,000 is based on actual experience. Milwaukee County is not required to provide tax levy dollars.
- In 2005, Architectural and Engineering (A&E) assumed the project management function for MCAMLIS from the Southeastern Wisconsin Regional Planning Commission (SEWRPC). A&E will receive \$202,500 in MCAMLIS funds for project management in 2006. These funds will provide for conceptual development of individual projects, development of project specifications, writing contracts, preparation of invoices to draw down funds as expended, payment of subcontractors, record keeping and general maintenance of MCAMLIS data holding. This effort has merged the County's internal GIS functions with MCAMLIS. In addition, the Register of Deeds will receive \$77,500 for MCAMLIS data maintenance and the Department of Administrative Services will receive \$25,000 for fiscal oversight. The MCAMLIS project will be managed in accordance with Milwaukee County ordinances.
- The 2006 MCAMLIS budget includes an initiative using IMSD personnel to provide a portion of the work to develop and maintain a computerized indexing of land records. To date, this work has been primarily provided by outside vendors. Contingent upon approval by the MCAMLIS Steering Committee, a \$103,594 crosscharge from IMSD to MCAMLIS is included in the 2006 budget to cover the salary and fringe benefits of one full-time Network Application Specialist.
- In December 2004, the MCAMLIS Steering Committee approved a total appropriation of \$3,252,710 in existing MCAMLIS funds for a digital topographic mapping replacement projects. This project will provide new topographic mapping and digital orthophotography for the entire county. This appropriation is to be divided over four years, 2005 to 2008.
- In September 2004, the MCAMLIS Steering Committee approved a total appropriation of \$261,787 in existing MCAMLIS funds for a three-year regional water supply system study leading to the development of additional land and infrastructure information as well as plan recommendations. The second year of the regional water supply system study is funded at approximately \$87,262. SEWRPC, working in conjunction with Milwaukee County and the other six counties within the Southeastern Wisconsin Regional Planning area, are to complete the water study.
- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severally liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

This budget represents the offset to Central Service costs allocated to departments in order to show the full cost of operating a department. Beginning in 1997, the Central Service Allocation was not included as an expenditure in departments' operating budgets. The Central Service Allocation will continue to be developed by Central Accounting and sent to departments. Departments receiving grant revenues, indirect revenues (internal service fund departments) or outside (direct) revenues will include the Central Service Allocation amounts for purposes of obtaining reimbursement revenues.

The Central Service Allocation amounts for the 2006 budget are based upon the 2006 Cost Allocation Plan. The 2006 Plan uses 2004 actual costs as its base and includes a carryover provision for the difference between the 2004 Plan (which was based on 2001 actual costs) and 2004 actual costs. Reflecting the 2004 carryover in the 2006 budget increases charges to those departments that were undercharged in 2004 and reduces charges to those departments that were overcharged in 2004.

The Central Service Allocation for 2006 reflects the prorated cost for the following services:

On February 18, 1999, the County Board adopted a resolution (File No. 99-119) authorizing the execution of an Intergovernmental Cooperation Agreement between the Forest County Potawatomi Community and the City and County of Milwaukee. The Agreement specifies that Milwaukee County will receive an annual payment of 1.5% of the Annual Class III Net Win at the Potawatomi Bingo Casino or \$3.24 million, whichever is greater. This annual payment is based on the Net Win at the Potawatomi Bingo Casino for each 12-month period, beginning July 1, 1999. Payment is made to the County on August 15 of each year for the immediately preceding 12-month period, beginning August 15, 2000.

The purpose of this non-departmental budget is to reflect the receipt of Potawatomi Revenue to the County.

For 2006, Potawatomi Revenue is budgeted at \$4,500,000, which is based on the monthly Class III Net Win at the Potawatomi Bingo Casino.

In past budgets, Potawatomi Revenue was allocated to specific operating budget programs and capital budget projects. For 2001, operating budget allocations were included in Org. 1937 and administratively transferred to the affected departments during the year. For 2002, these allocations were budgeted directly in departments and shown in Org. 1937 for presentation purposes. From 2003 to 2005, a portion of the appropriation was allocated to operating budget programs and the remainder budgeted in Org. 1937. The allocation of Potawatomi Revenue to programs and projects was intended to address the provision in Resolution File No. 99-119, that "it shall be the policy of Milwaukee County to use the payments received from the Potawatomi tribe for quality of life enhancements and activities that promote economic growth and job opportunities for the benefit of all Milwaukee County residents."

MISSION

- Since 2003 it has been the policy of Milwaukee County that any new or unanticipated revenue actually received in the current year that is not identified in that year's budget shall be transferred to the Appropriations for Contingencies (Org. Unit 1945). This policy shall

apply to new revenue sources, unanticipated revenues and revenues from existing sources that are in excess of the amounts included in the current year's budget. The Department of Administrative Services is authorized and directed to process such fund transfer(s) as necessary if and when such new revenue sources or excess revenues are identified.

ADOPTED 2006 BUDGET

DEPT: APPROPRIATION FOR CONTINGENCIES

UNIT NO. 1945
FUND: General - 0001

- The first priority for use of any such revenues is to allow the County to achieve a balanced budget in the current year. The second goal will be to achieve a surplus equal to that in the previous year's budget. Finally, if it appears that the first two goals will be achieved, such revenue can be used for emergency needs during the current budget year.
- Per adopted County policy, fifty percent of any land sale revenue received in excess of the amount budgeted for Org. Unit 1933 – Land Sales shall be placed in Org. Unit 1945 – Appropriation for Contingencies.

BUDGET HIGHLIGHTS

- Appropriations for Contingencies for 2006 are budgeted at \$9,310,058, an increase of \$4,893,036 over the adopted 2005 budget. These funds are comprised of three major categories. The first is net revenue from existing Federal, State, and local sources less all County expenses. The second is \$5.7 million in net revenue (received in Org. Unit 1972) from the anticipated adoption, by labor unions, of the County's current offer for wage and benefit provisions through 2006. Of the \$10 million anticipated from lower County costs for providing health insurance, \$4.5 million has been reserved to cover the estimated cost of increased wages for all County employees. The third source is \$2,639,936 in revenues (received in Org. Unit 1969) from a new Federal program

(Medicare Part D) created by the Medicare Prescription Drug and Modernization Act of 2003 that will partially reimburse the County for providing prescription drug coverage to its retired employees.

The net surplus represents expenditures and revenues from sources with which the County has ample past experience. The other two categories represent new revenue streams that carry a high level of uncertainty. The proposed wage and benefit package will generate approximately \$10.2 million in revenues only if the County reaches agreements with each of its bargaining units in a timely fashion and the plan can be implemented on January 1, 2006. This revenue amount represents a revised estimate prepared after the submission of the Recommended Budget by the Department of Administrative Services after consultation with the Department of Audit. Should any delay occur in implementing the new plan with any employee group, this revenue will not be realized. The Medicare Part D program is new and the Federal government's formulas, procedures, and schedules are as yet unknown, meaning timely receipt of these revenues at this level is uncertain. Given the uncertainty surrounding these two new revenue sources, these revenues not be relied upon to fund County expenses, and that they instead be deposited into the contingency fund, in order to avoid a potential deficit in 2006.

The 2006 appropriation for employee health benefits reflects the cost of a new two-year contract with WPS, Inc., which was before the County Board in September 2005. HMO and PPO costs represent estimated enrollment by

employees and retirees multiplied by negotiated monthly premiums to be paid by the County. The total cost to the County may rise or fall depending on actual enrollment and service use.

These costs may also change depending on the adoption of collective bargaining agreements with the County's represented employees. The County is currently negotiating with every union. The cost estimates are based on monthly premiums agreed to, which assume all eligible employees participate, thus a delay in implementation of the new benefit package by one or more unions will have an effect on the actual monthly rates.

Assuming the County reaches agreements with all represented and non-represented groups on the wage and benefit package passed by the Personnel Committee, approximately \$10.2 million in revenues will be generated by instituting co-payments for several services, which will be deposited into a non-departmental account, 1972. Approximately \$4.5 million of this revenue will be used to offset wage and benefit increases for all County employees (again subject to reaching agreements with the County's represented employees). Because of the uncertainty that agreement can be reached in a timely fashion with the County's represented employees, the total remaining revenue (approximately \$5 million) may not actually be generated during the year. Therefore, it is recommended that this revenue not be budgeted to cover expenses, but instead be deposited into the County's contingency fund. Use of these funds to support expenditures could result in a 2006 year-end deficit for the County if these revenues are not realized.

The Department of Administrative Services will continue to provide quarterly reports to the Committee on Finance and Audit as to the status of health care expenditures in 2006.

Increase \$262,203, from \$1,421,458 to \$1,683,661

The group life insurance appropriation is based on the coverage amount, which in turn is based on employees' salaries. For 2006, employee group life insurance costs increase \$262,203, from \$1,421,458 to \$1,683,661.

5406 – Retirement System Contribution – OBRA

Increase \$97,000, from \$365,000 to \$462,000

The OBRA pension contribution was established as a separate account in 2002 to differentiate the contribution from the Retirement System Contribution made for full-time County employees. The 2005 OBRA contribution was \$365,000. For 2006, the contribution to the OBRA Retirement System is \$462,000, an increase of \$97,000.

5409 - Retirement System Contribution

Decrease by \$7,970,000 from \$35,370,000 to \$27,400,000

The 2006 Adopted budget provides \$27,400,000 for the County's contribution to the Milwaukee County Employees Retirement System (ERS). This amount is a decrease of \$7.97 million from the 2005 Adopted Budget.

The appropriation level of \$19.2 million represents the normal cost for 2006 – the actuarial liability for future benefits and expenses allocated to the year – of the ERS system assuming a 8.5% return on investments; this number reflects the information provided to the County by the ERS actuary in June 2005. The 2006 appropriation of \$27.4 million does not fully cover the annual amortization of the system's unfunded liability.

The County Executive proposes that this action is necessary to facilitate a debate within the County over the future of the ERS. This debate is required because enhancements to the ERS approved in 2001 were done so in an unethical, and possibly illegal manner. These enhanced benefits are unsustainable in the long term. Finally,

ADOPTED 2006 BUDGET

DEPT: EMPLOYEE FRINGE BENEFITS

UNIT NO. 1950
FUND: General - 0001

the County has faced annual deficits that have required cuts to services, capital projects, and layoffs that have been caused in part by the need to fund these enhancements.

5416 - Medicare Reimbursement to Retired Employees

Increase \$719,296, from \$4,610,081 to \$5,329,377

This account provides for County payment of the Medicare Part D premium for retired employees, including their eligible beneficiaries, over age 65, who retired with 15 or more years of pension-credited service or are on Disability Medicare. The actual cost of the premium will not be finalized by Congress until November. It is estimated that the 2006 rate will increase from \$78.10 to \$89.20 per month.

Under the Medicare Prescription Drug Improvement and Modernization Act of 2003 and implementing regulations at 42 C.F.R. subpart R (Medicare Part D), the County estimates revenues of approximately \$2.6 million in 2006. This revenue will be deposited into a new non - departmental account, 1969. Because this is a new Federal program and there is uncertainty that these funds will be received in a timely manner, it is recommended that this revenue not be budgeted to cover expenses, but instead be deposited into the County's contingency fund. Use of these funds to support expenditures could result in a 2006 year-end deficit for the County if these revenues are not realized.

A five-year comparison of budget-to-actual experience for Medicare reimbursement to retired employees is as follows:

6148 - Health Benefits - Consultant Fees

No change from \$183,833

An appropriation of \$183,833 is included to retain outside consultants to assist Human Resources staff in actuarial analysis, ad hoc reporting, requests for proposal and contract/rate negotiations.

6804 - Local Transportation (Transit Pass Program)

Increase \$16,296, from \$325,866 to \$342,162

An appropriation of \$342,162 is included to cover the continuation of the County's corporate transit pass program. In 2004, the County, as the employer, purchases quarterly passes for \$126 each, while the employee reimburses the County \$30 per quarter through payroll deduction. The impact of the Marquette interchange construction project may cause a significant increase in passes sold.

8299 - Other Contributions

No change from \$1,328,084

Costs associated with the County's obligation to United Regional Medical Services in the amount of \$1,328,084 for pension-related expenses from the closure of John L. Doyme Hospital are included in this budget for 2006.

BUDGET HIGHLIGHTS

- Under the Medicare Prescription Drug Improvement and Modernization Act of 2003 and implementing regulations at 42 C.F.R. subpart R, plan sponsors (employers, unions) who offer prescription drug coverage to their qualified covered retirees, are eligible to receive a 28% tax-free subsidy for allowable drug costs. In order to qualify, plan sponsors must submit a complete application to the Centers for Medicare and Medicaid Services (CMS) with a list of retirees for whom it intends to collect the

subsidy. It is estimated that revenues to the County under this program will be approximately \$2,639,936. Because this is a new Federal program, formulas and benefit levels remain uncertain, as does the timeframe for receipt of the funds. Due to these uncertainties, it is recommended that any revenues derived through this program be deposited into the contingency fund and not budgeted to cover expenses.

Milwaukee County Funds for the Arts	\$ 371,250	\$ 352,688	\$ 377,688

MISSION

The Milwaukee County Fund for the Arts, through the Milwaukee County Cultural Artistic and Musical Programming Advisory Council (CAMPAC), allocates County property tax dollars to support and encourage cultural and artistic activities which have an important impact on the economic well-being and quality of life of the community.

On October 2, 1986, the County Board adopted resolutions (File Nos. 84-466 and 86-463) which specified that a non-departmental account be established for cultural programming to be administered by the County Board, with certain guidelines and criteria for awarding County arts funds. In addition, CAMPAC was created to advise the County Board, through the Committee on Parks, Recreation and Culture, with regard to the cultural, artistic and musical programming and endowment/grant components of County arts funding.

On November 9, 1989, the County Board adopted a resolution (File No. 88-631(a)(a)) that authorized and directed the Director of Parks, Recreation and Culture to have administrative authority and responsibility for all County cultural programs previously administered by the County Board. To effectuate this authority, the appropriation for County arts funding was transferred from the non-departmental account, Milwaukee County Fund for the Arts (Org. Unit 1974), to the Parks Department (Org. Unit 9000) operating budget.

The 1991 adopted budget re-established a non-departmental appropriation for County arts funding (Org. 1974). The administrative authority, appropriation request and responsibility for County cultural programs, however, remained with the Parks Department.

On January 17, 1991, the County Board adopted a resolution (File No. 91-18(a)(a)) that authorized and awarded matching grants funds, rental subsidies and Artistic Development Program allocations to eligible organizations and individuals. The Board also authorized the Director of Parks, Recreation and Culture to prepare contractual agreements with specific agencies for community cultural events and to enter into an agreement with the Greater Milwaukee Foundation to administer Milwaukee County's performing and visual arts fund. Allocations of the cultural arts funds are recommended by CAMPAC.

In 2004, the adopted tax levy funding to CAMPAC was \$371,250. An additional one-time grant of \$25,000 was provided to CAMPAC that had been held at the Greater Milwaukee Foundation. In 2005, the adopted tax levy funding was \$352,688. An additional one-time allocation was given to CAMPAC from Parks from previously unspent Concerts in the Parks programming money.

CAMPAC funding is allocated among three program areas: Community Cultural Events, Matching Grants, and Administration.

I. Community Cultural Events

Under this program, Milwaukee County, through its administrative agent, the Greater Milwaukee Foundation, contracts with community organizations that provide cultural, artistic and musical performances at a low or no fee, with priority given to those groups using County facilities.

Requests for Proposals are issued on an annual basis that determines the number and type of performances that receive grants.

Proprietary Fund departments include Enterprise Fund departments (e.g., Behavioral Health Division) and Internal Service Fund departments (e.g., DAS-Information Management Services Division). Budgeting for Proprietary Fund departments in accordance with Generally Accepted Accounting Principles (GAAP) requires that Proprietary Funds expense the cost of fixed assets over the life of the asset through depreciation. Prior to 1997, fixed assets were defined as buildings and equipment with a cost in excess of \$500. In 1997, the definitions regarding fixed assets changed. The per unit cost for non-computer equipment must exceed \$2,500 per unit and have a useful life greater than one year. Computer related equipment must exceed \$1,000 to be considered a fixed asset.

Appropriations for Depreciation are included in Proprietary Fund departmental budgets while appropriations for Capital Outlay - Fixed Assets, the original cost for the fixed asset, are excluded from those budgets. To ensure proper budgeting in accordance with GAAP, yet also ensure that these departments retain control over the purchase of

fixed assets, Proprietary Fund departments reflect an appropriation for Capital Outlay - Fixed Assets and an offsetting credit appropriation.

However, the cost of Capital Outlay - Fixed Assets for Proprietary Fund Departments should be included in the property tax levy. In order to achieve this, all capital outlay costs for Proprietary Fund Departments are included in this non-departmental budget. The costs for depreciation should not be included in the tax levy, therefore, an offsetting contra for all Proprietary Fund Departments' depreciation costs is included in this non-departmental budget. This budgetary procedure has no County-wide tax levy impact.

The following table depicts the capital outlay by department for 2006 compared to 2005, the amount of depreciation in 2006 compared to 2005 and finally, the combination of these two entries that determines the tax levy amount for this non-departmental budget.

MISSION

The mission of Combined Court Related Operations is to provide circuit courts, attorneys, persons proceeding without an attorney and all other persons involved in circuit court proceedings or other functions of the circuit courts with courteous, proficient and professional services which facilitate the operations of the circuit court system.

DEPARTMENT DESCRIPTION

The Department of Combined Court Related Operations includes the following three divisions: Family Court Commissioner, Register of Probate and County Funded State Court Services.

The **Family Court Commissioner Division** has three sections: the General Office Unit, Child Support Enforcement Unit and Family Court Mediation Services Unit.

The *General Office Unit* conducts hearings for the family matters of separation, divorce, and domestic abuse cases. This unit also provides clerical support for these activities. A portion of salaries for this unit are internally charged to the Child Support Enforcement unit for services provided to that unit.

The *Child Support Enforcement Unit* provides support to Child Support Enforcement in

coordination with the County Funded State Court Services and the Family Courts. This unit conducts the paternity hearings and monitors the job search task for those individuals liable for child support. This unit also receives staff support from the General Office Unit.

The *Family Court Mediation Services Unit* was created in 1989 to provide mediation services and custody studies for the Family Courts as mandated by Section 767.11, Wisconsin Statutes. Costs of mediation and custody studies are funded by user fees, filing fees and from a portion of the fee for the sale of marriage licenses.

The **Register in Probate Division** has two sections, the Probate Administration Unit and Probate Court Support Unit.

The *Probate Administration Unit* provides administrative services for the probate system. It maintains all wills deposited for safekeeping or filed for probate, all probate records of estates, trusts, guardianships of persons and estates, conservatorship, protective placements and involuntary commitments; provides information on probate procedures, practices and the status of pending probate proceedings; verifies disbursements and assets in guardianship accounts; collects probate filing fees; issues certified copies of probate records; microfilms probate records and

processes originals for destruction; provides the mechanism and direct public services for informal administration of estates; provides legal services associated with procedural requirements for final settlements of estates and enforcement of time limits for filing estate inventories and guardianship accounts and for closing estates; and certifies appeal records to the Court of Appeals.

The *Probate Court Support Unit* assists the courts assigned probate jurisdiction in adjudicating matters involving probate, trusts, guardianships of persons and estates, conservatorship, protective placements, involuntary commitments, temporary restraining orders and injunctions in harassment cases.

The **County Funded State Court Services Division** consists of nine sections, the Chief Judge, Domestic Violence Judicial Oversight Grant, Court Improvement Grant, Alternatives to Incarceration, Administration Section, Family Section, Criminal Section, Civil Section and Children's Section.

The *Chief Judge* is the Administrative Chief of the First Judicial Administrative District which is solely comprised of Milwaukee County. The Chief Judge is responsible for the oversight of administration of judicial activities in the 47 Circuit Courts within the District.

The *Domestic Violence Judicial Oversight Grant* and *Court Improvement Grant* sections were developed by court administrators to separate major grant programs and initiatives from on-going operations. County Board Resolution 99-268, adopted April 22, 1999, authorized the Chief Judge and Clerk of Circuit Court to seek funding from the National Institute of Justice Violence Against Women Grants Office for the purpose of obtaining a Judicial Oversight Demonstration Initiative award. The purpose of the grant is to develop and implement better procedures for domestic violence cases in Milwaukee County. There are no local matching funds required to receive the Federal grant. Milwaukee County is one of just three jurisdictions in the country to receive five-year demonstration funding from the Violence Against Women Grants Office. Presently, another grant application is in process for an extension which will run through 2006.

The *Alternatives to Incarceration* section was created in 2001 to recognize the incorporation of the Non-Departmental Alternatives to Incarceration

budget (Org. 1940) into the County Funded State Court Services Division of Combined Court Related Operations. The programs under this section are designed to reduce pretrial failure to appear and re-arrest rates, enhance public safety, reduce overcrowding at the Criminal Justice Facility and House of Correction and enhance the processing and adjudication of criminal cases. The Chief Judge and the Judicial Review Coordinator are responsible for managing and monitoring pretrial contracts, programs, and program outcomes. In addition, a Pretrial Services Advisory Board meets regularly to review program activity, outcomes and recommendations regarding program development.

The *Administration Section*, under direction of the Clerk of Circuit Court/Court Services Director, plans, directs and coordinates the operations of the Circuit Court Civil, Criminal, Family and Children's sections. It includes General Administration, Budget and Accounting, Appeals, Jury Management, and Management Information units. This section coordinates budget preparation, accounting controls, cash management and investments, personnel, courts automation, jury management and the purchase and distribution of equipment and supplies, prepares statistical reports for the court system, and prepares cases for appeal to the State Appellate Court.

In the *Family Section*, the Family Courts hear all actions affecting the family as set forth in Chapter 767, Wisconsin Statutes.

The courts in the *Criminal Section* hear, try and determine all matters for pretrial, trial and post-conviction proceedings in felony, misdemeanor and traffic matters. In addition, the Misdemeanor Courts conduct proceedings on matters in which jury demands have been filed in the municipal courts in Milwaukee County. The Clerk of Circuit Court, Criminal Section, consults with litigants and attorneys on procedural matters; processes the records for the court; receives cases from the municipal courts; accounts for and disburses fees and fines to the County Treasurer; prepares judgment rolls and case records; issues warrants and necessary documents for court actions including the issuance of occupational licenses in operating while intoxicated cases, and maintains records for the automated JUSTIS System.

In the *Civil Section*, the Civil Courts adjudicate small-claims, large claims, replevin and eviction actions.

The Clerk of Circuit Court consults with litigants and attorneys on procedural matters, calculates costs and records judgments. This section maintains the central court files for civil and family matters. The Civil Section directs the work of the clerical staff of the court, assigns and calendars all cases in the Civil and Family Sections of the Circuit Court and supervises the processing of civil appeals to the State Court of Appeals.

The Clerk of Circuit Court, *Children's Section* consults with petitioners, court-appointed guardians, probation officers and other officials. The Children's Courts exercise jurisdiction over matters involving persons under the age of 18 years regarding delinquency, dependency, neglect, guardianships, detention and termination of parental rights. This section directs the preparation of legal processes, court orders and vouchers and maintains and files Children's Court records, including disposition of cases. This section also processes termination of parental rights proceedings, agency adoptions and documents filed in all adoption proceedings (Chapters 48 and 882).

BUDGET HIGHLIGHTS

DEPARTMENTAL

- Personal Services expenditures without fringe benefits decrease \$968,418 from \$14,765,516 to \$13,797,098. Funded positions decrease 22.2 positions, from 302.9 to 280.7.
- Milwaukee County is responsible for certain costs associated with the operation of the State Circuit Court System. Some of these costs are partially reimbursed with revenues from the State of Wisconsin. Fees paid to outside vendors by Combined Court Related Operations are necessary to support court proceedings as determined by a judicial officer. The fee amounts are determined either by State Statute or local judicial directive, as approved by the Chief Judge of the First Judicial District. The table below highlights the major fees paid by all Milwaukee County court divisions in subsidizing the State Circuit Court System.

TOTAL	\$5,559,131	\$5,535,481	\$ (23,650)

- The State of Wisconsin has appropriated \$18.7 million for payments to counties under the Circuit Court Support Grant Program for State fiscal years 2004-2005. This budget projects the same revenue as 2005. A county's circuit court support payment is based on the following: 1) \$42,275 is paid for each county's circuit court branch, with shared branches serving overlapping counties receiving a proportional share of this amount based on judicial weighted caseload; 2) \$10,000 is provided for each county with one or fewer branches; and 3) remaining funds available under the State's appropriation are apportioned to counties having more than one branch, based on population.

For 2006, \$3,585,672 is budgeted for the Circuit Court Support Grant, a decrease of \$10,586 from the 2005 Budget. This variance is due to a State mid year correction.

- The State also reimburses counties to offset costs related to Guardian ad Litem (GAL) services. During State fiscal years 2004-2005, \$4,738,500 is appropriated to be distributed to counties based on each county's proportionate share of: 1) court branches; 2) revenue generated by the circuit court support fee; and 3) the number of cases that would likely involve GAL services (case filings under Chapters 48, 55, 767, and 880, Wisconsin Statutes).

Revenue for GAL services decreases by approximately \$1.0 million to \$975,352 from \$1,963,662 in 2005. After the County adopted its 2004 Budget, the County Executive, Chief Judge and County Board Chairman joined together in petitioning the State Legislature to increase the GAL grant through an increase in

filing fees. However, the legislative session expired prior to the bill being considered.

Milwaukee County again pursued reimbursement of GAL costs in the 2005-2007 State of Wisconsin Budget to increase reimbursement of Milwaukee County's GAL costs by approximately \$1,900,000 over the biennium. For 2005, this reflected revenue of approximately \$950,000. Again, this action failed.

As State reimbursement revenue for GAL services decreases by approximately \$1.0 million for 2006. A corresponding expenditure and tax levy reduction is taken to offset the decrease in state funding.

- In the 2005 Budget, the Department of Administrative Services (DAS), in cooperation with the Sheriff's Department and Courts were ordered to perform an analysis to identify more effective and efficient methods of utilizing Bailiffs by the Combined Court Related Operations and redeploying them elsewhere in the Sheriff's Department during periods of down time. DAS-Fiscal Affairs examined data from both Courts and the Sheriff's Department to fully understand staffing needs. The primary source for court data comes from the Consolidated Court Automation Programs (CCAP). The primary source for Sheriff data is labor distribution data from payroll. The 2004 data examined is at the employee level and includes hours worked, date, activity, overtime and total earnings. By focusing attention at both the court level and the sheriff level it was possible to gauge the use of bailiff services. The DAS analysis results in a 2006 bailiff reorganization staffing plan to ensure that bailiff staffing matches courtroom activity.
- Highlighted in the table below is the 2006 redeployment based on the above analysis. The 2006 bailiff staffing plan provides for 82 sworn positions, including 78 Deputy Sheriff 1 positions, three Deputy Sheriff Sergeants, one Deputy Sheriff Captain, one Clerical Assistant and 9000 overtime hours to cover 71 posts. The crosscharge of \$8,380,753 from the Sheriff's Department is a decrease of \$1,243,437 from the 2005 Budget.

BAILIFF POSTS	
Felony (including preliminary)	23
Misdemeanor and Traffic	19
Intake Court	2
Family Branches & Commissioners	7
Children's Court Judges & Commissioners	12
Security	8
Total Posts	71

- The Department of Audit will perform an audit of the bailiff services function provided by the Sheriff's Department to Combined Court Related Operations. This shall include a review of the crosscharge methodology used by the Sheriff to allocate costs.
- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severally liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

FAMILY COURT COMMISSIONER DIVISION

- Personal Services expenditures without fringe benefits increase by \$13,604 from \$1,870,033 to \$1,883,637. Funded positions decrease 2.3 positions from 30.8 to 28.5.
- The Family Court Commissioner-IV-D section provides support to the Department of Child Support Enforcement in coordination with the Sheriff, County Funded State Court Services and the Family Courts. The 2006 crosscharge to the Department of Child Support is \$2,168,088, which is \$106,455 higher than 2005.

- The \$260,143 cost contained in the Family Court Mediation Services section is offset with revenues collected from filing fees in certain family cases and user fees for mediation and custody study services and from a portion of the sale of marriage licenses. If, during 2006, the actual revenue received from these sources exceeds actual expenditures, the State mandates that the excess revenue be set-aside in a reserve account to offset future operating costs in this section. For 2006, a contribution of \$21,101 from the reserve is budgeted for a zero tax levy in this section.

REGISTER IN PROBATE DIVISION

- Personal Services expenditures without fringe benefits increase by \$37,509 from \$934,489 to \$971,998. Funded positions decrease .3 positions from 18.3 to 18.0.
- Legal Fees decrease \$40,000 from \$210,000 to \$170,000 due to a decrease in the number of cases the Legal Aid Society is handling for Milwaukee County.
- Guardian ad Litem fees decrease by \$15,000 from \$180,000 to \$165,000 as a result of reduced appointments.
- Revenue from the State to offset GAL court costs for the Register in Probate Division decreases \$2,000 from \$92,370 to \$90,370.

COUNTY FUNDED STATE COURT SERVICES DIVISION

2006 Personal Services

- For the County Funded State Court Services Division, Personal Services expenditures without fringe benefits decrease by \$1,007,151 from \$11,923,485 to \$10,916,334. Funded positions decrease 19.6 positions from 253.8 to 234.2.
- In 2005 DAS-Fiscal Affairs examined data from the Consolidated Court Automation Programs (CCAP). CCAP provides automation tracking the progress of cases through the system and includes a Court Information Repository (CIR) application that automatically captures data on cases in each county by extracting information

on an hourly basis. DAS-Fiscal Affairs obtained the CIR data for all of 2004. This information is used to measure judicial caseload, document the need for judgeships and provide information for court management reports that are used to help allocate resources within the court system. While CCAP data is used to track the need for new judgeships it is also useful in tracking courtroom activity time.

In 2004 Milwaukee County had 47 Branch Judgeships plus 23.75 Court Commissioners. The CCAP data documents court activity for each individual Branch Judge along with any temporary judicial positions. The CCAP data captured all courtroom activity for the 47 Branch Judges, five family court commissions and four paternity courts. Data for the Court Commissioner Courtrooms is kept at the aggregate level, and does not identify the individual commissioner for the family courts and paternity courts. Including a temporary branch there were 57 combined Courtrooms in 2004.

The total number of Courtroom Activity days for these 57 combined Courtrooms in 2004 was 10,966, which equates to 76 percent of the number of non-holiday days. With paid time off (PTO) it is understandable that no Judge would be expected to have Courtroom activity time for all non-holiday days. For example if each Branch and Court Commission is granted 30 days of PTO that would equal 1,710 PTO days. This reduces the total number of eligible non-holiday days to 12,711, which calculates to courtroom activity days representing 86 percent of the number of non-holiday days.

2004 Analysis of Courtroom Information Repository Data

Total Number of Courtroom Activity Days for Combined Branch Judgeships and Commissioners	10,966
Total Number of Non-Holiday Days for Combined Judgeships and Commissioners	14,421
Total Number of Estimated Paid Time Off Days for Combined Judgeships and Commissioners	1,710
Total Number of Non-Holiday Days Accounting for Paid Time Off for Combined Judgeships and Commissioners	12,711

- For 2006, three Court Reporter-State positions are abolished for no tax levy savings due to an agreement with the State that when Court Reporter positions become vacant, the position is abolished as a County job and recreated as a State position. State reimbursement is reduced to reflect this change. In addition, one Court Reporter-County is abolished in a pilot program where a Recorder Box is substituted for the employee. Formerly this position was fully funded by Child Support Enforcement.
 - An Assistant Family Court Commissioner .25 FTE is abolished due to the completion of a grant.
 - A total of \$2,163,582 is budgeted in an allocated contingency account within the Alternatives to Incarceration section to provide funding for programs developed by the Chief Judge's Work Group on Pretrial Services. Funding for Alternatives to Incarceration programming may only be expended with the prior approval of the County Board of Supervisors. This is an increase of \$180,548 over 2005. Of this increase, \$177,529 provides contractual service for an Operating While Intoxicated (OWI) program. In the 2006 Budget, the OWI program will be managed and overseen within the County Funded State Court Services Division of Combined Courts. Previously the program was managed at the State level. The cost of this ongoing program is offset by \$177,529 in additional state revenues. With the exception of this \$177,529, Alternatives to Incarceration programs are entirely levy funded. Contracts with previous vendors (WCS, In-House Correctional Services and Justice 2000) continue in 2006 with no change in tax levy. The courts will continue to administer the contract with the Wisconsin Community Services for the provision of pretrial services. The Chief Judge is responsible for managing and monitoring the pretrial programs developed by the Chief Judge's Work Group for Pretrial Services.
 - The Domestic Violence Judicial Oversight Initiative continues in 2006 with a budget of \$400,900 which reflects an increase of \$25,141 in expenditures. Revenues are budgeted at \$400,900 to completely offset expenditures.
- The objective of the program is twofold: enhance support for victims and intensify monitoring and treatment of batterers.
- The original five-year grant, from the National Institute of Justice, ran from 2000 through 2004 and reimbursed 100 percent of the costs associated with this program, primarily 16 full-time equivalent (FTE) positions and contracts with outside agencies. Although this grant, authorized under the Violence Against Women Act, was originally scheduled to end in 2004, the department submitted and received approval of a grant extension for \$700,000. The grant extension will run through 2005 and will fund four FTE positions within Courts as well as contracts with outside agencies. Presently, another grant application is in process for another extension which will run through 2006. If approved, the department will submit an appropriation transfer in the spring of 2006 to the County Board if the new award is greater than the current amount of \$400,900 which is being budgeted at this time. If there is no grant extension four grant funded FTEs will be abolished in 2006 including: 0.5 Accountant 2, 1.5 Deputy Clerk of Court Judicial Assistant, .75 Victim Advocate (DV), .75 Program Coordinator (JOI), 0.5 full-time Court Commissioner.
- One position of Audio Visual Technician, created in 1999 for the video conferencing initiative in the courts, is continued at a Personal Services cost of \$63,419 and offset with \$61,020 in Federal Justice Assistance Grant (JAG) revenue for a total levy commitment \$2,399. The revenue amount was approved by the County Board in Spring 2005 when Milwaukee County was awarded the grant. The initiative allows court participants in certain cases to appear via video and telephone link-ups. The goal is to reduce the cost of transporting inmates, especially from remote facilities, and lessen the security risk to the community.
 - Juror costs are budgeted at \$753,100 for 2006, an increase of \$1,800 over 2005. This includes \$678,600 for Juror Fees, \$64,500 for Juror Meals and \$10,000 for Juror Hotel bills.
 - Appropriations for capital items are \$16,100 for replacement of two copy machines.

- State reimbursement decreases \$936,924, from \$6,516,116 to \$5,579,192 in 2006. This is mostly due to the GAL reimbursement discussed above. The table that follows identifies changes to State grant and reimbursement revenue for the County Funded State Court Services Division.

STATE GRANTS & REIMBURSEMENT			
County Funded State Court Services	2005 Budget	2006 Budget	2005/2006 Change

WCS - OWI Project	0	177,529	177,529
TOTAL	\$6,516,116	\$5,590,205	\$ (925,911)

- For 2006, the Permanency Plan Review Project has expenditure authority of \$589,460, which is completely offset with State revenue. The project provides children in an out-of-home situation with a review every six months by the court. Revenue from the Bureau of Child Welfare funds six full-time position equivalents, which are asterisked or identified for abolishment if State funding is discontinued.
- Revenues from the Interest on Investments account have increased \$100,000 from \$300,000 to \$400,000 in 2006 due to realigning monies at banks and seeking better returns.
- Revenue in Legal Fee Recovery increases \$100,000 from \$155,000 to \$255,000 in 2006 for

GAL reimbursements. The Clerk of Circuit Court Division has more actively pursued these revenues by employing a collection agency.

- The Clerk of Circuit Court is requesting authority to enter into the following Professional Service Contracts in 2006. They are included in this budget for County Board approval in lieu of separate review and approval during the budget year. These contracts are with an identified vendor.

DEPARTMENT OF CHILD SUPPORT

ADOPTED 2006 BUDGET**DEPT:** DEPARTMENT OF CHILD SUPPORT**UNIT NO.** 2430**FUND:** General - 0001**OPERATING AUTHORITY & PURPOSE**

The Department of Child Support implements and administers the Child Support Enforcement Act pursuant to Title IV-D of the Federal Social Security Act and Sections 49.22 and 59.53(5) of the Wisconsin Statutes, under contract with the State Department of Workforce Development. Title IV-D of the Federal Social Security Act applies to custodial parents receiving public assistance. Cases are referred by the Department of Human Services, W-2 agencies and the Milwaukee Bureau of Child Welfare when a custodial parent or child is

eligible for any one of a variety of benefits. The Department of Child Support works cooperatively with other County departments to comply with the IV-D program mandates. Title IV-D legislation requires the Department to provide services to locate parents, establish paternity, enforce and establish child support and medical support orders. Non-W-2 custodial parents may also apply to receive the Child Support Services that are provided to IV-D eligible custodial parents.

MISSION

The Department of Child Support, through the utilization of community resources, promotes family stability by creating a better quality of life for the children of Milwaukee County.

DEPARTMENT DESCRIPTION

The Department has four divisions: Case Management (Establishment and Enforcement), Financial, Legal and Operations. Establishment is responsible for establishing paternity and support orders and Enforcement handles income withholding, contempt actions, modification reviews and interstate enforcement. In Financial, the focus is on entry of family court orders on Wisconsin's Kids Information Data System (KIDS) and the proper disbursement of support payments. In Legal, Attorneys represent the Department in court hearings. Operations is responsible for maintaining the infrastructure of the Department.

The **Case Management Division** includes the Establishment and Enforcement areas and monitors approximately 138,000 cases annually for establishment and enforcement of child support obligations. This division responds to customer service inquiries from case participants via the telephone, email, or walk-in services. They also handle medical support orders and work with other states and tribes to establish paternity and support orders and to enforce existing orders.

Establishment includes multiple functions: initiation of cases, establishment of paternity and establishment of case support orders. This area receives referrals from W-2 agencies, the Department of Health and Human Services (DHHS), individuals applying for services, Foster Care and Kinship Care providers. Initiation reviews data and schedules establishment interview appointments. Interviewing mothers and potential fathers to determine whether court action is appropriate is the primary responsibility of establishment paralegals. Interviews take place at the Courthouse, W-2 sites, the DHHS and the Children's Court Center.

Enforcement monitors cases to ensure timely payment of child support orders and, if necessary, takes administrative and/or legal action to enforce payment. Staff locate parents who are delinquent in support and find income and assets that may be

used to satisfy support orders. This area also monitors automated delinquency reports, sends enforcement warning letters to delinquent payers, and sends income withholding notices to employers when employment is reported by the payer, the payee, or through the Federal or State new-hire directories. Applicants for child support services automatically receive tax intercept services. The Internal Revenue Service (IRS) and the State Department of Revenue (DOR) intercept refunds due to support payers who have outstanding support debts. Personnel have begun to utilize new enforcement tools to collect child support arrears including: Financial Institution Data Match (FIDM), Lien Docket and Recreational License Suspension.

The **Financial Division** is responsible for maintaining Milwaukee County family court orders on KIDS, the statewide support computer system. Personnel are charged with entering all court orders on KIDS ensuring that support payments properly pay out to the custodian as ordered. This division processes an average of 3,000 court orders per month.

Additionally, staff monitor reports allowing payments to flow through the case accounts and pay out in an accurate, timely manner. Staff are responsible for manually allocating payments to cases which cannot be processed automatically by pulling files and receipts to help co-workers review cases and printing payment records for the courts, participants, agencies and co-workers. The division completes financial record reviews for cases that are placed upon the State Support Lien Docket.

The **Legal Division** is responsible for representing the Department of Child Support Enforcement in more than 600 family court hearings per week in Milwaukee County. The division's attorneys represent the Department and the State of Wisconsin before the County's five family court judges and eleven family court commissioners. They also appear, as needed, in probate and bankruptcy proceedings affecting the Department's cases. Attorneys negotiate with case participants to resolve outstanding debt.

The **Operations Division** provides support services to department managers, including but not limited to budget preparation and payroll services.

 - Collection of child support arrears
 - Cost effectiveness
- The 2006 Budget is based on the Department meeting certain performance standards in order to achieve full incentive revenue of \$4,077,763 under the terms of the State/County contract. This reflects a decrease of \$118,437 over 2005 budgeted revenue and assumes 100 percent achievement of the performance standards. The performance revenue in 2006 is based on the following levels of performance standards and begins with a baseline established on September 30, 2005:
 - Maintain paternity performance at current level.
 - Increase current support collection rate by 0.5 percentage points.
 - Increase order establishment rate 2.0 percentage points.
 - Increase collections on arrears by 1.0 percentage points.

If during 2006 the amount of actual performance revenue exceeds the amount of budgeted revenue, the surplus is to be recorded in a special revenue account, titled Revenue from Other Governmental Units. These funds can only be expended via an appropriation transfer requiring approval of the County Executive and County Board.
- Child Support receives cost reimbursement revenue of 66 percent for all expenditures, including expenses for Courthouse space rental and County services such as information technology assistance that are budgeted centrally. In 2006 this revenue increases by \$218,437 to a total of \$12,624,703.
- All staff is budgeted in the administration area in 2006.
- In 2006, Child Support will begin a pilot program with Racine County to provide telephone support to Racine County Child Support clients. Currently, the Department provides customer services via telephone only for Milwaukee County clients. Racine has agreed to provide a toll-free phone line in 2006 so their clients can contact the Milwaukee County Child Support customer service call center, where Milwaukee County staff will provide support to Racine County clients. No additional call center staff is needed for this initiative. Based on the experience with the Racine pilot, the Department hopes to create a yearly contractual agreement with Racine County and expand this service to other neighboring counties in the future as a mechanism to generate revenue.
- Due to the need to retain qualified employees the following positions reallocated in the 2006 budget: Child Support Coordinator, Child Support Supervisor and Project Supervisor. The total cost of this initiative is \$27,660. The cost is off-set by the abolishment of one vacant Fiscal Assistant 1 position.
- The cost of one Economic Support Specialist (ESS) is again crosscharged to Child Support from DHHS to reflect the role of a dedicated ESS worker on cases in which Income Maintenance and Child Support issues intersect. Through this initiative both departments can improve their performance standards by enhancing the accuracy of the data maintained in the KIDS database.
- The crosscharges to the Child Support program from the Family Court Commissioner, District Attorney and Clerk of Circuit Court are reviewed annually. Crosscharges are adjusted to reflect appropriate staffing levels, percentage of operating expenses related to Child Support

national elections, with the exception of elections for County constitutional officers held every two years. Almost all costs of Fall elections are not reimbursed to the County and are, therefore, tax levy.

DEPARTMENT DESCRIPTION

The Election Commission budget includes the following two programs:

1. Spring Elections – The primary and general elections held in the spring are Judicial, County, municipal and school board elections. Municipalities reimburse the County for their share of expenses. The County must absorb all costs for Federal, State Judicial and County elections. In presidential election years, there is also a presidential preference election.
2. Fall Elections – The primary and general elections held in the fall are primarily State and

BUDGET HIGHLIGHTS

- Personal Services expenditures without fringe benefits increase by \$32,829 from \$162,319 to \$195,148. Increased election activity will require additional hours for Election Clerk (hourly) and increased staff overtime.
- The workload of the Election Commission varies significantly from year to year according to the number and type of elections anticipated. In 2006, there will be a primary and general election in both spring and fall. Expenditures reflect an increase based on a minimum of these four anticipated elections, compared to two elections in 2005.

- The appropriation for overtime doubles, from \$12,696 to \$25,392. The appropriation for Election Clerks (hourly) who assist in the Election Commission office during peak activity periods increases \$6,360 from \$14,614 to \$20,974.
- The appropriation for advertising increases \$38,845, from \$36,155 to \$75,000, based on twice the number of election notices to be published.

Ballots and election supplies increase \$337,590 from \$262,410 to \$600,000. The size of the ballot and the number of ballots printed increases considerably because of the type of offices on the ballot.

- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12),

MISSION

In its functions of cash receipt and disbursement, property tax services and investment program, the Milwaukee County Treasurer's Office will provide prompt, high-quality services to sustain the overall operation of County government for the benefit of its citizens.

\$1,235,000. For 2006, the number of notices processed is anticipated at 4,000, 12,000 less than in 2005. These reduced figures are the result of an aggressive campaign to collect delinquent taxes in 2005, which created a surplus in this account in 2005 and reduced outstanding delinquent properties by 50 percent.

BUDGET HIGHLIGHTS

- Personal Services expenditures without fringe benefits decreased by \$708, from \$407,416 to \$406,638.
- The reduction in revenue by \$228,650 is primarily due to the department's reduced projection in delinquent tax collections and statutory responsibility to pay unpaid personal property tax charge backs. The 2005 Budget deficit in this account was due to unpaid charge back billings from 2003. The 2006 Budget for tax charge backs remains unchanged at \$200,000 and should cover the actual one-year expense for 2006. Milwaukee County has no control over expenses for charge backs.
- Interest collected on delinquent property taxes reduces \$215,000, from \$1,450,000 to \$1,235,000.
- The administrative costs remain unchanged at \$250 per foreclosure and \$150 for delinquent property listings. These fees anticipated a total of \$6,500 in revenue, which reflects a \$3,500 decrease over 2005.
- Advertising decreases by \$3,000, from \$12,000 to \$9,000. This decrease is attributed to the publishing of unclaimed funds in odd years only. Advertising for foreclosures is required by State Statute.
- \$275,000 is budgeted for administrative fees for investment of the County's short-term cash deposits. This includes \$85,000 in the Treasurer's Office's budget and \$190,000 of the non-departmental account for Earnings on Investments (org 1900-1850). The contract for these services will be up for bidding in 2006.

MISSION

The Milwaukee County Sheriff's Office will partner with the community, forming a circle of trust, dependability, respect and justice. The Sheriff's Office will reach its greatest potential by empowering employees with a supportive and professional environment that encourages innovative leadership guided by uncompromising integrity and values that enhance the quality of life in Milwaukee County.

DEPARTMENT DESCRIPTION

The following is a departmental summary of functions.

The **Administrative Bureau** performs management and support functions for the Sheriff and House of Correction as well as community relation activities and public information. Included in these duties are leadership, personnel management, preparation of the annual budget, fiscal monitoring, accounting and payroll functions. Also included in this bureau is the

Office of Professional Standards which investigates all incidents involving Sheriff's Office personnel.

The **Emergency Management Bureau** was created in 1998 by merging the County Executive-Emergency Government Division into the Sheriff's Office. The Emergency Management Division administers a unified, County-wide emergency plan to mitigate all hazards, maintains communications and enhances public awareness campaigns to assure the community has knowledge of typical hazards and outlines preventive measures that can be taken. The Bureau provides direction and guidance to all County and municipal agencies as well as the private sector in the development of individual emergency plans.

The **Police Services Bureau** is responsible for patrolling the Airport, the County Grounds, the Parks, and the Expressway. In addition, the Police Services Bureau includes the Criminal Investigations

Division, the Milwaukee Metropolitan Drug Enforcement Group (MMDEG) and the High Intensity Drug Trafficking Area (HIDTA). The Criminal Investigations Division investigates physical and property crimes, effects arrests, gathers and processes evidence and testifies in court. Deputies assigned to this division are responsible for completing background investigations on all county law enforcement candidates and civilians applying for positions in the Sheriff's Office. In addition, they serve state-mandated civil writs such as Temporary Restraining Orders, Commitments to Mental Health, Body Attachments, Writs of Restitution/Assistance, Executions and Evictions. This Bureau also houses the SWAT team, the bomb disposal unit and the dive team.

The **Detention Services Bureau** includes the County Jail, Medical and Psychiatric Services for the Sheriff's Office and the House of Correction. The jail is a secure detention facility with a design capacity of 990 beds for holding accused felons, misdemeanants and municipal violators until they are released on a pretrial basis or are adjudicated. The jail also houses a small number of sentenced offenders awaiting transfers or hearings on new charges. The rated capacity of the County Jail has increased from 798 to 990 due to double bunking. The Sheriff and the Superintendent of the House of Correction have the authority to transfer inmates between the County Jail and the House of Correction in order to maximize the use of available beds.

The **Special Operations Bureau** includes Training, Civil Process Service, Central Records, Bailiff Services, Communications and Highway Safety liaison.

DETENTION BUREAU

The 2006 Budget for the House of Correction and Sheriff's Office continues an inmate population control "cap proposal" for the Milwaukee County detention population.

Milwaukee County was a defendant in litigation (Milton Christensen, et al vs. Michael J. Sullivan, et al) wherein plaintiffs allege that overcrowded conditions exist in the County Jail. In recognition of past overcrowded conditions in the County Jail, the Wisconsin Supreme Court has ruled that the State cannot force the County to house State probation and parole violators when, in the opinion of the Milwaukee County Sheriff, overcrowded conditions exist in the County Jail.

The Sheriff and the Superintendent, of the House of Correction have advanced a safe and reasonable way of accommodating the incarceration needs of Milwaukee County by proposing a cap for the County Jail, which is tied to a system-wide cap which includes the County Jail and House of Correction. The capacity of the current system, which is defined as both the original design capacity and the expanded/modified capacity, is as follows: the County Jail has a design capacity of 744. It has an expanded rated capacity of 936. Its total bed space is 990. The House of Correction has a design capacity of 1,858. It has a rated capacity of 2,010. Its total bed space is 2,340. The entire system has a design capacity of 2,602. It has a rated capacity of 2,946. It has total bed space of 3,330. The cap proposal addresses the system's population in levels or thresholds, meaning that when the system reaches certain population levels, these levels would

trigger the following necessary and appropriate actions by the criminal justice system in order for the system to operate safely:

LEVEL I: Criminal Justice Facility (CJF) = 1,000; System Wide (CJF and House of Correction combined) = 3,300

HOC staff would: (1) Increase number of administrative modifications to electronic surveillance/home detention; (2) begin to identify people sentenced to community access with Operating While Intoxicated (OWI) convictions who have served less than fifty percent of their sentence; (3) add non-violent felons to the pool (it is estimated this action might open approximately 100 beds at the HOC); (4) refer persons who would otherwise qualify for electronic surveillance, but do not meet the telephone requirements to the in-house home detention program; and (5) request bail review and re-evaluations for everyone with bail of \$500 or less, with consideration of the numbers and categories of offenses involved.

LEVEL II: CJF = 1,050; System Wide = 3,300

(1) Review all unemployed sentenced misdemeanors with community access for administrative modification to electronic surveillance; (2) refer anyone identified who cannot meet the telephone requirements to the in-house detention program (approximately 250 people in this category); (3) seek bail review and re-evaluations for persons with bails up to \$750, with consideration of the numbers and categories of offenses involved; (4) give a future date to report and begin serving their sentence to all newly sentenced persons who are not in custody; (5) review persons serving municipal commitments and persons who have served a portion of their sentence for possible release; and (6) review and modify custody agreements as necessary.

LEVEL III: = CJF 1,075; System Wide = 3,400

(1) Review all persons with community access sentences for administrative modification of the sentence to electronic surveillance; (2) refer anyone identified who cannot meet the telephone requirements to the in-house detention program; (3) continue to give a future report date to anyone out-of-custody and newly-sentenced to a community access sentence; (4) seek bail review and re-evaluations for persons with bails up to \$1,000, with consideration of the numbers and categories of

offenses involved; (5) release all municipal commitments; (6) seek early release and modification of sentences to time served for persons who have served seventy-five percent of their sentence with good time; (7) seek additional jail space, including utilization of 5 East (located within the Safety Building at 821 W. State St.) as well as renting space in other jails; (8) review new admissions, and, where appropriate, cite and release persons from custody; and (9) identify vacant buildings for use as custody space.

LEVEL IV: CJF = 1,075; System Wide = 3,400 (for 5 consecutive days)

(1) Review all straight time misdemeanor sentences for administrative modification to electronic surveillance; (2) refer anyone identified who cannot meet the telephone requirements to the in-house detention program; (3) identify persons serving community access sentences to have sentences interrupted, to return later to resume serving their sentence; (4) seek bail review and re-evaluations for persons with bails up to \$2,500, with consideration of the numbers and categories of offenses involved; and (5) include in requests for sentence modification all persons who have served up to fifty percent of their original sentence.

- The 2006 Budget includes 2 Deputy Sheriff 1 and .5 Deputy Sheriff Sergeant positions and overtime appropriations totaling \$197,324 which are crosscharged to the House of Correction as part of the Milwaukee County Community Justice Resource Center.
- An appropriation of \$67,000 is provided to continue the inmate education and jail literacy programs through the Wisconsin Technical College and MATC. Grant revenue is budgeted at \$50,250 resulting in a tax levy contribution of \$16,750 for these programs.
- Commissary revenue increases \$20,000, from \$150,000 to \$170,000 based on experience.
- The Sheriff's Office has entered into a contract with the State of Wisconsin to house State prisoners who are nearing the end of their sentence in the Criminal Justice Facility. This results in the transfer of additional pretrial inmates to the House of Correction. Revenue of \$1,043,800 is anticipated from this program in 2006 and is split with the House of Correction.

- Telephone Commission revenue for telephone calls placed by inmates in the CJF continues at the 2005 level of \$818,928. A debit phone card is now available for inmates to purchase as an alternative to the collect call system.
- Funding for the contract for library services of \$31,000 is included in 2006.
- Revenue from the SCAAP Federal illegal alien assistance program of \$180,000 is eliminated. This program is targeted for elimination by the federal government.
- The 2006 Budget increases Federal revenue for housing inmates for the U.S. Marshal's Service from \$990,000 to \$1,200,000 based on experience. The 2006 Budget is based on housing an average of 55 inmates per day.
- The Jailer initiative begun in 2005 continues in 2006 with Deputy Sheriffs being replaced by Correctional Officer 1s in the Criminal Justice Facility through attrition. It is anticipated that an additional 50 Correctional Officer 1s will be hired and trained in 2006.

	2004	2005	2006
	Actual	Budget	Budget
Bookings	51,910	52,000	50,256
Daily Average Pop.	1,066	960	935

- Actual medical service expenditures for inmates at the County Jail and the House of Correction increased from \$6,793,407 in 1999 to \$15,293,335 in 2004. This increase was primarily due to increased staffing levels and temporary help expenditures in order to meet the requirements of the Milton Christensen, et al vs. Michael J. Sullivan, et al lawsuit and an increase in prescription drugs, lab testing fees, medical records expenditures and outside medical service fees at clinics and hospitals. The 2005 Budget provided tax levy of \$14,658,768 for inmate medical services. For 2006, outside inmate medical service fees are decreased \$510,000, from \$1,200,000, to \$690,000 and prescription drug appropriations are decreased \$100,000, from \$1,200,000 to \$1,100,000. Total inmate medical service tax levy for inmates at the County Jail and the House of Correction is budgeted at \$14,644,540, a decrease of \$14,228 from 2005.

- Inmate Medical Service co-payment revenue is increased \$8,000 to \$68,000. Inmates are charged through their inmate trust account and charges are collected if funds are available. No inmate is denied necessary medical services due to an inability to pay. This practice has significantly reduced the number of frivolous requests for services from inmates.
- 1,000 hours of Physician (Pool) are created at a cost of \$76,090 to provide vacation relief and weekend coverage for the existing two positions of House Physician 3 and Medical Director that serve the inmate population at the Criminal Justice Facility and the House of Correction.
- Two positions of Physician Assistant are created while simultaneously abolishing 2 Nurse Practitioners for an overall additional cost of \$0. Physician Assistants replace the Nurse Practitioner positions and will supplement the existing Nurse Practitioner staff.
- In 2003, the Sheriff's Office obtained approval for an electronic medical records system for the CJF at a cost of \$680,000. This system has resulted in the elimination of contract medical records services of \$650,000 annually, a reduction in outside temporary help nursing services of \$300,000 and the elimination of 4 Unit Clerks. For 2006, funding for 1 Network Application Specialist and \$25,000 for annual software maintenance is continued. In addition, a \$25,000 appropriation is requested for potential system modifications and upgrades.

SPECIAL OPERATIONS

- The 2006 Budget includes \$218,021 for various maintenance agreements. This includes \$171,597 for the computer aided dispatch system, \$8,633 for the communication voice logger, \$15,213 for the mobile radio system and \$22,578 for six months of maintenance for the SBC and Positron PSAP system.
- In 2005, the Sheriff's Office was designated the Public Safety Answering Point (PSAP) for cellular E-911 telephone calls in Milwaukee County. This designation made the Sheriff's Office eligible for State reimbursement of E-911 related expenses from 1999 through 2008. Reimbursements will begin in May 2006 and will

FUND: General - 0001

continue for 36 months. It is estimated that Milwaukee County will receive approximately \$2.5 million over this three-year period. The 2006 budget request includes PSAP revenue of \$150,000 in the operating budget. The remaining \$400,000 anticipated in 2006 is available to offset capital budget expenditures.

- Three of 23 positions currently authorized as Communications and Highway Safety Dispatcher were abolished and recreated as Dispatcher Coordinators as approved by the County Board in July of 2005. These positions provide supervisory oversight in the Sheriff's Communications Center. The Dispatch Coordinators will continue to perform dispatching duties but will function as the lead position on each shift and be responsible for the scheduling of the Communications and Highway Safety Dispatchers.
- One position of Geofile System Manager is created at \$44,570 to create map, add, update and remap roadways throughout Milwaukee County. The position will also provide backup for the CAD Administrator position. Currently, a Dispatcher is working part-time to minimally maintain the Geofile System. This has been inadequate and has resulted in increased overtime expenditures.
- One thousand hours of Communications and Highway Safety Dispatcher (Pool) is created at \$20,286 to provide additional dispatchers to accommodate the anticipated increase in wireless 911 emergency service calls. The increased cost of this initiative is offset by a decrease in overtime hours.

911 Cellular Phone Calls	450,000	365,000	501,000
911 Enhanced Phone Calls	15,000	16,000	16,000

- The Central Records Division is staffed by 7 clerks who enter all civil process, parking citation and traffic citations into the appropriate computer systems. This Division has expenditures of \$379,720 offset by revenue from accident reports of \$102,000 for a tax levy of \$277,720.

- The Process Service Division is staffed with 6 Deputy Sheriff 1 positions and has expenditures of \$594,896 offset by revenue of \$232,000 for a tax levy of \$362,896.
- The Support Administration Division is staffed by 3 Deputy Sheriff 1 and 1 Administrative Assistant and has expenditures of \$392,798 offset by revenue of \$10,000 for a tax levy of \$382,798.
- The 2006 Budget provides for bailiff services to the Combined Courts at a cost of \$8,380,753, which is a decrease of \$1,243,437 from 2005 due primarily to a new security initiative for 2006. The new initiative undertakes a reorganization of bailiff staffing to achieve greater efficiencies while maintaining and ensuring safety. In 2006, 19 Deputy Sheriff 1 positions are abolished upon vacancy.

The Bailiff Services Unit is authorized to include 78 Deputy Sheriff 1 positions, 3 Deputy Sheriff Sergeants, 1 Deputy Sheriff Captain and 1 Clerical Assistant 1. These positions provide full-time and vacation relief coverage for the following 71 posts:

BAILIFF POSTS	
Felony (including preliminary)	23
Misdemeanor and Traffic	19
Intake Court	2
Family Branches & Commissioners	7
Children's Court Judges & Commissioners	12
Security	8
Total Posts	71

The \$534,462 budgeted for the 8 bailiff posts for security remains in the Sheriff's budget. DAS-Fiscal Affairs will examine implementation of crosscharges in 2006.

- Training academy tax levy costs of \$1,978,943 are allocated to other cost centers in the Sheriff's Office based on the number of sworn officers assigned to each low organizational unit.
- The 2006 budget request increases the number of in-service training hours for Deputy Sheriffs and Correctional Officers from 24 hours to 40 hours. The current 24 hours of in-service training dictated by the State Training and Standards Board does not encompass sufficient

information relative to case law, ethics, leadership and diminishing skills for physical tasks. Therefore, the 2006 budget includes 16 hours of overtime and 24 hours of straight time for in-service training for every Deputy Sheriff and Correctional Officer and 16 hours of overtime for Dispatchers and medical staff. In addition, an appropriation of \$50,000 is requested to bring in subject matter experts on ethics, professionalism and leadership. The 2006 budget request also includes \$95,920 to replace the firearms training simulator, \$110,000 for an emergency vehicle/patrol driving simulator and \$9,935 for dispatcher simulation training equipment.

ADOPTED 2006 BUDGET

DEPT: HOUSE OF CORRECTION

UNIT NO. 4300
FUND: General - 0001

MISSION

The Milwaukee County House of Correction (HOC) is dedicated to providing a safe and secure environment for staff, community and inmates. To this end, all under its employ will display professional conduct, which exemplifies honesty, integrity and personal responsibility. The Department will meet daily challenges, assuring that all persons are treated fairly with dignity and respect, while afforded the opportunity and encouragement to reach their full potential.

The **Administration Division** consists of the Central Administration, Business Office, Inmate Canteen, Maintenance and Power Plant Sections. In 2003, the Commodity Warehouse, which was previously part of this division, was closed due to the outsourcing of inmate food service.

The **Food Service Division** prepares meals for the inmates at the House of Correction, the County Jail, and for special events held on County property. Aramark Correctional Services Inc., assumed operation of the inmate food service program on July 1, 2003.

The **Inmate Industries Division** employs approximately 200 inmates and consists of a graphics print shop, laundry, welding and recycling center. The division provides basic training in vocational jobs and meaningful work experience in business/industrial operations. Expenses are offset with revenues produced by providing useful products and services to public and private agencies. The Inmate Industries Division also operates the Farm and Fish Hatchery at the House of Correction that provides food to Hunger Task Force of Milwaukee and stocks fish in the lagoons and ponds of the County's parks.

The expanded **Adult Correctional Center**, has a design capacity of 1,650 inmates: 400 beds in the main facility, 250 beds in the Franklin Lotter Building and 1,000 beds in the new addition. The 24-bed infirmary and the 58-bed disciplinary/protective custody unit are not included in the facility capacity. The housing capacity has been increased by placing additional beds in each of the dormitories. The 2006 budget is based on housing 1,610 inmates at the Adult Correctional Center.

The **Community Correctional Center**, located at 1004 N. 10th Street, has a design capacity of 200 inmates. The housing capacity has been increased to 360 by adding a fifth floor for inmate housing and placing additional beds on the remaining floors. The majority of inmates at this facility have community access under court order to work, attend school, provide childcare or to receive medical attention. The staff at this facility also manage home detention program for up to 480 inmates.

The 2006 budget for the House of Correction and Sheriff's Office includes an inmate population control "cap proposal" for the Milwaukee County detention population.

The total 2006 budgeted population at the HOC is broken down into the following percentages: Huber/work release 31.9, sentenced inmates 26.6, jail overflow 15.7, electronic surveillance 14.9, municipal commitments 5.6 and probation/parole 5.3.

Milwaukee County was a defendant in litigation (Milton Christensen, et al vs. Michael J. Sullivan, et al) wherein plaintiffs alleged that overcrowded conditions exist in the County Jail. In recognition of overcrowded conditions in the County Jail, the Wisconsin Supreme Court has ruled that the State cannot force the County to house State Probation and Parole violators when, in the opinion of the Milwaukee County Sheriff, overcrowded conditions exist in the County Jail.

The Sheriff and the House of Correction Superintendent have advanced a safe and reasonable way of accommodating the incarceration needs of Milwaukee County by proposing a cap for the County Jail, which is tied to a system-wide cap that includes the County Jail and House of Correction. The capacity of the current system is defined as both the original design capacity and the expanded/modified capacity is as follows: The County Jail has a design capacity of 744. It has an expanded rated capacity of 936. Its total bed space is 990. The House of Correction has a design capacity of 1,858. It has a rated capacity of 2,010. Its total bed space is 2,340. The entire system has a design capacity of 2,602. It has a rated capacity of 2,946. It has total bed space of 3,330. The cap proposal addresses the system's population by level

thresholds. When the system reaches certain population levels, these levels would trigger the following necessary and appropriate actions by the criminal justice system in order for the system to operate safely:

LEVEL I: Criminal Justice Facility (CJF) = 1,000; System wide (CJF and House of Correction combined) = 3,300

House of Correction staff would: (1) Increase number of administrative modifications to electronic surveillance/home detention; (2) begin to identify people sentenced to community access with Operating While Intoxicated (OWI) convictions who have served less than fifty percent of their sentence; (3) add non-violent felons to the pool (it is estimated this action might open approximately 100 beds at the HOC); (4) refer persons who would otherwise qualify for electronic surveillance, but do not meet the telephone requirements, to the In-House home detention program; and (5) request bail review and re-evaluations for everyone with bail of \$500 or less, with consideration of the numbers and categories of offenses involved.

LEVEL II: CJF = 1,050; System wide = 3,300

(1) Review all unemployed sentenced misdemeanants with community access for administrative modification to electronic surveillance; (2) refer anyone identified who cannot meet the telephone requirements to the In-House detention program (approximately 250 people in this category); (3) include in-bail review and re-evaluations of persons with bails up to \$750, with consideration of the numbers and categories of offenses involved; (4) provide all newly sentenced persons who are not in custody a future date to report and begin serving their sentence; (5) review persons serving municipal commitments and persons who have served a portion of their sentence for possible release; and (6) review and modify custody agreements as necessary.

LEVEL III: CJF = 1,075; System wide = 3,400

(1) Review all persons with community access sentences for administrative modification of the sentence to electronic surveillance; (2) refer anyone identified who cannot meet the telephone requirements to the In-House detention program; (3) continue to give a future report date for anyone out-of-custody and newly-sentenced to a community access sentence; (4) include in-bail review and re-evaluations of persons with bails up to \$1,000, with

consideration of the numbers and categories of offenses involved; (5) release all municipal commitments; (6) seek early release and modification of sentences to time served for persons who have served seventy-five percent of their sentence with good time; (7) seek additional jail space, including utilization of 5 East (located within the Safety Building at 821 W. State Street) as well as renting space in other jails; (8) review new admissions and, where appropriate, individuals would be cited and released from custody; and (9) identify vacant buildings for use as custody space.

LEVEL IV: CJF = 1,075; System wide = 3,400 (for 5 consecutive days)

(1) Review all straight time misdemeanor sentences for administrative modification to electronic surveillance; (2) refer anyone identified who cannot meet the telephone requirements to the In-House detention program; (3) identify persons serving community access sentences to have sentences interrupted, to return later to resume serving their sentence; (4) include in-bail review and re-evaluations of persons with bails up to \$2,500, with consideration of the numbers and categories of offenses involved; and (5) include in requests for sentence modification all persons who have served up to fifty percent of their original sentence.

BUDGET HIGHLIGHTS

- Personal Services expenditures without fringe benefits decrease by \$310,708 from \$23,114,502 to \$22,803,794. Funded positions decrease 11.8, from 557.4 to 545.6.
- Funding for the Community Justice Resource Center (CJRC) decreases by \$41,249, from \$875,835 to \$834,586 in 2006. The CJRC serves as an alternative to incarceration providing programming services at a community-based location operated by a private vendor with management oversight provided by House of Correction administrators. Judges or Court Commissioners determine eligibility for inclusion in the CJRC. The total appropriation includes a crosscharge from the Sheriff's Office of \$197,324 for the cost of two Deputies and one Sergeant part-time to provide sworn oversight to the participants, \$48,000 for an Office of Justice Assistance Literacy program, partially offset by grant revenue of \$36,200 and \$589,262 for purchase of services from outside agencies. These expenditures are partially offset by an \$81,000 Justice Assistance Grant and a \$50,000

donation resulting in tax levy support of \$667,386. The HOC will continue to seek additional grant funding to offset the tax levy costs of the CJRC.

- Other inmate services include: \$42,000 for AODA treatment services, \$206,460 for job development/assessment programs and \$35,000 for a library contract. In addition, \$26,667 is provided as the 25 percent local match for the Adult Education and Family Literacy Act (AEFL) funds, which are used to provide basic skills/GED programming at the House of Correction.
- In the 2005 Adopted Budget, the House of Correction anticipated operating with four dorms closed. In 2006, the HOC is anticipating operating with six dorms closed based on actual population experience for 2005. Dorm closures coupled with a reduction in the personal services lumpsum result in abolishing the following positions: one Correction Officer Lieutenant Coordinator, 17 Correctional Officer 1s, two Correctional Officer 2s and one Corrections Manager.
- The 2006 Budget completes the HOC printing initiative. One position of Management Assistant Document Services is abolished upon transfer and vacancy for an expenditure and tax levy reduction of \$44,072. One position of Print Shop Customer Service (HOC) is created for an expenditure increase of \$38,570. Net expenditure and tax levy in the House of Correction are reduced by \$5,502. In 2006, departments will be crosscharged for graphic services performed by the HOC Graphics Shop.
- The contract with the State Probation and Parole facility, located on 10th and State Streets, for the provision of food service was discontinued as of January 31, 2005. A revenue loss of \$1,020,000 offset by expenditure reductions of \$701,530 results for a tax levy increase of \$318,470.
- Any inmate released from the HOC shall receive generic prescriptions whenever possible and a maximum three-day prescription supply.
- The House of Correction will continue to provide laundry services to the Behavioral Health Division and the Children's Court Center. The total crosscharge for these services decreases \$16,889 from \$271,950 in 2005 to \$255,061 in 2006. The decrease in charges is due to an anticipated population reduction within the Behavioral Health Division.
- The 2006 Budget includes \$211,534 in expenditure and revenue support for the Farm and Fish Hatchery operations.
- The Sheriff's Department has entered into a contract with the State of Wisconsin to house State prisoners who are nearing the end of their sentence in the Criminal Justice Facility. The revenue of \$1,080,000 will be shared equally between the HOC and Sheriff after subtracting the cost of opening a dorm. This initiative results in HOC expenditures of \$400,000, revenues of \$703,800 and a net tax levy savings of \$303,800.
- Huber Board revenue decreases \$89,790 from \$1,122,375, to \$1,032,585 in 2006. Anticipated Huber inmates for 2006 are 138 inmates paying \$20.50 per day. The 2005 budget was based on 150 inmates paying \$20.50 per day.
- Municipal Board revenue remains at the 2005 level of \$603,710.
- Telephone commission revenue remains at the 2005 level of \$660,000.
- Commissary revenue increases \$53,000 from \$362,000 to \$415,000.
- Revenue from reimbursement of inmate incarceration expenses, based on an agreement with a collection agency to collect these costs, remains at the 2005 level of \$1,500 in 2006.
- Electronic Surveillance (ES) revenue decreases \$85,410 from \$1,149,750 to \$1,064,340. Anticipated ES inmates for 2006 are 162 employed inmate participants paying \$18.00 per day. The 2005 budget was based on 175 employed inmate participants paying \$18.00 per day.
- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred

against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county

officer who knowingly violates this subsection is jointly and severely liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

TOTAL	\$ 3,094,080	\$ 3,078,650	\$ (15,430)

The Victim/Witness program, which provides services to victims and witnesses of crimes pursuant to Chapter 950 of the Wisconsin Statutes, will consist of 33.5 full-time equivalent positions in 2006: 3.5 Victim/Witness Coordinators, 25 Victim/Witness Advocates, 1 Sexual Assault Victim Advocate and 4 clerical personnel. Wisconsin Statutes, Section 950.06 provides that the State can reimburse counties for up to 90 percent of costs of their victim/witness programs. For 2006, based upon an analysis of the 2005-2007 State Budget, the District Attorney is estimating a reimbursement rate of 54 percent – a decrease of 4 percent from 2005.

Victim Of Crimes Act (VOCA) will provide funding for 7 positions in 2006: 4 Victim/Witness Advocates assigned to the Crisis Response Unit and 3 Assistant Sensitive Crimes Victim Advocates in the Sensitive Crimes Victim Services Unit. The Wisconsin Department of Justice, Office of Crimes Victims Services (OCVS), provides 80 percent reimbursement for these positions and operating expenses through VOCA. For the past two years, the VOCA grant has been frozen at \$318,160. OCVS is conducting an open competition for 2006 VOCA grants, and the Department submitted an application for funding of \$373,050. If the OCVS holds funding at \$318,160, the Department will eliminate 1 position of Victim/Witness Advocate in the Crisis Response Unit at the start of the 2006 grant year on October 1, 2005 for no tax levy effect.

The Special Prosecution Courts' Clerks statutory grant provides funding for the salaries and fringe benefits of 6.5 Secretaries; 1.5 Secretarial Assistants, 3 Clerical Assistants who work on

homicide, sexual assault and felony drug cases and 2 Secretarial Assistants in the Firearms Unit, that were formerly part of the Operation Ceasefire state grant. Grant revenue is collected by the Clerk of Circuit Court from a \$3.50 fee levied on civil case filings pursuant to Wisconsin Statutes Section 814.635(1m).

The CHIPS Termination of Parental Rights grant will provide continued funding for 8.5 Assistant District Attorneys, 4 Paralegals, 2 Secretarial Assistants and 1 Clerical Assistant 2 under a State contract with the Department of Health and Family Services - Division of Children and Family Services.

The State Violence Against Women Act (VAWA) Formula Grant for Domestic Violence and Sexual Assault Prosecutions will provide funding for 1 Assistant District Attorney, 1 Victim/Witness Advocate, 1 Assistant Sensitive Crimes Victim Advocate and 2 hourly Process Servers. The grant for State fiscal year 2006, from July 1, 2005 to June 30, 2006, will be \$235,400. The Wisconsin Office of Justice Assistance has notified the District Attorney that the 2007 award will be reduced. The Department will hold positions vacant or layoff employees for no tax levy effect if funding is reduced for the program effective July 1, 2006.

Operation Ceasefire previously provided funding under Wisconsin Statutes, Section 978.139(1) (d) for 2 Secretarial Assistants in the District Attorney's Firearms Unit. These positions have been moved into the Special Prosecution Courts' Clerks grant.

Domestic Violence Earmark	0	379,750	379,750
TOTAL	\$ 1,642,730	\$ 2,672,745	\$ 1,030,015

The JAG Prosecution of Drug Crimes grant provides 100 percent funding from OJA for 3 Assistant District Attorneys assigned to the Milwaukee Metropolitan Drug Enforcement Group (MMDEG). In the 2005 Federal budget, the Byrne Law Enforcement Assistance program and the Local Law Enforcement block grant program were combined into a new Edward Byrne Memorial Justice Assistance Grant (JAG). In the State fiscal years 2006 and 2007, the JAG statutory grant for OJA will provide funding for 2 Assistant District Attorneys assigned to MMDEG.

The Local Law Enforcement Block Grant provides 90 percent funding for the salary and fringe benefits of 1 Assistant District Attorney assigned to expediting the handling of felony cases. This is funded until September 30, 2006. A half-time position is assigned to meet the funding constraints of the grant.

The Milwaukee High Intensity Drug Trafficking Area (HIDTA) grant provides 100 percent funding from the Office of National Drug Control Policy (ONDCP) for 5 Assistant District Attorneys, 1 Clerical Assistant 1, 1 Clerical Specialist, 1 Intelligence Analyst, 1 HIDTA Director, 1 Coordinator that serves as the HIDTA Deputy Director and 1 Administrative Assistant 2.

The VAWA Judicial Oversight grant, which is administered by the Clerk of Circuit Court, is not

funded in 2006. As a result, three vacant positions of Victim/Witness Advocate are abolished in the 2006 budget.

The Domestic Violence Earmark provides salaries and fringe benefits for 5 Assistant District Attorneys to reinstate a contract with Sojourner Truth House to provide services to victims of domestic violence on weekends. The grant also allows for a contract with Legal Action of Wisconsin to provide free legal services to low-income victims of domestic violence.

The 2005 JAG County MMDEG and JAG OJA MMDEG grant – includes funding of \$600,000 for Milwaukee Metropolitan Drug Enforcement Group (MMDEG) to supplement anticipated 2006 reductions in state JAG funding from OJA for the JAG Prosecution of Drug Crimes program and the JAG MMDEG project. After the passage of the 2005-2007 State budget this grant may undergo substantial revisions. This grant will supplement the JAG OJA grant for 2 Prosecutors in the drug unit.

The OJJDP Community Prosecution grant provides the salary and fringe benefits of 1 Assistant District Attorney that serves as a community prosecutor in the Milwaukee Police Department, third district.

primarily a result of the discontinuation of the referral autopsy program.

- In 2006 the Medical Examiner will terminate its contracts to provide referral autopsy services to neighboring counties (with the exception of Fond du Lac County). As a result of the reduced workload associated with this initiative and to off-set the decrease in referral revenue of \$424,615, three positions are abolished and various expenditures are reduced.
- The Medical Examiner will honor its existing contract with Fond du Lac and provide services to them through December 31, 2006. The 2006 Fond du Lac contract is increased by \$9,385 from \$117,312 to \$126,697.
- A contract for \$90,000 with the Medical College of Wisconsin is funded to provide two pathology fellowship positions (one fellowship starting in July 2006).
- Fees for cremation permits increase by \$10 from \$155 to \$165.

- Revenue of \$29,960 is budgeted for a Paul Coverdell National Forensic Science Improvement Act grant. This is an increase of \$11,140 over 2005. These funds will be used to maintain laboratory accreditation and purchase upgrades to existing equipment in the toxicology laboratory.
- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No

payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severally liable to the county for the full amount paid. Milwaukee County operates and maintains General Mitchell International and Lawrence J. Timmerman Field Airports by authority granted under Chapters 59 and 114 of the Wisconsin Statutes. General Mitchell International Airport provides commercial, military and general aviation services. Timmerman Airport is primarily for general aviation. Under the

terms of the negotiated agreement between Milwaukee County and the signatory airlines, all operating expenses and debt service costs are recovered through rates and charges assessed to users (terminal and land rentals, concession fees and landing fees).

MISSION

The Airport's mission is to plan, provide, operate, maintain and enhance efficient, cost-effective air transportation facilities that meet the present and future socio-economic needs of the region, airlines and tenants, while maintaining sensitivity to the residents in the environs of the Airports.

DEPARTMENT DESCRIPTION

The Airport has essentially one program: Air Transportation. This program includes all activities necessary for the efficient, day-to-day operation of General Mitchell International Airport (GMIA) and Lawrence J. Timmerman Field (LJT). In support of

this program, operations are further divided into the following areas of responsibility:

Administration is responsible for marketing and public relations, accounting, payroll, budget, procurement, airside and landside business operations, including noise monitoring and abatement activities.

Safety and Environmental is responsible for capturing the costs and activities related to workplace safety, compliance with governmental safety requirements, glycol recovery programs, and wastewater treatment programs.

Maintenance is responsible for keeping the physical plants of the Airports in good condition, including custodial care of the entire GMIA terminal, generating the heating/cooling system needs and maintaining the electrical power supply to the terminal and airfields. Snow plowing and grass cutting are also handled by the maintenance staff.

Safety and Security is responsible for safety and security functions within the airfield perimeters, working closely with other agencies and taking actions necessary to keep the Airports in compliance with Transportation Security Administration (TSA) standards and regulations. Operations also includes the GMIA fire department, which provides emergency response to aircraft incidents and medical emergencies involving the public, tenants and Airport staff.

Parking Operations records the various expenses of operating the parking structure, debt service and associated interest expense on the parking structure addition. In addition, this group oversees all GMIA ground transportation activities including taxi, shuttle, limousine and bus operators. Parking revenue fees are collected and accounted for by this section.

BUDGET HIGHLIGHTS

- Personal Services without fringe benefits increased \$32,842 from \$9,406,644 to \$9,439,486. Funded positions increased by 3.5 from 213.9 to 217.4.
- Security measures put in place after the events of September 11, 2001 will continue for the foreseeable future, and the cost will be included in the rates charged to airlines using the Airport.

The cost of security to include staff dedicated to security, towing, maintenance of the perimeter and internal security system and others are collected for the first time in this budget as a distinct low org at a cost of \$7,740,234 which includes \$6,545,973 of sheriff department costs. Limited federal or state reimbursement for security costs in the event of a level orange declaration is anticipated in this budget at \$100,000.

- One of three created positions is designated (in the Operations area) as a dedicated employee responsible for developing consistent training programs and ensuring consistent training of County personnel, airport tenants and construction employees as required by Federal Aviation Administration (FAA) FAR Part 139 and CFR 49 Part 1542

Two created positions are designed in the Security area to enhance compliance with various FAA and Transportation Security Administration (TSA) directives; conduct random and periodic checks of the interior and exterior security system; maintain pertinent logs, records and databases; provide coverage for oversight inspections by federal agencies.

- Construction of a parking structure addition of 2,951 parking spaces began in 1999 with relocation and construction of infrastructure. This \$81 million project was financed with General Airport Revenue Bonds (GARBS) issued in mid 2000. Beginning in 2003, debt service of \$8,031,000 became part of the Operating Budget. An additional bond for \$7.125 million was issued in early 2003 to complete this project. Debt service costs in 2006 of \$8,612,481 are comprised of principal (\$4,050,000) and interest (\$4,562,481) covering both bond issues.
- Construction projects on the C and D concourses and other projects have been financed by two General Airport Revenue Bond (GARB) issues in 2004 and 2005. The 2006 budget anticipates principal payments of \$635,000 and interest estimated at \$3,748,620
- Appropriations for Services increase \$602,383 from \$12,715,402 to \$13,317,785. This increase is due to anticipated increases in utilities cost

(\$183,200); a small (3.5%) increase in parking operator costs of \$165,500 reflecting a more realistic snow removal estimate; and \$153,000 general increase to building repair and maintenance programs. The increases are partially offset by decreases that include a \$33,600 reduction to travel expenses and an \$8,000 reduction to sundry services.

- Commodities decrease \$15,658, from \$1,830,810 to \$1,815,152. In spite of a general increase in the price of many commodities, savings are anticipated in the application of winter chemicals applied to the airfield. The budget for chemicals applied to the airfield fell from \$600,000 in 2005 to \$551,000 in 2006.
- Other Charges, is primarily the amount anticipated as increases to debt covenant reserves. A net increase of \$343,900, which includes a reduction of \$1,200 to the Airport Director expense account, is projected to accommodate the current year (2005) and budget year (2006) series of airport debt issues.
- Debt and Depreciation increases \$2,479,003, from \$15,059,214 to \$17,538,217 primarily due to the inclusion of increased principal and interest payments on outstanding and 2006 issues of GARB and debt. Depreciation on existing assets is projected to be \$5,033,600 compared to \$6,162,100 in 2005.
- The appropriation for capital items included in operations is \$783,000. This amount includes the major maintenance expense projects of \$200,000 to resurface one-third of the main employee parking lot; \$250,000 for an ongoing project to do crack filling on the asphalt shoulders of runways and taxiways; \$113,000 to upgrade the Precision Approach Path Indicator (PAPI) system; \$100,000 to demolish a vacant hangar; \$90,000 to repair membranes and surfaces in the older section of the parking structure; and \$30,000 to replace incandescent

lighting with low cost LED on the airfield perimeter obstruction poles.

- The appropriation for items to be acquired and capitalized totals \$675,700. Some of the major items that make up this total are \$150,000 for Flight Information Display System (FIDS) replacement display screens; replacement of old HVAC units on D concourse for \$84,000, replacement of specific components in the video surveillance component of the security system for \$40,000, year round guard booths at two perimeter check points for \$32,000, and upgrading noise monitoring equipment for \$32,100.
- The Airport budget has a total tax levy surplus of \$1,892,275 in conformance with the terms of the 25-year agreement with the airlines with regard to operations. For 2005 this number was a surplus of \$415,488.
- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severally liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

The Transportation Services section of the Department of Public Works (DPW) is comprised of Transportation Planning and Transportation Engineering services.

The Transportation Engineering Section implements projects defined under County policy in accordance with the guidelines provided by grantor agencies and/or as prescribed by law. The projects are funded through State and/or Federal grants, with local funds provided by the County, cities or villages and private developers.

The Transportation Planning Section represents Milwaukee County interests in pertinent safety and multimodal transportation planning, prepares related transportation plans, and aggressively seeks out, applies for and professionally manages State and Federal grant funds which reduce tax levy support for County transportation projects while maintaining and applying its technical capacity for competent project management. The Transportation Planning Section provides technical and professional expertise for multimodal and transit planning and coordination, grant preparation and development, as well as transit system development and oversight.

MISSION

The mission of Transportation Services is to cost-effectively plan, design and implement projects necessary to maintain and enhance the safety and efficiency of the County's highways, bridges, traffic control facilities and transit systems.

Transportation Planning Section

Transportation Planning provides multimodal transportation planning, development, grant administration and project and asset management and performs the required duties as owner's representative in the County's Mass Transit development and coordination. The duties include providing transit management oversight as required by the Federal and State governments, providing transit grant application and administration, as well as transit planning and transit facility development.

Transportation Engineering is divided into the following functional areas:

Highway Engineering provides planning and design activities for Highway Capital Improvement projects, County Highway Action Program projects and coordination of the Local Road Improvement Program projects as required by State law and County policy.

Construction Management is responsible for field inspection, construction engineering, construction management, and contract administration of Highway and Transportation projects. Projects include, but are not limited to, intersection improvements and road and bridge rehabilitation or reconstruction.

Bridge Engineering provides planning, design and implementation of new bridges and for the rehabilitation of existing County-owned bridges. This group, as mandated by State law, conducts biannual bridge inspections of all County-owned bridges and administers the Local Bridge Program for all municipalities' local bridges in Milwaukee County.

Traffic Engineering provides planning, design and implementation of projects needed to maintain and improve the safety, operational efficiency and functional integrity of the County's Highway network, including projects in the Congestion Mitigation and Air Quality Program and Hazard Elimination Program.

BUDGET HIGHLIGHTS

- Personal Services expenditures without fringe benefits increased by \$9,631 from \$1,295,658 to

\$1,305,289. Funded position equivalents increased from 18.9 to 20.4.

- The position of Transportation Superintendent is transferred from Transportation Services to the Department of Public Works- Director's Office.
- The 2006 Transportation Services Budget has been adjusted to reflect the actual activities of the division. Revenue has been adjusted to approximately 94% of the expenditure costs from 110.6% in 2005, to reflect that Transportation Services performs duties which can not be charged to capital projects, requiring direct tax levy support. This modification has added \$519,334 in tax levy to the operating budget, while lowering the crosscharges to other County departments by (\$517,111). Duties that previously had been included in the Department's overhead rate that are now directly tax levy funded include pavement management (\$60,000), traffic safety improvement studies (\$50,000) and investigating constituent concerns on County truck highways (\$25,000).
- The total expenditure level remained the same as 2005, with the exception of the addition of the projects listed below:

Two major maintenance projects were added to the Division's budget totaling \$327,400 in expenditure authority, offset by revenue of \$277,665, with a resulting tax levy increase of \$49,735.

The first project uses \$192,690 of Hazard Elimination Safety (HES) funds with a 10% county match of \$21,410 to install Light Emitting Devices (LED) fixtures in county traffic signals. The LED fixtures have greater visibility than the standard lenses, have a much longer life, including a five-year warranty, and dramatically decrease the electrical costs of signal operation. It is anticipated that at the completion of the project, there will be an 80% savings in electrical costs. This savings will be reflected in the DPW-Highway Maintenance budget effective in 2008. Upon completion of the project in 2007, over 95% of the traffic signals will be converted to LED fixtures. Funds must be expended by September 2008.

The second project consists of \$84,975 in approved state grants with a 25% county match of \$28,325 for traffic signage and pavement marking on specific sections of county trunk highways. The 2006 portion of this grant covers design and construction work on Beloit Road from Oklahoma Ave to 124th St.

- Local Road Improvement Program (LRIP) Administration funds of \$13,000 are included in this budget. These funds are received bi-annually in even numbered years.
- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred

against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severally liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

* In 2006 the Department of Parks and Public Infrastructure was restructured as the Department of Public Works and the Department of Parks, Recreation and Culture.

MISSION STATEMENT

The mission of Architectural, Engineering and Environmental Services is to provide technical services to plan, design, construct, manage, operate and preserve Milwaukee County's natural resources and public facilities.

DEPARTMENT DESCRIPTION

Architectural, Engineering and Environmental Services provides a core competency of professional and technical services for Milwaukee County. The Architectural, Engineering and Environmental Services Section is comprised of the

Architectural Services Unit, Civil Engineering/Site Development Unit, Airport Engineering Unit, Environmental Services Unit, and Support Services.

Architectural, Engineering and Environmental Services is comprised of the following units:

1. The **Architectural Services Unit** provides technical services in building maintenance, remodeling, additions and new construction for all County departments. Specific tasks performed include project, program and budget development, cost estimating, formation of the design team; including consultants, design development, development of bid documents, procurement and evaluation of competitive bids; contract award, project management, verification of installation quality and final acceptance of completed construction.
2. The **Airport Engineering Unit** provides construction management services for all major maintenance and passenger facility charge projects at General Mitchell International and Lawrence J. Timmerman Airports. In addition, this unit coordinates planning and administration of projects with State and Federal agencies, and those sponsored by the airlines and other Airport tenants.
3. The **Civil Engineering and Site Development Unit** provides civil engineering and land surveying services on public works projects for County departments. Projects include parking lots, roadways, grading, land improvements, water resources and underground utilities. Specific services include project management utilizing the DPW cost and scheduling system, in-house design staff and professional services consultants, design, drawings, technical specifications, bidding documents, administration of the competitive bidding process, engineering feasibility studies, needs assessment and programming for existing and proposed facilities, certified survey maps, site surveys and construction staging.
4. The **Environmental Services Unit** provides technical and managerial services concerning environmental issues of all County departments. Environmental issues include stormwater management, hazardous substance control

(asbestos, lead, PCBs, mercury, etc.), underground storage tanks, landfills, air quality, recycling, solid wastes, water quality, brownfields, pesticides/herbicides and environmental due diligence for property acquisition/disposal.

5. The **Support Services Unit** provides County facilities records management, County facilities assessment, administration of the DPW cost and scheduling system used for project management and administration of a Geographic Information System (GIS) which is connected to the Milwaukee County Automated Mapping and Land Information System (MCAMLIS). Services include development and maintenance the County property assets inventory, including land, utilities, roads, bridges, buildings and facilities; management of asset records archive; development of architectural record drawings and system/equipment inventory of County buildings; condition assessment of facilities occupied by County departments for the development of a five-year major maintenance and capital improvement plan.

BUDGET HIGHLIGHTS

- The 2006 Budget transfers AE&ES to the Department of Public Works. This transfer reflects the fact that AE&ES is an internal service operation to all DPW and many other departments throughout Milwaukee County. In addition, this relocation will allow the AE&ES Director, a professional engineer under the direction of the DPW Director, to balance the many needs of DPW and Milwaukee County, while allowing the Department of Parks, Recreation, and Culture to focus on its primary goals and objectives as a direct service provider to the public.
- The 4 Landscape Architects (LA) 1 Natural Resource Specialist will be transferred to the Department of Parks, Recreation and Culture. These positions will be placed within the Parks Maintenance Division and provide direct services to the Parks mission.
- The 2006 budget abolishes 1 Environmental Specialist, 1 GIS Supervisor, and 1 Preventative Maintenance Program Manager; and create 1

Land Information Supervisor, 1 Facilities Assessment Manager, and 1 Hazardous Material Compliance Leader. These position changes are due to the staff modifications associated with the addition of assigned duties. The funding of 1 Construction Coordinator is needed to assist with the management of GMIA capital projects; and the 3 Engineering Interns will provide support services to the AE&ES staff.

- Personal Services expenditures without fringe benefits decrease by (\$239,815) from \$3,414,921 to \$3,175,106. Funded positions decreased by 3.9 from 51.0 to 48.9 due to adjustment for the level of adopted capital projects in 2005.
- Architectural and Engineering Professional Services revenue increased \$214,478 from \$5,540,937 to \$5,755,415 based on recovery of eligible operating costs from capital projects and capitalized major maintenance and improvements projects. This revenue is recovered based on billable staff time devoted to these projects.
- Major Maintenance-Land Improvements for Environmental Services decreased \$5,000 from \$455,000 to \$450,000.
- State revenues remain at \$85,000 in Environmental Services for a State Department of Natural Resources/Department of Agriculture, Trade and Consumer Protection-Land Conservation Program grant. This grant is used to offset the cost of salaries in the Environmental Section.
- In 2005 A & E GIS staff took over the project management function of the Milwaukee County Automated Mapping and Land Information Program (MCAMLIS) from the Southeastern Wisconsin Regional Planning Commission (SEWRPC). A & E will receive \$202,500 for MCAMLIS project management in 2006. This includes conceptual development of individual projects, development of project specifications, writing contracts preparation of invoices to draw

down funds as expended, payment of subcontractors, record keeping and general maintenance of MCAMLIS data holding. In addition, this effort will merge the County's internal GIS functions with MCAMLIS. The MCAMLIS project will be managed in accordance with Milwaukee County procurement and contracting policies and ordinances.

- The 2006 Budget will mark the eleventh year of the building inventory and assessment program. The program has two phases: phase I is the digitization of the building plans and building systems inventory; phase II is the assessment of each building and the equipment discovered during phase I investigation or shown on the digitized plan. In 2006, funding for phase I work will remain at \$150,000. Phase I and II will concentrate on the remaining South Region Parks buildings. Once this initial inventory and assessment is completed, it will be necessary to review, update, and recommend building assessments and improvements on an ongoing basis. The goal is to revisit each building every five years.
- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severely liable to the county for the full amount paid. maintenance, highway signing and pavement marking.

BUDGET HIGHLIGHTS

- Personal Services expenditures without fringe benefits decreased by \$561,029 from \$6,156,152 to \$5,595,123. Funded full time equivalent positions decreased 12 from 129.9 to 117.9.

STATE HIGHWAY MAINTENANCE

- The State reimburses the Highway Division for 100 percent of eligible costs associated with the State Trunk Highways (STH) and the freeway system. For 2006, it is estimated that \$11,361,148 of the Department's cost for Personal Services, Contractual Services and Commodities will be dedicated to the freeway system and the STH. In addition, \$437,649 is budgeted for reimbursement revenue from the State to cover 75.0 percent of the Central Services Allocation and other overhead costs which are related to these services provided for the State, but which are budgeted in other departments. Costs, although abated out, will be recouped from the State of Wisconsin.

These amounts reflect a \$124,044 decrease from 2005 in the amount of crosscharges and services.

- In 2006 the Highways Maintenance Division will abolish seven Highway Maintenance Worker 3 positions, one Electrical Mechanic DOT and overtime equivalent to two full time positions. These actions reflect efficiencies in staffing to address the amount and type of work the Division will perform in 2006.

Revenues and expenditures are reduced proportionately.

COUNTY HIGHWAY MAINTENANCE

- General Transportation Aids for 2006 are budgeted at \$2,745,623.
- The following County trunk highway major maintenance project will be scheduled: \$150,000 to overlay 13th Street from Ryan Road north to Rawson. Highway Maintenance, in conjunction with the Transportation Division, will use the Pavement Condition Index (PCI) to determine the eligibility of additional roadways in need of resurfacing.
- Funding of \$31,930 is provided for one arrow board trailer (\$3,600), two arrow board kits (\$6,200), one copier (\$11,430), one Toughbook laptop (\$5,600) and (\$5,100) for salt conveyor maintenance equipment.
- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severely liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

MISSION

Fleet Maintenance will strive to provide prompt, competitive, quality services to its customers and to effectively manage all County vehicles and equipment through a diversified workforce of skilled, experienced and professional employees.

BUDGET HIGHLIGHTS

- Personal Services without fringe benefits decreases \$307,668 from \$3,184,508 to \$2,876,840. Funded positions decreases 7.4 from 71.0 to 63.6.
- In 2006, new and replacement Fleet equipment is budgeted in the Capital Improvements Budget (Project WO112, Fleet Equipment Acquisition). The Sheriff's Department, DPPI-Highway Maintenance, Facilities Management, Parks and Airport Divisions will primarily utilize the replacement equipment. All departments receiving replacement equipment will be required to turn in their used equipment unless, as required, the department has obtained County Board approval to retain the old vehicles, so that the Fleet Management Division's total

equipment count does not exceed approved totals. Any costs associated with the repair and maintenance of vehicles retained will be the sole responsibility of the using department.

For 2006, funding for motor vehicle parts decreases \$326,281 from \$1,125,469 to \$799,188. Funding for fuel increases \$39,620, from \$1,137,142 to \$1,176,762. The number of gallons budgeted reflects a reduction in equipment.

- Flexibility to expand, modify and reallocate major maintenance projects and equipment purchases while remaining within the total appropriation is continued in 2006.
- Depreciation for Fleet equipment decreases \$67,065, from \$2,226,831 to \$2,159,766.
- Bond interest decreases \$ 130,000, from \$720,046 to \$590,046, resulting from the re-financing of bond funding used for vehicle acquisitions and a reduction in new units purchased.

The Department of Public Works – Transportation Section provides public transit services through the Milwaukee County Transit System (MCTS). Direct management and operation of the transit system, including Paratransit Services, is provided by Milwaukee Transport Services, Inc., a private, non-profit corporation under contract to the County. The corporation uses Transit facilities and equipment owned and provided by Milwaukee County.

Paratransit operations include the provision of demand responsive transportation and orientation to transportation services. These services provide a complement to the fixed-route services of MCTS and are available to those who are under the Americans with Disabilities Act (ADA) eligible.

The Transportation Services Section of the Department of Public Works provides County oversight, conducts various transit related studies,

and prepares and administers Federal and State transit grants. Transportation Services also facilitates the acquisition of capital equipment and provides design and construction services for capital facilities, as well as major maintenance projects.

GENERAL SUMMARY

This is a programmatic representation of the Transit Services budget. Each unit presentation includes a fiscal summary, program description and budgetary highlights. The Transit operations description indicates the number of authorized positions assigned to the unit and a departmental summary of changes. The Transit Policy and Capital Acquisition program has no authorized positions but is crosscharged for services provided by the Transportation Services Section of the Department of Public Works.

MISSION

The Milwaukee County Transit/Paratransit System exists to provide reliable, convenient and safe public transportation services that efficiently and effectively meet the varied travel needs of the community and contribute to its quality of life.

DEPARTMENT DESCRIPTION

The **Transit Operations Program** includes all activities necessary for the efficient, day-to-day management and operation of the Milwaukee County Transit System, including the Paratransit System, by Milwaukee Transport Services, Inc., a private nonprofit corporation under contract with Milwaukee County. The corporation employs a work force totaling approximately 1,400 employees who are assigned to four major functional classifications: Administration, Finance, Operations and Marketing.

The **Transit Policy and Capital Acquisition** program is performed by the Transportation Services Section of the Department of Public Works - Transportation Services is responsible for all studies related to transit planning, the replacement and acquisition of transit capital assets, and providing design and construction services for capital facilities. In addition, this section develops and submits grant applications and administers approved State and Federal grants valued at \$80 million per year.

BUDGET HIGHLIGHTS**Fixed-Route Transit Operations**

The following fare increases generate net revenue of \$2,371,400, which offsets the increase in diesel fuel of \$4,060,000 which was budgeted at \$1.00 per gallon in 2005 and is budgeted at \$2.00 per gallon in 2006

1. Transit Fixed Route tickets and passes increase from \$13.00 to \$14.00. This includes an increase in premium tickets from \$16.00 to \$19.00, an increase in regular student passes from \$11.00 to \$13.25, an increase in special student passes from \$11.50 to \$13.75, an increase in the U-Pass from \$38.00 to \$41.00, and an increase in the Commuter Value Pass from \$126.00 to \$155.00. These changes result in a net revenue (passenger abatement) increase of \$1,981,400.
2. Premium Freeway Flyer Fares increase from \$0.30 to \$0.50. This change results in a net revenue (passenger abatement) increase of \$115,000.
3. Fares for Summerfest Flyers, Ethnic Festival Flyers, and State Fair Flyers increase from \$5.00 to \$6.00 and State Fair and Summerfest Shuttle Service increases from \$2.00 to \$3.00.

ADOPTED 2006 BUDGET

DEPT: MILWAUKEE COUNTY TRANSIT/PARATRANSIT SYSTEM

UNIT NO. 5600
FUND: Enterprise - 0083

These changes result in a net revenue (passenger abatement) increase of \$275,000.

- Transit Passenger revenue is projected to be \$40,541,400 an increase of \$1,941,400 (5.0%) when compared to the 2005 budget. The change in passenger revenue is the result of net revenue gains from fare increases net of current revenue estimates, which indicate that actual 2005 passenger revenue will be less than the 2005 budget projection.
- Bus hours are projected to be 1,421,650, and approximate the 2005 budget. Bus miles in 2006 are projected to be 19,201,849, an increase of 0.7 percent compared to the 2005 budget. These numbers reflect 2005 service levels, adjusted to include additional service funded by WisDOT as part of the Marquette Interchange mitigation project, and the discontinuance of summer service and a reduction of evening service on University Wisconsin - Milwaukee (UWM) routes funded by a Congestion Mitigation Air Quality (CMAQ) grant that will end in May 2006.
- Operating expenses are estimated to be \$126,096,638, an increase of \$5,695,589 compared to the 2005 budget. The change in operating expenses is primarily due to operating additional service for the Marquette Interchange mitigation project (\$2,500,000). Some expense categories increased, notably diesel fuel (\$4,060,000), health insurance (\$1,600,000) and public liability insurance (\$600,000). Expenditures for facility and vehicle maintenance, marketing, and administrative support activities are reduced; however, the primary function of operating transit service will continue as noted above.
- The new Governmental Accounting Boards Statement (GASB) No. 43 and 45 were issued in 2004 to address the issue of post employment benefits for employees and retirees. The new GASB statement will require the recognition of post-retirement health care benefits when earned by the employee. This change will increase the costs of all proprietary funds including Milwaukee County Transit System. In recognition of this upcoming issue a retiree benefit reserve is established at \$1,000,000.

This will help to offset future costs that will need to be addressed beginning in 2007.

- Travel expense decrease \$49,600 from \$59,600 to \$10,000.
- Other Miscellaneous expenditures decrease by \$29,700 from \$107,180 to \$77,480.
- Marketing expenditures decrease by \$198,132 from \$1,541,660 to \$1,343,528.

Paratransit Operations

- The passenger fare will be \$3.25 per one-way trip, the same as 2005.
- Total trips are estimated at 989,296. This number reflects current utilization and is 1.4 percent lower than 2004 actual.
- Purchased transportation expense is estimated at \$18,358,619, a decrease of \$399,343 (2.1%) compared to the 2005 budget. Cost per ride is projected at \$19.72, an increase of 5.0 percent compared to the 2005 budget.
- Transit Plus budgeted expense for fuel surcharge increases by \$165,000 from \$153,396 to \$318,396 in order to acknowledge increased fuel prices and their affect upon the automatic fuel surcharge that is included in the contracts with Transit Plus service providers.
- Overall productivity for van service is projected to be 1.97 rides per hour in 2006, an increase of 4.2 percent compared to the 2005 budget.

Transit Policy and Capital Acquisition

- The percentage allocation for Section 85.21 Federal Funds between Milwaukee County Transit System and the Department on Aging changes from 65% to 72% for Milwaukee County Transit System (MCTS) and from 35% to 28% for the Department on Aging. The budgeted amount for MCTS increases by \$327,476 from \$928,789 to \$1,256,265 and the budgeted amount for Aging remains at the 2005 level of \$500,117.

ADOPTED 2006 BUDGET**DEPT:** MILWAUKEE COUNTY TRANSIT/PARATRANSIT SYSTEM**UNIT NO.** 5600**FUND:** Enterprise - 0083

- State operating assistance is estimated to be \$57,948,000, an increase of \$1,136,219 (2.0%) compared to the 2005 budget.
- Other State and Federal funding to support Congestion Mitigation and Air Quality Improvement Program (CMAQ) and Wisconsin Employment Transportation Assistance Program (WETAP) / Job Access programs are estimated to be \$727,000, an increase of \$357,000 compared to the 2005 budget. The 2006 budget includes the last half-year of the three-year UWM-CMAQ grant, a grant to maintain current WETAP service, and a WETAP grant for the extension of Route 54 to UMOs.

This Unit also acts as a liaison between the County and major

BUDGET HIGHLIGHTS

- The 2006 Budget transfers Facilities Management to the Department of Public Works. This transfer reflects the fact that Facilities Management is an internal service operation that provides service to various facilities in DPW and departments throughout Milwaukee County. This transfer will allow the head of Facilities Management, under the direction of the DPW Director, to balance the needs throughout Milwaukee County, while continuing to maintain the current level of high quality service to Parks. This is achieved by having the Mechanical Service Manager continue to oversee all park work orders and deploy staff based on park needs. This position will maintain a park mission and carry with it significant institutional knowledge.
- Facilities Management is currently in the process of centralizing all skilled trades operations in the Facilities West location. This move will allow the skilled trades to operate similar to a large construction company,

providing management with the ability to deploy staff based on priority needs. A consolidated skilled trades operation will maximize the use of equipment and personnel, consolidate inventories and allow for a combined work order system that will prioritize and schedule skilled trades activity.

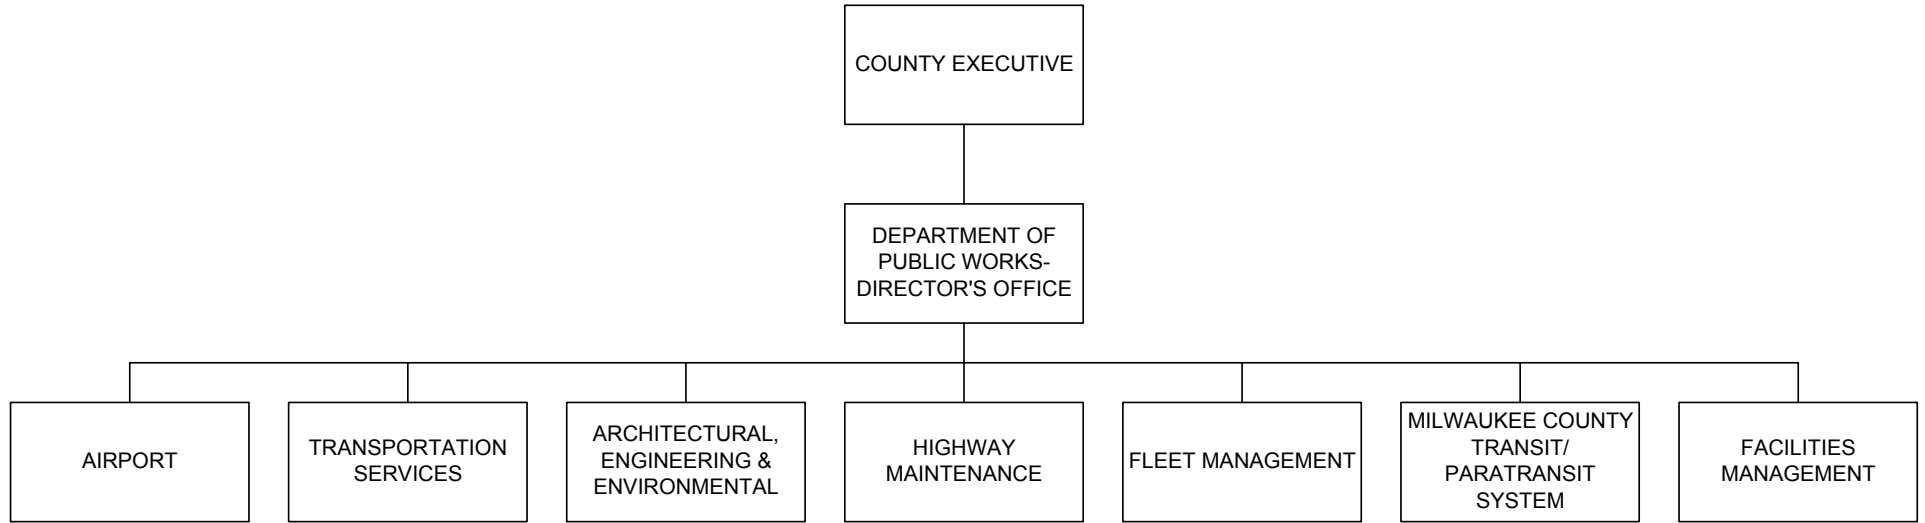

- Personal Services expenditures without fringe benefits decreased by \$125,941 from \$8,898,444 to \$8,772,503. Funded positions increased by 7.5 from 164.5 to 172.
- One position of Facilities Maintenance Manager is created by the abolishment of one position of Parks Maintenance Manager for a savings of \$350 to better meet the needs of the department.
- Services increased \$183,729, from \$6,437,026 to \$6,620,755. This increase represents an anticipated increase in utility expenses of \$152,751. Additionally, \$30,978 was added to repair and maintenance on buildings and structures based on 2003 and 2004 actuals.
- Commodities decreased \$204,424, from \$1,391,044 to \$1,186,620.
- Contribution to the Reserve decreased \$1,176, from \$107,129 to \$105,413. Contributions reflect a 5% fee on electric, water, sewer and storm water charges to County and non-County users of the County Grounds utilities to establish a reserve for future capital outlays.
- The cost of fire protection on the County grounds remains at \$1,132,948, the same as 2005. This is based on the contract with the City of Wauwatosa. The cost of fire protection is allocated to Facilities (\$913,772), other County entities, (\$205,968) and non-County entities (\$13,207).
- Depreciation decreased \$97,375, from \$2,717,275 to \$2,619,900 based on current estimates from the Controller's Office.
- Internal Charges and Abatements had a net decrease of \$425,579. Reductions in Fleet of \$160,078 and bond interest of \$270,021 were realized.
- Revenues decreased by \$452,785, from \$13,706,272 to \$13,253,487. Home Owners Protection Program revenues will be at \$0 in 2006 because the program is being discontinued. Rental revenue from Research Park is reduced by \$100,000 based on recent occupancy estimates. Children's Court rent will be reduced by \$97,600 based on 2006 estimated costs.
- The Facilities Management cross-charge to Behavioral Health Division was reduced by \$154,910.
- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severely liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

DEPARTMENT DESCRIPTION

The DPW – Director's Office is responsible for the management of the Department of Public Works administrative functions, including establishment and implementation of Department policies and procedures, personnel administration, accounting, safety and training, and general public information services. Human resources and budgeting functions will continue to be provided for the department through the Department of Administrative Services –

- The position of the Director of Parks and Public Infrastructure is abolished.
- The position of the Associate Director of Parks and Public Infrastructure is abolished.
- The position of Transportation Superintendent is transferred from the division of Transportation Services to the DPW Director's Office
- The position of Clerical Specialist (Parks) is transferred from the DPW Director's Office to Parks.
- *Architecture, Engineering and Environmental Services*

Discussions have begun to evaluate opportunities to have AE & ES and Transportation Engineering collaborate on various projects when time and resources permit. For example, allowing staff in Transportation Engineering to work on traffic engineering projects in Parks, as well as allowing staff in AE&ES to work on road, bridge and County trunk highway projects, would maximize staff resources during variations in peak demand times. If these efforts prove successful, DPW will evaluate the possibility of formally consolidating the two areas to gain additional synergies.

- *Facilities Management*

Facilities Management is currently in the process of centralizing all skilled trades operations in the Facilities West location. This move will allow the skilled trades to operate similar to a large construction company, providing management with the ability to deploy staff based on priority needs. A consolidated skilled trades operation will maximize the use of equipment and personnel, consolidate inventories and allow for a combined work order system that will prioritize and schedule skilled trades activity.

The Park maintenance building at 68th and State currently houses the skilled trades workers focused on Parks. This facility has significant and costly infrastructure repair needs and is located in a flood plane. Once all skilled trades are centralized at Facilities West by the end of 2005, the property at 68th and State will be available for sale.

- The fee for towing abandoned vehicles from the freeway is increased from \$75 to \$100 for light tows and \$150 to \$175 for heavy tows. This is based on comparable fees levied from similar jurisdictions including the City of Milwaukee. Revenue is increased by \$156,600 from the 2005-budgeted level of \$33,330. This increase will partially offset increased fuel prices in Fleet Management.
- In an effort to raise the profile, professionalism and performance of the security operation, a number of managerial, operational, training and equipment initiatives will take place in the remainder of 2005 and throughout 2006.

The 2006 Adopted Budget:¹

1. Combines security operations with safety and training operations under DPW Administration. A new training curriculum and employee training database has been developed to ensure adequate and ongoing training for all security officers. This initiative will ensure the provision of appropriate and ongoing training opportunities, including development of a training curriculum, matrix, employee database, and emergency procedure manuals, as recommended in the audit of the Department.
 2. Increases the funding for Law Enforcement and Public Safety supplies by \$30,000, from \$5,000 to \$35,000. This increased funding will be used to purchase handheld magnetometers, heavy-duty stanchions and new uniforms.
 3. Includes funding in the Capital budget to replace X-ray imaging machines and walk-through magnetometers.
- An amount of \$186,651 is included in revenue for security services at Children's Court. This amount is decreased from 2005 due to staffing

¹ * In 2006 the Department of Parks and Public Infrastructure was restructured as the Department of Public Works and the Department of Parks, Recreation and Culture.¹

changes for security at the Children's Court Center.

- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance

is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severally liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

OPERATING AUTHORITY & PURPOSE

Pursuant to Sections 46.03(1), 46.21, 51.08, 51.35, 51.42 and 51.437 of the Wisconsin Statutes, the Milwaukee County Department of Health and Human Services-Behavioral Health Division provides care and treatment of persons with disorders related to alcohol and substance abuse and developmentally, emotionally and mentally ill adults, children and adolescents through contracts with community agencies, outpatient care, day treatment services and inpatient care. Services include intensive short-term treatment, as well as extended care of persons with serious mental illness. Acute hospital admissions are initiated by voluntary application or through legal detention methods such as court commitment. The Adult and Child Inpatient Services require Title-XIX certification and appropriate State licensing to capture Title-XIX and other third-party reimbursement. The extended care

portions of this agency require Federal certification as a Skilled Nursing Facility and Facility for the Developmentally Disabled, allowing for State reimbursement. Day treatment is offered to patients who have progressed to the stage where inpatient hospitalization is no longer indicated, but who require more intensive treatment than is available in an outpatient facility. The Community Services Branch provides both mental health and AODA services through contracts with community service providers or at community clinics. Programs are managed by the Behavioral Health Division Administrator under the jurisdiction of the Director of the Department of Health and Human Services, the Combined Community Services Board, the County Executive and the Milwaukee County Board of Supervisors.

MISSION

The mission of the Milwaukee County Behavioral Health Division is for the empowerment and recovery of all people with behavioral health needs in our community.

VISION

The Milwaukee County Behavioral Health Division will be a premier system of mental health and AODA services in the State of Wisconsin. It will ensure that individuals and families who have mental health needs or alcohol or substance abuse disorders strive to function at optimal levels of physical and behavioral health and that they are full and equal members of the community. As such, the Division shall provide individuals who have behavioral health needs the support and means to pursue success in the ways they choose to live, learn, love, work and play because:

- Our vision is for a behavioral health system that recognizes the partnership with consumers, providers and the community and the accountability to stakeholders for the effective development and efficient use of resources.
- Our vision is for a recovery oriented behavioral health system that focuses on the rebuilding of full productive lives for children, adults and their

families, and supports a full spectrum of services including primary prevention and early intervention.

- Our vision is for a behavioral health system that attracts, retains and supports employees/other service providers who are competent and provide excellent quality and culturally and linguistically relevant behavioral health treatment and support services.
- Our vision is for a behavioral health system that acknowledges the abundance and limitations of our human and financial resources and commits to responsible stewardship of its resources.
- Our vision is for consumers and families to be equal stakeholders in service system governance, planning and delivery.
- Our vision is for a behavioral health system where every consumer has access to strengths-based, individualized and integrated services that promote health and recovery.
- Our vision is for a behavioral health system where cultural, ethnic and socioeconomic diversity is valued by providers and consumers.
- Our vision is for a behavioral health system where strategies to eradicate stigma, including

education of consumers, family members, providers and the Milwaukee County community, are implemented and effective.

- Our vision is for behavioral health services and supports to be community based and not institution based; when residential treatment or

hospitalization is accessed, those services will be used as resources and not as placements.

- Our vision is for a behavioral health system that can measure its success in the care of children and adults by establishing and producing clear, quantifiable outcomes.

* Due to account realignments among the program areas within BHD, Tax Levy increases in 2006 in non-management areas due to internal cost allocations being included in the budgeting software system for the first time in 2006. The 2004 and 2005 amounts reflect only the entries made in the budgeting system and do not include the internal cost allocation done within BHD.

GENERAL SUMMARY

The Department of Health and Human Services – Behavioral Health Division (BHD) budget is presented in a programmatic format based on seven major programs or service areas:

- a. Management/Support Services
- b. Inpatient Services
 - Nursing Facility Services
 - Acute Adult /Child Services
- c. Adult Community Services

- d. Child and Adolescent Community Services
- e. Adult Crisis Services
- f. AODA Services

Under this format, program costs consist of both direct expenditures and allocated costs which are attributable to the operation of the program. All costs not directly offset by revenue in the Management/Support Sections are distributed to the other six program areas. The allocated or indirect

costs are distributed to the program areas using a step-down methodology that operates under Medicare Cost Reporting principles. Those principles involve the use of statistical parameters that represent measures to allocate costs based on resources consumed by a program. For example, the number of patients served, space, number of staff, etc., are parameters.

Revenues for each program consist of both charges directly associated with the provision of services to patients and other operating revenues that are not directly related to patient services.

BUDGET OVERVIEW

- Personal Services expenditures, without fringe benefits, decrease by \$1,565,789, from \$43,677,065 to \$42,111,276. Funded positions decrease 26.8 to 876.4. This change is mainly attributable to the closure of one unit at the Hilltop Intermediate Care Facility and the 2005 mid-year restructuring of BHD management positions.
- Total expenditures increase by \$6,361,913 to \$160,077,602 and total revenues increase by \$7,165,373 to \$125,296,694.
- BHD reduces Vacancy and Turnover by \$5,554,692 to a total of \$1,138,008. This is a reduction of 115 vacant positions, which has no effect on the number of funded positions in the BHD Budget. The percent of gross wages funded therefore increases from 85.7 to 97.1 percent.
- The four hospital system partners have again agreed to provide \$500,000 in funding in 2006 to offset the costs associated with 16 crisis respite beds in the Behavioral Health Division. The hospitals have committed total funding of \$2,740,248 County-wide in 2006.
- All departments are required to operate within their expenditure appropriations and their overall Budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred

against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severely liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

INPATIENT SERVICES/ NURSING FACILITY SERVICES

Program Description

The Nursing Home Facilities are licensed Rehabilitation Centers that provide long-term, non-acute care to patients who have a serious mental illness.

The Rehabilitation Center-Central is a 72-bed, Title XIX certified, skilled-care licensed nursing home. The facility consists of three units, which serve geriatric, as well as young, physically aggressive persons with serious mental illness. The primary source of admission to the program is the Behavioral Health Division Acute Adult Hospital. The facility is one of the few long-term care settings in Southeastern Wisconsin which provides locked-unit settings for extremely aggressive persons with serious mental illness.

The Rehabilitation Center-Hilltop is a 72-bed Title XIX certified facility licensed as a Facility for the Developmentally Disabled (FDD). The facility provides programs and an environment specially designed for residents with a primary diagnosis of developmental disability and secondary psychiatric diagnoses. The majority of the facility's residents are referred from the Behavioral Health Division Acute Adult Hospital.

BUDGET HIGHLIGHTS

- The State of Wisconsin initiated implementation of its Intermediate Care Facility – Mentally Retarded (ICF-MR) Rebalancing Initiative in 2005. This initiative is designed to relocate as many individuals with developmental disabilities

as possible from intermediate care facilities to community-based settings. As a result, the number of licensed beds at the Hilltop intermediate care facility is reduced from 93 to 72. Expenditures for Hilltop are reduced by \$1,338,226 and revenues are also reduced by \$1,200,000. A total of 24.5 FTEs are abolished or unfunded as a result of this initiative, including 16 Nursing Asst 1, 2.5 Psychiatric LPN (MHC), 2 Registered Nurse 2- MH, 1 Developmental Disability Specialist, 1 Certified Occupational Therapy Assistant and 2 Unit Clerk positions.

- Intergovernmental Transfer Program (ITP) revenue from the State of Wisconsin is reduced by \$500,000 to a total of \$1,200,000 in 2006. The State has indicated that this revenue will likely continue to be reduced in the future.
- One position of Nurse Practitioner is created to help meet the physical needs of patients more cost effectively. One half-time vacant position of House Physician 3 is abolished in the Acute Adult area, which yields a net savings of \$4,764.

INPATIENT SERVICES ACUTE ADULT / CHILD SERVICES

Program Description

Hospital inpatient services are provided in six 24-bed units. Four units include specialized programs in geropsychiatry and acute adult. Two units include specialized programs for children & adolescents.

The acute adult units provide inpatient care to individuals over age 18 who require secure short-term or occasionally extended hospitalization. Psychiatry, psychology, nursing, social service and rehabilitation therapy provide assessment and treatment designed to return the patient to his or her own community as rapidly as possible.

The child and adolescent units provide inpatient care to individuals age 18 and under who require secure short term or occasionally extended hospitalization. While utilization of child and adolescent inpatient services has declined with the emphasis on community-based care through the Wraparound Program, there is still a significant need for short-term assessment and treatment provided by the inpatient services. Child and adolescent units

continue to provide all emergency detention services for Milwaukee County as well as inpatient screening for Children's Court.

BUDGET HIGHLIGHTS

- Over the past several years, BHD utilized the State institutes for approximately 700 days of care a year for extremely challenging behavioral patients. Therefore, \$500,000 in new expenditures are budgeted to provide for the costs associated with State institute placement in 2006.
- Inpatient service revenue increases by \$450,000 to \$6,524,000 to reflect the 2005 year-to-date increase in Children and Adolescent admissions.
- Professional services expenditures increase \$200,000 to a total of \$291,000 to more accurately reflect prior year experience and the on-going need for temporary nursing services.

ADULT COMMUNITY SERVICES

Program Description

Adult Community Services is composed of community-based services for persons having a serious and persistent mental illness and for persons having substance abuse problems or a substance dependency. The majority of services in the mental health program area are provided through contracts with community agencies. However, the Behavioral Health Division (BHD) also directly operates several community-based mental health programs. Access to all long-term community-based mental health services is managed centrally by the Service Access to Independent Living unit (SAIL). Access to all community-based substance abuse treatment services is managed by several independently contracted central intake units.

The mental health program area is composed of three programs for the medical and non-medical care of consumers in the community. These program areas are Risk Reduction Services, Wellness Rehabilitation Services and Pre-Crisis Services. The services provided in these program areas include both those directly provided by Milwaukee County and those purchased from community agencies. Services are designed to

provide for a single mental health delivery system that reduces institutional admission and utilization. The Community Services area is dedicated to providing all services in the least restrictive and most therapeutically appropriate cost-effective setting.

BUDGET HIGHLIGHTS

- The 2006 budget reduces the Adult Community Service Purchase of Service budget by \$150,000 from \$15,042,025 to \$14,892,025 to reflect anticipated savings in outpatient clinical services.
- The budget includes a \$300,000 increase in Medicaid revenue as a result of refocusing BHD's Targeted Case Management (TCM) program to a crisis intervention model.

ADULT CRISIS SERVICES

Program Description

The Adult Crisis Services function is composed of multiple programs, which assist individuals in need of immediate mental health intervention to assess their problems and develop mechanisms for stabilization and linkage. The Psychiatric Crisis Service/Admission Center (PCS) serves between 12,000 and 13,000 patients each year. Approximately 65 percent of the persons receiving services are brought in by police on an Emergency Detention. The rest of the individuals seen are Milwaukee County residents who walk in and receive services on a voluntary basis. In addition to PCS, Adult Crisis Services runs a Mental Health Walk-In Outpatient Clinic, an Observation Unit, the Crisis Line, Mobile Crisis Teams, an Alcohol and Drug Abuse Team, a Geriatric Psychiatry Team and two eight-bed Crisis Respite houses. These services are provided by a multi-disciplinary team of mental health professionals.

BUDGET HIGHLIGHTS

- In 2006, the four hospital system partners have again agreed to provide \$500,000 in funding to offset the costs associated with 16 crisis respite beds in the Adult Crisis Services area. Providing these crisis resources along with other initiatives undertaken by BHD in 2005 – including cooperative agreements with Rogers Hospital

and Aurora Psychiatric hospital, and ongoing improvements in systematic internal review of lengths of stay – have proven effective in managing censuses on the adult psychiatric inpatient hospital units. This, in turn, alleviates delays in transferring individuals in psychiatric crisis from local general hospital emergency rooms to the BHD psychiatric crisis service.

ALCOHOL AND OTHER DRUG ABUSE (AODA) SERVICES

Program Description

The Alcohol and Other Drug Abuse (AODA) Services area includes detoxification, residential, day treatment and outpatient clinical treatment services. In addition, Recovery Support Services such as housing assistance and employment training as well as Recovery Support Coordination, (care management), are also provided. Within the AODA area there are two broad target populations: 1.) the general population which includes adults seeking assistance in addressing their substance abuse disorder and, 2.) a population that is involved with the correctional system which includes Milwaukee County residents returning to the community from the prison system and individuals on probation or parole and facing revocation. Within these two populations are two priority sub-populations: pregnant women and women with children.

The majority of funds provided to community agencies are through a fee-for-service voucher system. Purchase of service contracts that remain are specifically for prevention, outreach and central intake unit services. During 2005 the AODA provider network has expanded dramatically with nearly one hundred agencies providing a wide variety of clinical, recovery support and recovery support coordination services.

BUDGET HIGHLIGHTS

- The total AODA expenditure budget for 2006 is \$21,130,348, which includes \$7,479,364 in revenues from the Access To Recovery (ATR), Wiser Choice Grant that was awarded to the State and contracted to Milwaukee County in September 2004. This is a three-year grant totaling approximately \$22.8 million. A total of

\$646,813 is budgeted for administrative costs associated with operational management of the program.

The ATR grant expands alcohol and other drug abuse treatment services to two priority populations: 1) the general population, with an emphasis on families with children; and 2) the criminal justice population, specifically inmates re-entering the Milwaukee community from prison, and offenders on probation or parole supervision.

More than 1,000 individuals have received services through ATR since its inception and in 2006, ATR will serve approximately 2,600 clients.

- The AODA Redesign initiative, which began in 2004, was completed in 2005. This change, along with increased grant funding, greatly increases access, efficiency, capacity and the variety of services offered to individuals to support their recovery from substance abuse.
- The 2006 Budget abolishes one vacant position of Quality Assurance Specialist (AODA) and unfunds one vacant position of Program Coordinator- AODA for a total savings of \$117,782.

CHILD AND ADOLESCENT COMMUNITY SERVICES

Program Description

The Child and Adolescent Community Services Branch of the Behavioral Health Division functions as a purchaser and manager of the mental health services system for Milwaukee County youth through the Wraparound Milwaukee Program, FISS Services Program and Allied Health Service Program for children in out-of-home foster care placements.

The Wraparound Milwaukee Program contracts with Medicaid, the Bureau of Milwaukee Child Welfare and Delinquency and Court Services, to function as the managed care, HMO entity for Milwaukee County children with severe emotional and behavioral problems who are at immediate risk of residential treatment and correctional and psychiatric inpatient placement.

The Child and Adolescent Community Services area operates the FISS Services Program for adolescents who have a history of truancy, parent/child conflicts and runaway behaviors. The program, which is funded by the Bureau of Milwaukee Child Welfare and Medicaid, provides mental health and support services to divert youth from formal court intervention.

BUDGET HIGHLIGHTS

- Total revenue for the Child and Adolescent services area increases \$7,976,881, to a total of \$41,494,852 in 2006, primarily due to increased Wraparound Milwaukee revenue.
- In 2006, the Wraparound Milwaukee Program will partner with a managed care organization, Abri Health Inc., to oversee the management and provision of health care services to nearly 3,200 Milwaukee County Medicaid eligible children in foster care. Abri provides BHD a per enrollee sub-capitation payment plus an additional 15% administrative fee. The 2006 Wraparound budget includes \$4.8 million in additional Medicaid revenue from anticipated payments to BHD. The final revenue received from Abri Health will depend on actual 2006 enrollment in the new HMO.

Under this agreement, Abri Health Inc. is the direct contractor to Medicaid to arrange for physical and dental services to foster families and contracts with BHD-Wraparound to provide or arrange for all behavioral health services to these children.

- In 2006, Wraparound Milwaukee receives more than \$15.3 million in Medicaid capitation and crisis payments in addition to the case rate funding from child welfare and fixed payments from juvenile justice to serve a projected daily enrollment of 635 children (1,000 annually).
- To ensure adequate staffing and adherence to state and federal regulatory standards for inpatient physical care, the Medical College of Wisconsin-Milwaukee Adolescent Health Program (MCW-MAHP) contract is eliminated and one position of Nurse Practitioner is created for a tax levy savings of \$24,804.

- In 2006, the DHHS-Delinquency and Court services Division and Wraparound Milwaukee continue to collaborate on the highly successful FOCUS program for youth who would otherwise be committed to Juvenile Corrections. FOCUS slots increase by 15 to a total of 47 in 2006.
- Total State Child Welfare and Medicaid funding for the FISS program is budgeted at \$531,365 to serve approximately 40 families per month in 2006.

MANAGEMENT/SUPPORT SERVICES

Program Description

The Management/Support Services Section includes costs associated with the overall operation of the Behavioral Health Division. These include General & Administrative, Fiscal, Patient Accounts & Admissions, Management Information Systems, Personnel, Maintenance, Security, Medical Records, Library, Pharmacy, Quality Assurance and Utilization Review, Dietary, Housekeeping, Linen, Stores, Clinical Administration, Medical Officer of the Day and Professional Education. Expenditures are allocated to the Inpatient Services/Nursing Facility, Inpatient Services/Acute Adult/Child, Adult Community, Adult Crisis and Child and Adolescent programs, according to Medicare and Medicaid cost allocation methodologies reflective of services consumed by the programs.

BUDGET HIGHLIGHTS

- The 2006 budget reduces pharmaceutical services by \$450,000 from \$3,550,000 to \$3,100,000. This is the result of changes in physician practices and a reduction in the intermediate care facility census.
- The 2006 Budget includes \$80,000 to support the 211 Information Call-line.
- The Facilities Management cross-charge to BHD is reduced by \$154,910 over 2005 due to a reevaluation of the overall charges.
- In 2006, one vacant Pharmacy Tech position and one vacant Sewing Machine Operator 1 position are abolished for a savings of \$59,806.
- For the past two years, the direction of BHD's medical policies and practices has been provided by a team of senior medical staff representing inpatient, nursing home and outpatient clinical disciplines. This approach has been successful for BHD therefore the 2006 Budget unfunds the vacant position of Medical Director Psychology for a savings of \$172,618.
- In 2005, BHD entered into an agreement with Milwaukee Center for Independence (MCFI) to partner in providing dietary services. MCFI relocated its kitchen to the BHD facility in 2005, and the two organizations share the facility to provide dietary services to their respective clients while also achieving savings in managerial efficiency and purchasing. In 2006, total Dietary savings of \$302,642 are budgeted as a result of this initiative, which includes the abolishment of one vacant Food Service Worker 1 and the unfunding of one Dietician 1.
- In 2006, BHD plans to work with the Economic and Community Development Division to identify potential alternative locations for its inpatient, crisis and nursing home operations and/or to house its administrative and program staff. The Mental Health Complex has considerable vacant space due to inpatient and nursing home downsizing initiatives that have occurred over the past decade, and the costs associated with maintenance and operation of the facility are exorbitant and out of line with most other hospital and nursing home facilities. BHD believes that it may be able to significantly reduce those costs in alternative settings and utilize savings to enhance inpatient care and outpatient services. An increased professional services appropriation in the Economic and Community Development Division budget will allow for the procurement of consulting assistance to help with this initiative.

MISSION

The Division of County Health Programs (formerly County Health Related Programs), through the programs and staff for which it is responsible, provides leadership, coordination, education and

operational programs related to the provision of health services for the benefit of Milwaukee County citizens, employees and visitors, especially those most in need in the community.

The Division develops, implements and evaluates programs, opportunities and partnerships related to improving or providing for the health of Milwaukee County citizens and employees. The Division creates and maintains innovative, high-quality, community-based services, which serve target populations in a cost-effective/efficient, customer-focused manner through a variety of partnerships and by utilizing a systematic approach for service integration and delivery.

DEPARTMENTAL PROGRAM DESCRIPTION

The Department of Health and Human Services (DHHS) Division of County Health Programs (CHP) is comprised of three areas of service: Administration, the Emergency Medical Services (EMS) Program and the General Assistance Medical Program (GAMP).

BUDGET HIGHLIGHTS

- Total 2006 expenditures decrease by \$464,377 from \$62,279,109 to \$61,814,732 primarily due to decreased contract payments in EMS. Total revenues increase \$1,247,852 from \$41,527,015 to \$42,774,867. The increased revenue is primarily attributable to the agreement reached with the four hospital systems to provide increased financial support for GAMP in 2006.
- Personal Services expenditures without fringe benefits decrease by \$32,993, from \$2,575,679 to \$2,542,686. Funded positions decrease by 0.7 from 51.8 to 51.1.

- Total funding committed for GAMP administrative costs by the four GAMP hospital system partners is \$2,095,248. In addition, the hospital system partners have again agreed to provide \$500,000 to offset the costs associated with 16 crisis respite beds in the Behavioral Health Division, and Aurora Health Care has agreed to donate approximately \$80,000 of Occupational Health and Safety services for County employees and \$65,000 for the Nurse Call-Line. The hospital systems have specified that this total commitment of \$2,740,248 is contingent upon the provision of full funding of the GAMP medical expenditure budget in the 2006 Budget.
- All departments are required to operate within their expenditure appropriations and their overall Budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severally liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

DESCRIPTION

The Emergency Medical Services (EMS) Program (Paramedics) is a Milwaukee County-managed and sponsored program designed to benefit the entire community. There are seven major components to the area-wide service: the Community Support component which provides reimbursement via grants to municipalities that provide the paramedic transport units serving Milwaukee County; the Education/Training Center for initial and refresher paramedic education and other EMS-related courses; a Quality Assurance program which reviews and monitors service delivery; the Health Information Center which collects, enters and maintains patient care data; the Communication Center which is staffed with emergency medical communicators to coordinate on-line medical control and hospital notification for local and regional

emergency calls and Flight for Life dispatch; the Equipment and Supplies Center which orders and delivers supplies, monitors controlled substances, facilitates equipment repair and maintains compliance with Trans 309; and the AHA Community Training Center (CTC), which provides and coordinates Milwaukee County employee and public education for Cardio-Pulmonary Resuscitation (CPR), Automatic External Defibrillator (AED), Advanced Life Support (ALS) and Pediatric Advanced Life Support (PALS) courses. Medical direction and control for the EMS Program is provided through a professional services contract with the Medical College of Wisconsin (MCW).

The EMS Program is a broad-based community partnership system with various municipalities and private providers. These services are funded by property tax levy and are partially offset with

revenues from the Paramedic Cost Recovery Program and revenues generated from the delivery of education services as well as paramedic services at the Bradley Center and other activities.

BUDGET HIGHLIGHTS

- EMS expenditures decrease \$741,792 to \$12,581,744 and revenues decrease \$606,523 to \$6,730,772 primarily due to Paramedic Recovery revenue adjustments and the associated services expenditure reductions based on actual experience.
- The EMS program continues using the same reimbursement model where Municipalities are paid based on net revenue collected and receive a supplemental payment from the County for uniforms, maintenance, education and related costs. Under this arrangement, the County continues to provide training, staffs the Communication Center and pays for billing services. EMS also provides a general supplemental appropriation maintained at \$3 million in the 2006 budget. The entire cost of the EMS program (including revenue) is included in the County's budget and reimbursement revenue is paid back to municipal partners via a distribution formula developed and approved by the Intergovernmental Coordinating Council (ICC).
- Paramedic Recovery revenue is reduced by \$801,881, from \$7,030,209 to \$6,228,328, with corresponding expenditure reductions in contract payments to host municipalities per the revenue sharing arrangement described above. This reduction is based on the actual collection of Paramedic Recovery revenue in 2004.

The 2004 and 2005 Budgets contained a projected \$1.4 million revenue increase over the 2003 budgeted amount in anticipation of enhanced revenue collection based on more accurate and complete information being provided to the billing agent for use in collecting reimbursement. Host municipalities understood that this was an optimal revenue projection, and that if the additional revenue was not realized, payment to the municipalities would be reduced to reflect actual collections. Actual revenue collections indicate that about \$600,000 of the

potential \$1.4 million revenue increase did materialize. An optimal projection was utilized in order to provide for sufficient revenue and expenditure authority that would avoid the need for a mid-year fund transfer. In 2006 Paramedic Recovery revenue is budgeted based on actual experience with the distribution framework.

- Personal services expenditures for the EMS Training Program increase due to the addition of 0.40 EMS Paramedic Trainer Hourly workers to provide additional staff for a new initiative to give CPR training for child day care providers. Costs associated with this initiative are funded by the DHHS Economic Support Division.
- In 2006, new revenue of \$30,000 for paging doctors for Children's Hospital of Wisconsin is anticipated based on prior experience.
- In 2006, one position of Secretarial Assistant is abolished and Vacancy and Turnover is increased.
- Expenditures for Medical Supplies have been reduced by \$49,934 based on actual experience.
- The 2006 Budget includes Tax Refund Intercept Program (TRIP) net Paramedic Recovery revenue of \$75,458, a reduction of \$13,828 over 2005. All TRIP revenue collected for 2004 dates of service and beyond will be forwarded to host municipalities per the 2004-2006 municipal contracts.
- Flight for Life (FFL) revenue budgeted in the EMS Program from dispatching and tracking the FFL aircraft during flight has been increased by \$84,700, from \$65,000 to \$149,700 and is based on actual experience.
- Funding for the Professional Service contract for Paramedic billing has been reduced by \$109,720, from \$677,720 to \$568,000. This decrease represents a reduction in the percentage of net revenue paid to the vendor. This contract was subject to a Request for Proposals process for the first time since 1997.

DESCRIPTION

The General Assistance Medical Program (GAMP) is the health care financing system for medically indigent persons currently residing within Milwaukee County. During 1995, the State of Wisconsin developed a medical relief block grant for Milwaukee County, with State reimbursement limited to \$16.6 million. In 1999, the State of Wisconsin established an Intergovernmental Transfer Program (ITP) that captured additional Federal funds and reduced County tax levy support for GAMP. This program was expanded in 2002 and again in 2003 for the purpose of increasing funds for medical providers. Under the expanded ITP program, the County issues a payment to the State of Wisconsin Bureau of Healthcare Financing that is used as a match for Federal supplemental payments and disproportionate share payments for hospital services.

BUDGET HIGHLIGHTS

- GAMP expenditures increase by \$315,907 to \$48,186,616 and revenues increase by \$1,854,375 to \$36,044,095. The changes are primarily attributable to new agreements reached with the four hospital systems.
- The GAMP income eligibility criteria remain at the 2003 level and are summarized in the following chart.

- The 2006 Budget reduces T-19 Recoupment Revenue by \$116,793, from \$431,946 to \$315,153, to reflect actual experience.
- The 2006 Budget maintains net Intergovernmental Transfer Program (ITP) revenue at the 2005 level of \$9.3 million. The ITP payment of \$6,791,275 is matched with Federal funds of approximately \$9,342,419. The ITP payment and matching funds totaling \$16,133,694 are returned to the County as refunds from area hospitals and medical providers as established in the GAMP contracts. Under the State and County ITP agreement, and in accordance with County Board Resolution (File No. 01-249), the ITP payments have two purposes: 1) to return the \$6,791,275 payment to the County and 2) to provide funding for medical providers.
- The 2006 Budget maintains \$16.6 million of medical relief block grant from the State of Wisconsin.

- The 2005 Budget included \$244,080 in outside revenue from the four major GAMP-affiliated hospital systems to offset the salary and fringe benefit costs associated with four GAMP eligibility workers who are out-stationed at GAMP-affiliated clinics. The four major hospital systems have increased their contribution in the 2006 Budget to \$569,080, which will pay for the four out-stationed workers plus personal services costs associated with 5.5 remaining eligibility workers for GAMP.
- GAMP Medical Service Expenditures are increased \$301,168, with a corresponding increase in outside revenue, to reflect an agreement reached with GAMP-affiliated hospital systems in 2005 regarding home health care services provided to GAMP clients. This agreement will continue in 2006, allowing home health care services to be provided to homebound GAMP clients who are determined to require such services upon release from the hospital. The 2005 Budget assumed that the hospital systems would simply assume this cost, but the manner in which the agreement was implemented calls for GAMP to pay for home health care expenditures and then be reimbursed in an amount up to \$301,168 by the hospitals.
- GAMP administrative revenue associated with the \$35 application fee for processing client applications is increased by \$120,000, from \$780,000 to \$900,000, based on actual experience.
- An agreement with Aurora Health Care to fund the Nurse Call-Line will continue in 2006. Funding of \$65,000 for the Nurse Call-Line was provided by Aurora in 2005 after the expiration of a Federal CAP Grant. The Nurse Call-Line is a valuable resource for clients in need of immediate medical advice and/or assistance in non-life threatening situations. Nurse Call-Line services can reduce medical expenditures by eliminating the need for costly Emergency Room visits.
- The four major hospital systems also have agreed to pay for the cost associated with CHP's contract with Wisconsin Physician Services Inc. (WPS) for claims processing and other administrative fiscal services. This two-year contractual agreement expires on 12-31-05, but it is anticipated that CHP will request a one-year extension. The hospital system commitment for this contract is \$1,225,000 in 2006, which is the same amount that was provided for the WPS contract in 2005.
- GAMP IT expenditures are reduced by \$4,816, from \$89,500 to \$84,684, for maintenance and the continued development of McClears, a single client eligibility database system in real time.

MISSION

The mission of the Milwaukee County Department on Aging is to affirm the dignity and value of older adults of this County by supporting their choices for living in or giving to our community.

DEPARTMENT DESCRIPTION

The Milwaukee County Department on Aging was created in the 1991 budget to serve as Milwaukee County's designated Area Agency on Aging under the Older Americans Act and as the County's designated unit to administer aging programs. The Department plans for and services the growing needs of Milwaukee County's large and diverse older adult population. It is the one dedicated, specialized agency within Milwaukee County government to represent and serve the needs of the elderly.

The Department integrates several Federal and State revenue streams including the Older Americans Act, the Senior Community Services Program, the Alzheimer's Family and Caregiver Support Program (AFCSP), Base Community Aids (BCA) and Family Care.

The Department is the designated Aging Resource Center and Care Management Organization (CMO) for older people in Milwaukee County under the State of Wisconsin's Family Care initiative. Family Care replaces the state's numerous Long Term Support programs, including the Community Options Program (COP), COP Waiver, and Community Integration Program (CIP) with a single, integrated Long Term Care entitlement program.

The Department on Aging consists of four service areas:

Administration includes the Director's Office and the Fiscal and Support Services Division. The major functions of the Fiscal and Support Services Division include budget development and management, accounting and personnel administration. The Division monitors Departmental expenditures and revenues, reviews audits, reports service utilization and expenditures to County and State agencies, projects revenues and expenditures and monitors compliance with funding source requirements. This Division also develops the Department's fiscal policies and assesses operations for effectiveness and efficiency.

Area Agency Services provide a comprehensive network of support services through community-based agencies that assist older adults to remain independent in their homes as long as possible. These programs are funded through the Older Americans Act and State revenue earmarked for elderly services. The Division is responsible for planning, research and program development. In addition, unit staff solicit, monitor, evaluate and administer contracts for a variety of services in the community. Staff assist with contract development and coordinate the request for proposals process with other County departments.

The Area Agency Services Division provides staff support to the Milwaukee County Commission on Aging, its five standing committees and its Advisory Council. Division staff assist the Commission in conducting public hearings and needs assessments as required under Federal statute, provide technical assistance and serve as a resource for businesses, universities and voluntary organizations interested in meeting the needs of older adults in the community.

The Senior Meal Program part of the Area Agency Services Division, is funded under Titles III-C-1 and III-C-2 of the Older Americans Act and other State and Federal funds received from the State of Wisconsin Bureau on Aging and Long Term Care Resources. The program receives reimbursement for eligible elderly meals from the United States Department of Agriculture (USDA).

The purposes of the Senior Meal Program are:

1. To provide older persons, particularly those with low incomes, low-cost, nutritionally sound meals in strategically located congregate sites. Two of the 31 meal sites offer weekend meals to program participants. The program also seeks to reduce the social isolation of participants by providing supportive services including recreation, education and information about other programs and services available to older adults.
2. To provide home-delivered meals five to seven days a week to eligible frail, homebound, older adults. The program assists older adults in remaining independent and living within their own homes and provides limited gap-filling services in addition to meals.

The **Resource Center** Division acts as the entry point for the Department's Family Care benefits and is responsible for arranging short-term assistance for older adults with immediate or pressing needs. It is the primary source of quality information and services for persons 60 years of age and older.

As a major component of the State of Wisconsin Family Care initiative, this Division has four primary functions: (1) to provide Milwaukee County's older adults, their caregivers and the general public one central number to call for information about programs and services 24 hours a day; (2) to provide pre-admission counseling to elders seeking residential placements; (3) to determine eligibility for the Family Care benefit; and (4) to provide community education to older adults, their families, and caregivers on a broad range of subjects, including wellness and prevention of functional decline. The Resource Center's other major responsibilities include investigating allegations of elder abuse and providing protective services, guardianships and protective placement services to vulnerable older adults.

The **Care Management Organization (CMO)** Division was created in response to the Family Care initiative. In accordance with authorization initially granted by the County Board in 1997 (Resolution File No. 96-630) and 1998 (Resolution File No. 98-893), under Family Care, the Department's Care Management Organization coordinates all long term care services, including home and community based services and institutional services for eligible elders who require publicly funded long term care services. Using inter-disciplinary teams of nurses, human service workers, other professionals and volunteers, the Division oversees the provision of a comprehensive package of service benefits. These include Adult Day Care, Supportive Home Care, transportation, accessibility equipment and home modifications, residential care services, money management, durable medical equipment, home health care, personal care, skilled nursing services and skilled nursing home care. In return for coordinating and managing these services, the Department's CMO receives a capitated rate payment per member per month from the State.

BUDGET HIGHLIGHTS

DEPARTMENTAL

- Personal Services expenditures without fringe benefits decrease by \$54,011 from \$8,445,103 to \$8,391,092. Total positions increase by 2.1 to 160.6.
- Total expenditures increase by \$4,550,438 to \$167,158,987 and total revenues increase by \$5,451,100 to \$165,350,178. This change is primarily accounted for in the Care Management Organization and reflects the increased per member per month capitated rate received from the State and the associated expenditures.
- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severely liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

ADMINISTRATION

- Expenditures are decreased by \$119,887 primarily due to reduced crosscharges.
- At the end of 2005, the Schlitz Park lease expires. The Economic and Community Development Division issued an RFP for space for the Department on Aging in July 2005. A total of \$614,666 has been budgeted for space rental and security in 2006.

AREA AGENCY SERVICES

The Area Agency Services Division consists of three major programs areas: Elderly Services, the Senior Meal Program and the Senior Centers.

- Working with the Commission on Aging and its Advisory Council, the Area Agency Services Division of the Department on Aging will continue to plan, implement and monitor private fund-raising strategies. The two areas of focus for 2006 will be addressing the rise in home delivered meals and the need for support of the five County-owned Senior Centers.

Elderly Services

- New Medicare Modernization Act Transition Grant funding is budgeted in the amount of \$105,991 in 2006. This grant results from increased Federal S.H.I.P. (Senior Health Insurance Program) money that was issued to States in 2005 for the purpose of providing a Medicare Part D education and outreach campaign. Medicare Part D is a voluntary prescription drug benefit that will become available to seniors on January 1, 2006. Seniors will have to make various decisions regarding enrollment, plan choices and benefits.

Contractual expenditures are increased by the grant amount to provide funding to Legal Action of Wisconsin-SeniorLAW. Legal Action will provide community presentations, produce informational literature, educate professionals and seniors, provide counseling services and offer advocacy services to seniors through this contract.

In addition, the Department on Aging Resource Center and Area Agency staff are coordinating dozens of trainings and will help seniors make appropriate choices.

- In 2004 the Department of Aging received a Robert Wood Johnson (RWJ) Foundation Community Partnerships for Older Adults grant to fund their Connecting Caring Communities initiative. This is a four-year grant. In 2006, the third year of the grant, \$277,500 is budgeted and includes funding from RWJ and additional matching funds from Helen Bader, Faye McBeath and the Greater Milwaukee

Foundations. The total four-year grant is \$1,110,000.

	2005 Budget	2006 Budget	2005/2006 Change
Number of Meal Sites Open	32	31	(1)

Home-Delivered Meals	224,784	303,575	78,791
Total Meals Served	683,284	683,035	(249)

- Meal sites decrease by one to a total of 31 sites in 2006 as a result of the Village Adult Day Center discontinuing their participation in the congregate meal program in early 2005. The Village Adult Day Care Center still provides meals to seniors but is funded through an alternative program.
- The number of home-delivered meals increases while the number of meals served at the meal sites decreases. This shift is based on actual experience in 2005.
- Expenditures increase by \$278,733 primarily due to increased food expenditures based on actual experience. Revenues increase by \$427,675 due to an analysis of the amount of Family Care member meals served in meal sites that are eligible for revenue reimbursement.
- The Senior Meal Program continues the following initiatives at no additional cost to seniors to promote health and well-being among the Milwaukee County older population:
 - The Commodity Supplemental Food Program (administered by the Hunger Task Force) and the Reach Program (administered by Second Harvest) enable participants at various meal sites to receive food boxes each month.
 - The UW Extension - Wisconsin Nutrition Education Program provides monthly nutrition education classes at 17 meal site locations.

- The Department on Aging, the City of Milwaukee Health Department and the Wisconsin Nutrition Education Network partner to sponsor the “Stepping Up to a Healthier Lifestyle” Campaign, which provides wellness promotions at meal sites.

Senior Centers

- A principal challenge of operating the five County owned senior centers continues to be maintenance of the facilities. In 2006, \$300,000 is budgeted to begin to address the maintenance needs of the centers. Projects will be funded based on a long-range capital and operating plan, which will be established and managed by the Department and DAS-Fiscal Affairs. The Committee on Finance and Audit shall review and approve the plans for maintenance of the facilities prior to the expenditure of any of these funds.
- Milwaukee County's WellnessWorks and fitness center programs are recognized nationally as an award-winning model of community based fitness and wellness programs for multicultural populations at no charge to its participants. The Department on Aging will continue to seek grant funding and partnerships to sustain and expand fitness and physical activity programming at the senior centers.

	<u>Budget</u>	<u>Budget</u>
Pre-admission Consultations	1,200	1,200
Functional Screens	3,500	3,500

- Expenditures decrease \$378,936 primarily due to decreased personal services expenditures and reductions in purchase of service contracts.
- Revenues decrease by \$274,496 primarily due the expiration of the Wellness and Prevention Grant funding of \$249,040. Purchase of service

expenditures are reduced to off-set the loss of grant revenue.

- The DHHS – Economic Support Division will continue to deploy 18 Economic Support Specialists, two Office Support Assistant 2s, two ESS Supervisors and one Quality Assurance Technician to perform eligibility and related functions for the Family Care program. The Department on Aging is cross-charged for all personal services costs related to this unit, with the exception of the Quality Assurance Technician position, which is covered with regular Income Maintenance revenue.
- In 2006, Resource Center staff will evaluate procedures and technology in order to serve elders more effectively and efficiently.

	<u>Budget</u>	<u>Budget</u>
CMO New Enrollments	557	138
Average CMO Clients Served per Month	6,242	5,639

- In 2005, the Department on Aging was awarded the sole contract to operate the Care Management Organization in Milwaukee County. The contract includes optional renewals through 2009.
- The CMO is operated as an enterprise fund in accordance with the requirements made by the State of Wisconsin.
- Revenues increase by \$5,201,391. This reflects the increased per member per month capitated rate from the State that the CMO began receiving in January 2005 as well as increases for new members. The capitated rate in 2006 is slightly higher than the 2005 rate based on preliminary data given to the CMO by the State. Expenditures also increase by \$4,358,116 primarily in member services. The expenditure increase includes vendor rate increases varying from 3-4%.
- An appropriation of \$922,109 is included for wage increases for Personal Care Workers

(PCW) under Supportive Home Care Options (SHO) and New Health Services (NHS) to \$9.00 per/hr. and wage increases for Supportive Home Care Workers (SHCW) under SHO and NHS to \$8.00 per/hr. This appropriation is part of a total appropriation of \$3,795,988 for rate increases for all providers in the 2006 CMO Budget.

- Contractual services for CMO fiscal and management services is decreased by \$170,000 due to the restructuring of CMO fiscal staff in 2005. This decrease is partially off-set by an increase of \$100,000 for information technology contract services.
- In 2005 the CMO restructured their fiscal and management staff to ensure that CMO operations and finances were closely monitored. To continue this process, capitation revenues and member service expenditures are budgeted using activity codes in 2006. The revenue activity codes are based on level of care and the expenditure activity codes are based on service

categories. This provides the CMO with more comprehensive information and allows fiscal staff to monitor expenditures and revenues more closely and identify variances from budget, allowing for operational adjustments.

- In 2005 the CMO and the County entered into a Commitment Agreement which establishes that, after meeting the State contract requirements for required working capital reserve, the County receives 50% of any surpluses generated by the CMO up to the total of the prior year accumulated deficits of \$12,217,786. In 2006, the CMO anticipates a surplus of \$3,115,352 of which \$1,498,299 will be paid to the County and an equal amount will be budgeted as an expenditure reserve within the CMO.

MISSION

The mission of the Milwaukee County Department of Health and Human Services is to secure human services for individuals and families who need assistance in living a healthy, independent life in our community.

DEPARTMENT DESCRIPTION

The Department of Health and Human Services (DHHS) includes the following six divisions: Economic Support Division, Delinquency and Court Services Division, Disabilities Services Division, Management Services Division, Behavioral Health Division and County Health Programs Division. All six divisions report to the office of the Director of the Department of Health and Human Services.

Since the DHHS Behavioral Health Division financially operates as an enterprise fund, it appears as a separate organizational unit in the County budget (Org. 6300). The County Health Programs Division also operates under a separate budget (Org. 7200).

The **Director's Office** provides guidance, support and administrative direction to all DHHS divisions. The DHHS Director reports directly to the County Executive as a cabinet officer.

The **Economic Support Division**, pursuant to State Statutes, is charged with the responsibility of assisting eligible people to obtain Food Stamps, Medical Assistance (Title 19) and Child Day Care benefits. In addition, the Economic Support Division is responsible for administering the State's BadgerCare health program and specialized financial assistance programs such as Fraud Detection and Benefit Repayment, Wisconsin Home Energy Assistance and Burials.

The **Delinquency and Court Services Division** administers a 120-bed Juvenile Detention Center, juvenile court intake, custody intake and probation services, support staff for the operation of the Children's Court, predispositional secure/non-secure out-of-home placement resources, the First Time Offender program and post-dispositional placement resources for adjudicated delinquents. The Division is also charged by the State for the cost of juveniles sentenced to a State Juvenile Correctional facility. Purchased programs that serve alleged and adjudicated delinquent youth, including programs that are designed to divert such youth from State facilities, are administered in this Division. The Juvenile Detention Center is staffed and maintained as a 24-hour, secure correctional facility, which primarily houses juveniles being held pending trial.

who are a threat to the community. Custody Intake staff screen Children's Court intake referrals from police for the Juvenile Detention Center. Court Intake staff prepare case reports and histories for the Children's Court judges, and Probation staff supervise youth adjudicated for delinquent behavior in the community.

The **Disabilities Services Division** provides human services to adults between the ages of 18 and 60. Services are targeted at populations with special needs including persons with physical and developmental disabilities (including children from birth to three). A wide variety of services are provided, including case management for long-term support, residential services, work and day services, community living support services, community treatment, community support, adult day care, fiscal agent services and service access and prevention. Many of these services enable persons to live in the community and avoid institutional placements. The Division also utilizes a Resource Center, which was designed and implemented as part of the 2003 Budget.

The **Management Services Division** provides contract administration and quality assurance, building operations and procurement services to the Director's Office, Delinquency and Court Services, Economic Support and Disabilities Services Divisions. In addition, this Division provides accounting, business office, collections and payroll services to the above entities as well as to the Behavioral Health Division and the County Health Programs Division. The Division also includes the costs for County-wide services such as Risk Management, Audit, Payroll and other functions. Budgeting and human resources functions previously provided under this Division are now provided in cooperation with the Department of Administrative Services (DAS).

BUDGET HIGHLIGHTS

DEPARTMENTAL

- Personal Services expenditures, without fringe benefits, decrease by \$706,689, from \$33,599,815 to \$32,893,126. Funded positions decrease 2.7 to 795.1.

- Total expenditures increase by \$3,266,054 to \$181,296,565 and total revenues increase by \$4,113,081 to \$162,035,873.
- The total expenditures and revenues in the DHHS budget does not include \$20,977,304 of State Department of Corrections charges and Youth Aids revenue. This is a result of the State paying itself first from the County's Youth Aids allocation.
- The State of Wisconsin Department of Administration continues the practice of intercepting \$20,101,300 from State Shared Revenue and intercepts \$38,792,200 of Community Aids revenue to fund the operation of the State Bureau of Milwaukee Child Welfare.
- In 2003, DHHS began an initiative to establish a single-client information database across the various divisions. This initiative involves implementation of the McClears information system, which was originally developed for the General Assistance Medical Program (GAMP). The 2005 DHHS Budget included \$109,375 to implement McClears in the Economic Support Division's Child Day Care, Energy Assistance and Burials programs and for related consulting assistance for the Disabilities Services Division's Medical Assistance Personal Care program. The 2006 Budget includes \$94,400 for continued development and system maintenance.
- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severally liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

ECONOMIC SUPPORT DIVISION

- Economic Support Division (ESD) expenditures increase by \$190,139 primarily associated with purchased program services partially offset by savings associated with the move from Schlitz Park to the Coggs Center. Revenues increase by \$770,066 primarily due to increased Home Energy Assistance and Child Day Care Administration dollars.
- The 2006 Budget reflects the ninth full year of Wisconsin Works, or W-2, implementation in Milwaukee County. ESD does not administer W-2, but complements it by offering access to Food Stamps, Child Day Care and Medical Assistance. The costs incurred by ESD that are associated with W-2 are funded by revenues from the State of Wisconsin that come to Milwaukee County through private W-2 agencies. The 2006 Budget includes \$1,449,029 of revenue from W-2 agencies for Child Care eligibility and other functions performed by ESD staff in support of W-2.
- ESD's 2006 Budget reflects the movement of all remaining ESD staff who had been stationed at Schlitz Park to the Marcia P. Coggs Human Services Center. The budget also reflects the consolidation of all south side ESD staff at the Hills Building located at 9th and Mitchell. ESD will experience space rental savings of \$616,019 from these developments and from the relocation of DHHS Management Services and Disabilities Services staff from Schlitz Park to the Coggs Center, which spreads operating and maintenance costs to a larger number of tenants.
- Based on written notification from the State of Wisconsin, ESD's 2006 Budget projects Income Maintenance (IM) revenue of \$16,007,948, which is \$178,582 more than the actual 2005 State IM contract. The budget retains 15 Economic Support Specialist positions that were created in 2004 after ESD received a one-time State IM allocation of \$1.2 million. In 2005, despite the loss of this funding, these positions were preserved via an increased IM property tax levy allocation and savings in other areas of ESD's budget. The revenue increase of \$178,582 is provided by the State to support a new Second Party Review requirement for Medicaid cases. Four Economic Support Supervisor 1 positions are created to conduct these second party case reviews.
- One vacant position of ESS Section Manager is abolished and a position of Customer Service Manager is created. The Customer Service Manager will coordinate new customer service initiatives implemented during the past two years, coordinate strategic plan performance measurement and enhance overall customer service performance. The net cost of this initiative is \$1,220.
- The 2006 Budget eliminates an appropriation of \$150,000 that was provided in 2005 for an anticipated Food Stamp Error Rate penalty. ESD's Food Stamp Error Rate decreased from 11.8% to 9.1% between Federal Fiscal Year (FFY) 2003 and 2004, and has further decreased to 6.1% through the first seven months of FFY 2005. It is anticipated that as a result of this improvement, no penalty will be assessed in 2006. Several initiatives designed to improve payment accuracy will be sustained in 2006. Also, in 2006, ESD will fund the position of Food Stamp Payment Accuracy Manager with IM revenue, as Food Stamp Reinvestment funds that previously had been utilized have now expired.
- Two positions of Quality Assurance Tech are created for a total cost of \$71,688. The need for these new positions is directly related to a decision by the State of Wisconsin to discontinue funding for two State positions that participated in activities to reduce the County's Food Stamp error rate. In order to maintain the "Find and Fix" error reduction strategy in ESD, the County creates and funds two positions, which are partially offset with IM revenue.
- ESD will continue to deploy 18 Economic Support Specialists, two Office Support Assistant 2s, two ESS Supervisors and one Quality Assurance Technician to perform eligibility and related functions for the Family Care program. The Department on Aging will be cross-charged for all personal services costs related to this unit, with the exception of the Quality Assurance Technician position, which is covered with regular IM revenue. IM revenue also funds a Section Manager position that

FUND: General - 0001

dedicates a significant percentage of its time overseeing the Family Care unit.

- The cost of one Economic Support Specialist is again cross-charged to the Department of Child Support Enforcement to reflect the role of a dedicated ESS worker on cases in which Income Maintenance and Child Support issues intersect. Through this initiative, both departments can improve their performance standards by enhancing the accuracy of the data maintained in the Wisconsin Kids Information Data System (KIDS) database.
- For the first time, funding is included in the 2006 Budget for the Mobile Benefits Issuance Vehicle, which began full-time operation in March 2005. The Mobile Vehicle allows Milwaukee County residents to apply for a range of benefits including IM and Day Care at community sites in their neighborhoods.
- The 2006 Budget includes \$7,826,162 of Child Day Care Administration revenue from the State of Wisconsin. This is an increase of \$153,374 from the 2005 budgeted revenue of \$7,672,788.
- In order to maximize contract funding available for Child Care Professional Development, Learning Environment and Curriculum and Professional Practices as described below, one vacant position of Fiscal Assistant 2 is abolished.
- An appropriation of \$2,075,110 is budgeted for Child Day Care professional development and purchase of service contracts funded with Day Care Administration revenue. Under a new framework developed for implementation in 2006 with the advice and consent of the Early Childhood Council, ESD will provide contract funding primarily for the following three service categories: Professional Development, Learning Environment and Curriculum and Professional Practices. Under this framework, specific contract allocations have been established for new programs in the areas of health and safety (\$129,000), early childhood social development (\$45,000) and business practice improvements for day care providers (\$77,700). In addition, a \$750,000 allocation that previously had been provided to MPS for Early Childhood Development has been reduced to \$250,000.

New allocations have been designated for Requests for Proposals for assessment activities for early childhood providers (\$207,600) and provider technical assistance (\$512,850). Other purchase of service allocations include \$122,882 for continuation of a contract with the YMCA to operate the Coggs Center Child Care Drop-off Center, \$20,000 for the Community Information (211) Phone Line, and \$60,590 for Special Needs Child Care services and evaluation.

- The 2006 Budget includes a crosscharge from DHHS-County Health Programs (CHP) of \$21,000, which reflects the cost of a new initiative to provide CPR training to child day care providers as part of the Child Day Care program.
- The Special Needs Child Care program will continue to be administered in-house by DHHS staff in 2006. ESD will coordinate closely with the Disabilities Services Division's Birth-to-Three program to increase the capacity of Milwaukee County day care providers to serve children with special needs and their families. This in-house program – which was initiated in 2005 – includes one FTE from ESD and a portion of one FTE from the Birth-to-Three program. In addition, as noted above, \$60,590 is budgeted in contractual services for technical assistance, training and evaluation. This initiative will be funded primarily with Child Day Care Administration revenue.
- As noted above, an appropriation of \$122,882 is budgeted for the child care drop-off center at the Coggs Human Services Center. The drop-off center serves as both a model child day care training facility and a child care center at which Coggs Center clients can drop off children while they see their caseworker and/or apply for benefits. ESD received grant funding from the State of Wisconsin to offset the cost of this facility in 2005, but there is uncertainty as to whether such funding will be available in 2006. Consequently, Child Day Care Administration revenue is allocated for this initiative in 2006.
- Revenue of \$2,072,214 is budgeted for Home Energy Assistance per the actual State contract in 2005. ESD has initiated a Request for Proposals process for Energy outreach activities in 2006. In 2005, ESD maintained outreach

contracts with two separate vendors at a total cost of \$454,463. That amount will be reduced by \$186,869 to \$267,594 in 2006 due to fiscal constraints. If actual State Energy revenue exceeds the amount budgeted, ESD may attempt to utilize excess revenue for additional outreach activities.

- The 2006 Budget contains \$400,000 for the Community Information (211) Phone Line, which is a decrease of \$80,000 from 2005. An appropriation of \$80,000 is provided in the Behavioral Health Division budget for a total \$480,000 commitment from DHHS. DHHS fiscal staff undertook an analysis of 211 phone calls received in 2004 and determined that a new funding mix is required based on the types of calls received. As a result, the DHHS allocation now includes \$340,000 of IM funding (\$170,000 of IM property tax levy and \$170,000 of Federal matching funds), \$20,000 of Day Care Administration revenue and \$40,000 of Home Energy Assistance revenue as well as the new commitment from BHD of \$80,000. In 2005, ESD funding for 211 consisted of \$40,000 of Home Energy Assistance revenue, \$80,000 of Day Care Administration revenue and \$360,000 of Income Maintenance Administration revenue.
- An allocation of \$375,550 is included for indigent burials, which is identical to the amount contained in the 2005 Budget. This amount is based on 2005 year-to-date actual expenditures and is linked to cost containment strategies including establishment of maximum allowable reimbursement for funeral expenses, burials and cremations.
- An appropriation of \$2,315,268 for W2 and Supplemental Security Income (SSI) burials is included and reflects an increase of \$794,294 based on 2005 year-to-date actual expenditures. This increase is completely offset by State burial aid revenue.
- The 2006 Budget continues the Interim Disability Assistance Program (IDAP). The Budget includes \$410,059 for client cash grants which is administered by one staff position, along with funds to contract with an agency to assist clients applying for SSI. Revenues recovered from successful SSI applications are budgeted at \$225,573. Total tax levy support for IDAP

grants and administration is \$245,448, which is a decrease of \$3,383 from the 2005 Budget.

DELINQUENCY & COURT SERVICES DIVISION

- Delinquency and Court Services Division (DCSD) expenditures increase \$98,726 to \$38,609,993, primarily due to purchase program services partially offset by personnel services and space savings. Revenues increase by \$350,640 to a total of \$23,276,724. These totals do not include State Department of Corrections charges and associated revenues.
- DHHS receives Youth Aids to fund State Juvenile Correctional Charges and community-based services. Total Youth Aids revenue for 2006 is budgeted at the estimated 2005 contract amount of \$32,332,424, which is a decrease of \$215,616 from the \$32,548,040 budgeted in 2005. This reduction is based upon an estimate of Corrective Sanctions funding.
- Total State Department of Corrections (DOC) charges for juveniles placed into State custody by the Children's Court Judges are projected at \$20,977,304, a decrease of \$1,952,236 compared to 2005. This decrease offsets the reduction in State funding of \$215,616 and leaves \$11,355,120 of Youth Aids revenue to be utilized for community-based programs. Based on a projection for State Juvenile Correctional Institutional placements, utilizing actual experience during the most recent 12-month period and rates adopted in the 2005-2007 State Budget, the institutional costs are projected to decrease by \$892,155 to \$17,637,705. This calculation assumes an average daily census of 235 placements, a decrease of 30 over 2005. Child Caring Institution (CCI) average daily placements are decreased by six to 17 in 2006, which leads to a projected decrease in DOC-CCI placement costs of \$590,935, to a total of \$1,473,545. State charges for Aftercare programs are projected to decrease \$188,217 to \$781,442 in 2006, and the Corrective Sanctions Program will decrease by \$280,930 over 2005 to \$1,084,613.
- Prior-year State contract reconciliation revenue is budgeted at \$850,000 in DCSD, which is a decrease of \$1,350,000 from the \$2,200,000 budgeted in 2005. There is an additional

ADOPTED 2006 BUDGET

UNIT NO. 8000

FUND: General - 0001

\$500,000 of prior-year revenue budgeted in the Disabilities Services Division for an overall total of \$1,350,000 in the DHHS budget. The 2005 Budget contained a significant increase in this account due to several one-time occurrences in 2004. The budgeted amount for 2006 more accurately reflects previous experience.

- An appropriation of \$201,320 in Potawatomi Revenue is maintained in DCSD's 2006 Budget.
- The Firearm Offender Supervision program is a highly-regarded program that helps divert adjudicated delinquents from placement in State facilities. Expenditures for this program are up slightly to \$797,133, supporting a total of 60 slots. The expiration of State and Federal grant revenue necessitates an increase of \$359,240, to a total of \$585,922 in property tax levy support for this program. This increased tax levy support is required to sustain the Division's success in providing effective alternatives to sentencing at State corrections facilities.
- DCSD purchases community-based treatment and supervision services from BHD's Wraparound Program as an alternative to more costly institutional care. DHHS will pay \$8,032,174 for 350 slots in the basic Wraparound Program, which is a savings of \$400,000 from 2005. This savings is made possible by revenue enhancements and expenditure reductions that will be implemented in BHD's Wraparound Program in 2006.
- DCSD will pay \$1,702,716 for 47 slots in BHD's intensive Wraparound Program known as FOCUS. This is an increase of \$378,716 and 15 slots from 2005 and follows an increase of 12 slots in the 2005 Budget. DCSD's property tax levy commitment to the FOCUS program increases by \$405,646, from \$1,324,000 to \$1,729,646. FOCUS is one of the components of the Disproportionate Minority Confinement (DMC) grant, which funds a dedicated Human Service Worker position for FOCUS. Expiration of this State grant has reduced grant funding for the other DMC components by \$236,000.
- DCSD will receive \$737,179 in revenue from the Wraparound Program to pay for Temporary Shelter, Group Home and Day Treatment slots that Wraparound buys from DCSD. This is an increase of \$329,388 from 2005.
- The post disposition program for girls that was initiated in 2004 will continue in 2006. Female delinquent youth present several unique issues, such as those related to health and sexuality, and there is a need for unique programming to serve these youth and provide alternatives to Group Homes. This program will be funded with grant funding of \$100,000 from the State of Wisconsin and \$35,405 of property tax levy. This is a property tax levy savings of \$300,300, which is based on the Division's success in obtaining grant funding as well as utilization and experience.
- The 2006 Budget includes increases of \$103,968 to purchase nine additional slots (from 96 to 105) for the Level II Supervision Program, \$66,135 to purchase 413 additional nights of shelter care, \$138,936 to expand the Serious Chronic Offender Program from 25 to 30 slots, \$135,000 for Foster Care Case Management, \$90,232 for Alcohol & Other Drug Abuse (AODA) services and \$421,529 for Group Foster Homes based on actual experience. These purchase of service programs provide for and support community treatment options as an alternative to placement at State corrections facilities.
- Due to successful realignment of job responsibilities in the wake of dozens of retirements during the past two years, nine vacant Juvenile Correction Officer positions are unfunded and one vacant Intake Specialist CCC and two vacant Clerical Assistant 1 positions are abolished for a tax levy savings of \$413,372.
- An appropriation of \$150,000 is again provided for the Milwaukee County Youth Sports Authority. The Sports Authority is governed by a Board that consists of seven members, which reviews and recommends to the County Board funding for grant proposals from community organizations. The Planning Council serves as the fiscal agent.
- DCSD experiences a space rental savings of \$333,248 from the move of Probation staff from Schlitz Park to the Children's Court Center (CCC). The Department received County Board

approval late in 2004 to utilize a projected surplus to fund the renovation of space at the CCC to accommodate this move, which will yield considerable long-term operational savings. One Clerical Assistant 1 position is abolished as a result of this initiative.

DISABILITIES SERVICES DIVISION

- Disabilities Services Division (DSD) expenditures increase by \$845,858 primarily due to increased client services associated with the increase in total revenues of \$3,265,030.
- An appropriation of \$350,000 in Potawatomi Revenue is maintained in the 2006 Budget for the DSD.
- The appropriation for client services in DSD's Long Term Support (LTS) program is increased by \$3,711,050 to better reflect actual expenditure needs and in recognition of an increase in program participants due to a significant number of relocations from nursing homes that has occurred in recent years, and that is expected to intensify in light of new State policies described below.
- The State of Wisconsin initiated implementation of its Intermediate Care Facility – Mentally Retarded (ICF-MR) Rebalancing Initiative in 2005. This initiative is designed to relocate as many individuals with developmental disabilities as possible from intermediate care facilities to community-based settings.

DHHS estimates that because of ICF-MR closures throughout the State, the downsizing of BHD's Hilltop facility that has been made necessary by this initiative, and a change in statutory guidelines utilized by the courts to determine the proper placement of individuals with developmental disabilities, DSD will be required to relocate approximately 86 clients in 2005 and 2006.

The State Department of Health and Family Services (DHFS) has indicated that it will fully fund the cost of community-based care for the individuals relocated under the ICF-MR initiative, and the 2006 Budget assumes that the State will make good on that commitment.

The ICF-MR initiative produces an additional staff cost due to two issues: 1.) the need to prepare detailed case plans for hundreds of individuals who currently reside in intermediate care facilities at the time of their annual Watts reviews and 2.) an increased number of clients in community settings who require case management. Existing staff will absorb some of those responsibilities, but DSD also has funded two previously unfunded Human Service Worker positions and created three additional Human Service Worker positions to address those needs at a tax levy cost of \$166,110 in the 2006 Budget. This cost is partially offset by elimination of a contractual services allocation of \$87,500 due to a decision to again conduct all Watts reviews with County staff per the advice of Corporation Counsel.

- In 2006, \$250,000 is included to fund a new Crisis Residential Service, consisting of a four-bed group home.
- DHHS maintains funding of \$278,892 in a risk reserve for DSD Long Term Support Programs.
- As in 2005, DSD's 2006 Budget contains \$436,388 for transportation services for participants in work and day programming at Curative. However, in 2006, the cost of transportation services will be built into service plans for those participants, as it is for other LTS participants. By including transportation as part of the service plan, DSD can draw down \$251,578 (57.7%) in Federal reimbursement to partially offset this cost.
- The DSD budget includes funding of \$150,000 to obtain professional services to develop and implement strategies to establish consistent rate-setting for group home providers in 2006. Additionally, \$87,000 is included for an accounting contract to enhance LTS fiscal management and maximize revenue draw downs throughout DSD.
- \$25,000 is included to continue an initiative to contact and assess the needs of individuals who are on the DSD waiting list.
- Supportive Home Care is reduced by \$50,000, from \$405,871 to \$355,871, to reflect actual experience and projected needs.

ADOPTED 2006 BUDGET

DEPT: DEPARTMENT OF HEALTH AND HUMAN SERVICES

UNIT NO. 8000

FUND: General - 0001

- One vacant Policy & Procedure Coordinator position and one Office Support Assistant 2 position are abolished for a tax levy savings of \$84,429.
 - DSD implemented a staff realignment and information technology enhancements in 2005 to maximize the generation of Medical Assistance Personal Care (MAPC) revenue. MAPC revenue is reimbursement from the Federal government for personal care services provided to LTS clients. DSD's 2005 Budget assumed that \$3,127,324 in MAPC revenue would be generated due to these process and system improvements (an increase of \$1,162,654 over the 2004 Adopted amount). The 2006 Budget projects total MAPC revenue of \$3,391,142, an increase of \$263,818 over 2005.
 - One position of Nurse Program Coordinator is created to help oversee the evaluation of DSD client files and review MAPC cases.
 - DSD experiences a space rental savings of \$266,752 associated with the move from Schlitz Park to the Marcia P. Coggs Human Services Center.
 - DSD's 2006 Budget includes prior year State contract reconciliation revenue of \$500,000, an increase of \$350,000 over 2005. There is an additional \$850,000 of prior-year revenue budgeted in the Delinquency and Court Services Division for an overall total of \$1,350,000 in the DHHS Budget.
- MANAGEMENT SERVICES DIVISION**
- The Management Services Division's (MSD) Contract Administration section was re-organized and expanded in 2005 to enhance department-wide contract monitoring and quality assurance activities. The re-designed section provides a new emphasis on outcomes and programmatic performance and internal quality assurance in addition to traditional fiscal monitoring activities. This initiative will continue to be implemented in 2006 with the same staffing arrangement. During 2006, DHHS will explore the potential for consolidating additional contract monitoring and quality assurance activities performed in the Behavioral Health Division under this centralized unit in order to reduce redundant activities performed for the same contract agencies by the two divergent staffs and to enhance overall efficiency.
 - A new Reimbursement Unit was included in the 2004 MSD Budget to reflect the establishment of a pilot Tax Refund Intercept Program (TRIP) in February 2003 that would initially focus on DHHS programs. The position associated with this unit is transferred to DAS in the 2006 Budget to reflect efforts to expand TRIP to other County departments. DHHS is still crosscharged for the cost of the position given that budgeted revenue will remain in DHHS Divisions. The professional services contract associated with this project continues to be housed in MSD in 2006, and TRIP expenditures and revenues are charged out to appropriate programs in CHP and BHD based on actual program revenue recovered. TRIP expenditures in 2006 are budgeted at \$133,873, while revenues are budgeted at \$244,283, for a net property tax levy savings of \$110,410.
 - MSD's Budget reflects full occupation of the newly renovated Marcia P. Coggs Human Services Center for the first time in 2006. Overall space occupancy savings produced by the consolidation of all DSD, Management Services and most ESD staff at the Coggs Center total nearly \$1.3 million in the 2006 Budget. In 2006, the full-year cost for DHHS to operate the Coggs Center is \$1,385,391, which is an increase of \$48,158 compared to the 2005 Budget.
 - In 2006, one vacant clerical position is abolished in the Fiscal Services section for a total savings of \$31,832.

MISSION

Within budget and policy guidelines established by the Milwaukee County Board of Supervisors, the Parks System serves Milwaukee County citizens in the following ways:

- Preserves and protects the natural environment paying special attention to critical and sensitive natural resources.
- Provides open space for the enjoyment and recreation needs of the public while responding to ever changing urban development patterns and recreational demands.
- Provides a variety of safe, active and passive recreation opportunities, offered at reasonable costs, which are responsive to the needs of the public.

GENERAL DESCRIPTION

In 2005, Parks oversaw the Finance and Marketing functions, and three Sections: Architecture, Engineering and Environmental Services (AE&ES), Operations (including Facilities Management), and Recreation Services.

In 2006, Parks will continue to oversee Finance and Marketing functions, and two Sections: Operations and Recreation Services.

PROGRAM DESCRIPTIONS

Operations Services is organized into two regions, the North and South Regions. This is a reduction from four regions in 2004. The regions provide

leadership and centralized office support to the individual parks. Under the regions are fourteen park units and seventeen service yards that provide the daily maintenance to the nearly 150 parks, with 81 parks and parkways totaling 5,714 acres in the North Region and 66 parks and parkways totaling over 9,179 acres in the South Region.

The Natural Areas/Trails Crew was established in 2005 to assist the region staff in controlling the invasive weed problem within the County. The crew also maintains the 106-mile Oak Leaf Trail and other Milwaukee County Parks trails.

Recreation Services is responsible for the programmatic development, implementation, and management of the aquatics, golf, community centers, concessions operations, and reservations for the athletic fields, picnic areas and pavilions. Parks maintains 15 golf courses, 9 outdoor pools, two indoor pools, two family aquatic centers and two community centers. In addition, Parks offers programming such as: aerobics, athletics, boxing, martial arts, volleyball, nature education, art, theater and gymnastics.

BUDGET HIGHLIGHTS

- Personal Services expenditures without fringe benefits increase \$178,663, from \$17,664,690 to \$17,843,353. This is due to adjustments in the personal services lump-sum funding for vacant positions. Funded positions increase by 13.2 full-time equivalents, from 534.8 to 548.0. This change is due to an adjustment to the personal services lump-sum, and the addition of 6.0

positions from the restructuring of the Department of Parks and Public Infrastructure (DPPI). This includes the transfer of four Landscape Architect 3 positions and one Natural Resources Specialist position from AE&ES, and one Clerical Specialist from the DPPI-Director's Office.

- The Parks Superintendent will perform the duties of the Director of Parks, Recreation and Culture as set forth in sec. 27.03(2) of the Wisconsin State Statutes.
- Expenditures increase by \$641,878, from \$37,069,968 to \$37,711,846. This change is primarily due to an increase in fringe benefits.
- Personal services lump-sum reduction totals \$399,960 to establish a net salary budget that is 97.6 percent of gross wages. This is a change of \$500,004 from the 2005 budget that funded 97 percent of gross wages.
- A total of \$314,700 is budgeted for minor maintenance for Parks-owned facilities and equipment. Expenditures from this account is to repair: pools, playground equipment, athletic fields, catch basins, electrical systems, lighting, security systems, roofs and other various priority repairs. These items were previously a part of the capital program but are unavailable for bond financing and therefore are included in the Parks' operating budget.
- In 2005, Parks entered a one-year agreement to partner with the Milwaukee Metropolitan Sewerage District (MMSD). MMSD provided beach cleaners and staff to clean debris from the surface and below surface at Bradford and McKinley Beaches. The equipment used by MMSD was on a lease-to-own agreement. Milwaukee County will purchase the beach cleaner for \$60,000 in 2006 to continue the initiative. This amount is budgeted in the DPW-Fleet Division capital budget.
- Parks management will track all expenses and revenues by activity code. Using activity codes will enable the administrative staff to determine the costs and income of each activity performed by the Parks. The 2006 Parks budget has activity codes associated with expenditure and revenue accounts.

- An appropriation of \$600,000 is included in the capital program for the structural repairs and painting of the Mitchell Park Horticulture Conservatory (the Domes). Some of the work will require at least a portion of the Domes to be closed during time of repair.

- Allocations for utilities increase \$293,433, from \$2,749,776 to \$3,043,209. This includes expenses for electricity, sewage, steam, water, and natural gas.

- Architecture, Engineering & Environmental Services

The 2006 Adopted Budget transfers AE&ES Section with the exception of four Landscape Architect 3 positions and one Natural Resources Specialist position to the Department of Public Works (DPW). This transfer reflects the fact that AE&ES is an internal service operation to all of DPW and many other departments throughout Milwaukee County. In addition, this relocation will allow the AE&ES Director, a professional engineer under the direction of the DPW Director, to balance the many needs of DPW and Milwaukee County, while allowing Parks to focus on its primary goals and objectives as a direct service provider to the public.

The Landscape Architects will continue to be located at Parks Administration and provide direct service to the Parks.

- Facilities Management

The Park maintenance building at 68th and State currently houses the skilled trades workers focused on Parks. This facility has significant and costly infrastructure repair needs and is located in a flood plane. Once all skilled trades are centralized at Facilities West by the end of 2005, the property at 68th and State will be available for sale.

- Funding for Keep Greater Milwaukee Beautiful is continued in 2006. This is a non-profit volunteer group that organizes community clean-up events to maintain beautification of the parks.
- Parks will evaluate the safety condition of County-owned playground equipment using the

FUND: General - 0001

staff members that are certified by the National Playground Safety Inspectors. This includes 112 children's playgrounds with over 750 individual pieces of playground equipment.

- Park fees for 2006 will continue at the 2005 level. The Parks Superintendent will not have the flexibility to increase any park fee without obtaining approval from the County Board.
- Operations of the off-leash dog park will continue in 2006 with the same fee structure for permits:

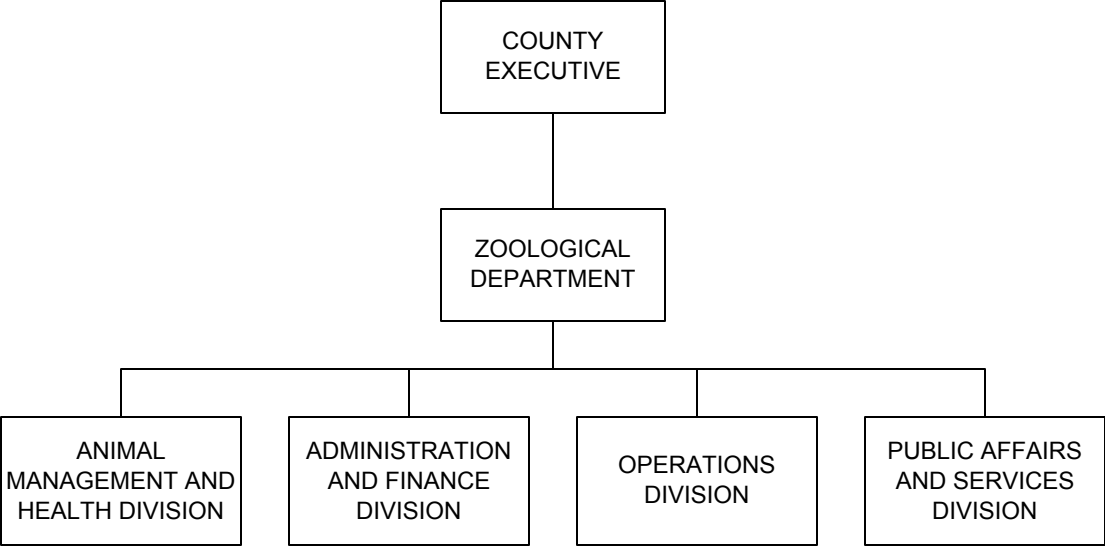

Annual	\$20.00
Daily	5.00
Seniors	10.00
Disabled	10.00
Additional Dog	5.00
Replacement Tag	10.00

- All departments are required to operate within their expenditure appropriations and their overall

budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severely liable to the county for the full amount paid. A county employee who knowingly violates this subsection may be removed for cause."

* In 2006 the Department of Parks and Public Infrastructure was restructured as the Department of Public Works and the Department of Parks, Recreation and Culture.

ZOOLOGICAL DEPARTMENT

The Zoo's animal collection and exhibits are acquired with the assistance of private funding. There are presently 16 animal groupings at the Zoo, including the Reptile and Aquarium group, Australian group, Asiatic group and the Heritage Farm.

MISSION

The Milwaukee County Zoo will inspire public understanding, support and participation in global conservation of animal species and their environment by creating a unifying bond between visitors and the living earth and provide an environment for personal renewal and enjoyment for guests by:

- Contributing to world-wide animal management, conservation and research efforts;
- Fostering sound physical, psychological and social development for the animal groups in our care;
- Sharing our knowledge with the intent to reinforce the human-animal-earth bond;
- Improving the quality of our professional development, administration and operating environment;
- Striving for the financial self-sufficiency of the organization;
- Continuing the public-private partnership with the Zoological Society of Milwaukee County.

DEPARTMENT DESCRIPTION

The Zoo's organizational structure is designed to maximize efficiency of operations, facilities, animal management and human resources. The Zoo includes four divisions: Animal Management and Health, Operations, Administration and Finance, and Public Affairs and Services. These divisions provide a work force organized to address the seasonal nature of operations, increase attendance and revenue-earning opportunities and provide optimum animal care.

The **Animal Management and Health Division** is responsible for the care and management of the extensive animal collection, which means maintaining the health of the fish, amphibians, reptiles, birds, mammals and invertebrates to allow their conservation, propagation and display. This includes providing a well-balanced, nutritious diet, a preventive medicine program and routine physical exam programs for such animals as the great apes and the large cats. Specialized medical health

services such as surgery, immunology, parasite control and drug and physical therapy are also performed. The animal facilities are designed and maintained to provide the proper environment for the animals and to provide an educational and entertaining experience to the visitor.

The **Operations Division** includes business and concessions functions related to the Zoo's major revenue sources such as admissions, parking lot, two restaurants with a patio complex, three major food concession facilities and various food stands, gift, novelty and souvenir stores, a miniature train ride, a Zoomobile ride and a carousel ride. In addition, this division provides for the maintenance, improvement and overall grooming of the grounds, which are critical to visitor satisfaction and return trade. Also included in this division are mechanical and preventive maintenance programs for equipment, ventilating, air-conditioning and heating systems, and minor electrical and plumbing repairs. The Operations Division is responsible for housekeeping and general cleaning of the entire Zoo.

The **Administration and Finance Division** support functions include cash management, financial and capital project planning and control, accounts payable and receivable, personnel and payroll, reception, switchboard, radio dispatch, other general office services and all clerical support. This division provides the Zoo with planning direction, goals for all divisions, and daily financial and administrative management oversight control.

The **Public Affairs and Services Division** is responsible for public relations, promotional activities, special events and programs, group sales and entertainment program development to increase public use, enjoyment and awareness of the Zoo facility.

This division consolidates efforts and activities of marketing, special programs such as the sea lion and raptor shows and group sales rentals into a single division for improved coordination of promotional efforts. Through news releases, interviews and other promotional activities, the Zoo attempts to attract residents of major Wisconsin and northern Illinois markets. The Zoo engages in cross-promotions with other cultural and tourist attractions to increase attendance.

Another function of the Public Affairs and Services Division is organizing annual special events activities held at the Zoo such as "Milwaukee a la Carte," Sunset Zoofaris, Halloween Spooktacular,

Heritage Farm Weekend, Egg Days, Holiday Night Lights and the Samson Stomp.

BUDGET HIGHLIGHTS

- Personal Services expenditures without fringe benefits increase \$49,864, from \$7,691,125 to \$7,740,989. Funded positions increase 2.7 full-time equivalents, from 250.4 to 253.1. Of this increase, 2.0 full-time equivalents are due to reduction in vacant personnel lump-sum.
- Attendance is expected to be 1,350,000 visitors, as was projected in 2005. This includes both visitors paying gate admission and those entering "free" with Zoological Society membership.
- The special exhibit for 2006 features the Dinosaurs. Admission for the exhibit is \$2.50, a \$1.50 increase over the 2005 special exhibit. This is projected to generate an additional \$101,000 in admission revenue, over the 2005 special exhibit.
- A net profit of \$100,000 is expected from the recently installed SkyGlider ride. This includes projected revenues of \$400,000 and expenses of \$300,000 as contractually agreed with the vendor. In 2005, only revenue of \$100,000 was budgeted for this ride.
- An additional .58 FTE for Zoo Worker 2 is added for the operation of the SkyGlider. Funding for this position is completely offset with reimbursement revenue from the vendor.
- The following table identifies the net revenue of novelties and concessions based on the expense for the resale goods. The net does not depict profit as overhead costs such as labor are not included in the calculation.

- The Zoo will continue the following initiatives through 2006:

The flexibility to reallocate major maintenance projects and equipment purchases while remaining within the total appropriation;

Discounted admission fees of \$4.50 for adults and \$2.00 for juniors and school groups for Milwaukee County residents on Wednesdays;

The Zoo Director's authorization to discount or waive admission fees and to provide one free admission day per month during the months of January through April, and November and December.

- All departments are required to operate within their expenditure appropriations and their overall budgets. Pursuant to Section 59.60(12), Wisconsin Statutes, "No payment may be authorized or made and no obligation incurred against the county unless the county has sufficient appropriations for payment. No payment may be made or obligation incurred against an appropriation unless the director first certifies that a sufficient unencumbered balance is or will be available in the appropriation to make the payment or to meet the obligation when it becomes due and payable. An obligation incurred and an authorization of payment in violation of this subsection is void. A county officer who knowingly violates this subsection is jointly and severally liable to the county for the full amount paid. A county employee who

knowingly violates this subsection may be removed for cause."

ZOOLOGICAL SOCIETY SUPPORT

- The relationship between Milwaukee County and the Zoological Society began in 1910 when the Washington Park Zoological Society, now the Zoological Society of Milwaukee County, was organized to help raise funds for animal acquisition. The Society has functioned for many years for the purpose of aiding the County in the operation, maintenance and development of the Zoo and its animal collection. Its mission is to promote conservation, education, exhibition of animals, research and recreation through fundraising and volunteerism.
- In February, 1989, the relationship was formalized with a Memorandum of Understanding, thus forging a strong public/private partnership for the continuing support of the Milwaukee County Zoo. The Memorandum of Understanding was renewed in 1992 and again in 1997. The agreement provides office space for the Society on the Zoo grounds, including utilities, custodial and maintenance services and staff parking. To assure continued support for the Zoo, the County provides free admission for Society members throughout the term of the Memorandum of Understanding.
- The cost of the 2000-2008 Nine-year capital improvement campaign is \$29.6 million, which will be split equally between Milwaukee County and the Zoological Society.
- For 2006 the Zoological Society will offer \$438,000 in support to the Zoo through event sponsorship, ticket purchases and other miscellaneous support.

MILWAUKEE PUBLIC MUSEUM

ADOPTED 2006 BUDGET

DEPT: MILWAUKEE PUBLIC MUSEUM

UNIT NO. 9700
FUND: General - 0001

OPERATING AUTHORITY & PURPOSE

Pursuant to Wisconsin Statute 59.56(2), Milwaukee County may acquire, own, operate and maintain a public museum in the County and appropriate money for such purposes. As a museum of human and natural history, it provides a dynamic and stimulating environment for learning. The Museum

interprets the world's cultural and natural heritage through collections, research, education and exhibits. It holds its collections as a public trust and is dedicated to their preservation for the enrichment of present and future generations.

BUDGET SUMMARY			
	2004 <u>Actual</u>	2005 <u>Budget</u>	2006 <u>Budget</u>
Property Tax Levy Contribution to Milwaukee Public Museum	\$ 3,880,750	\$ 3,380,750	\$ 3,502,376

MISSION

The Milwaukee Public Museum (MPM) is an educational and research institution which focuses on the natural sciences, anthropology and history.

MPM preserves and cares for its collections in the public trust. Through its research and collections, the Museum seeks knowledge and understanding of global change and diversity from geological, biological, cultural and historical perspectives. MPM interprets these themes to diverse audiences through its renowned exhibits, programs and publications.

MPM's mission is best accomplished through the coordinated use of its public exhibits, research capabilities, collections and educational programs.

OPERATING HISTORY

Milwaukee County acquired the MPM from the City of Milwaukee in 1976. During its more than 100 years as a public institution, the Museum has grown to be one of the leading natural history museums in the nation, providing a valuable educational opportunity to visitors.

Based on the recommendations of a Blue Ribbon Task Force created in 1990 to study alternative funding of the Museum, County Board Resolution (File No. 91-775), adopted November 12, 1991, created a not-for-profit Museum Corporation with a Board of Directors providing management of the facility, effective March 31, 1992. A fixed base level funding amount of \$4.3 million was established for

MPM during the initial five-year period of the Agreement.

The Lease and Management Agreement was re-negotiated in 1997 to continue the County's annual \$4.3 million payment to the MPM for five years, unless the County or MPM request that base support levels be modified after March 31, 1999.

As a result of the re-negotiation, the Museum Endowment Funds were transferred to MPM in August of 1997.

In 1999, the County extended the current term of the MPM Lease Agreement for an additional 33 months through December 31, 2004 (File No. 99-28(a)(a)) to facilitate the Museum Corporation's ability to sell long-term revenue bonds and to facilitate a capital campaign to raise charitable donations in support of the Museum Corporation's Butterfly Garden capital improvement project. This agreement remains in effect with a five-year renewal in perpetuity for 35 years, or until a new agreement is negotiated.

For 2006, \$3,502,376 is budgeted to support the MPM.

CAPITAL BUDGET HISTORY

In 1994, Milwaukee County issued \$8.9 million in bonds for the addition of a large screen theater (IMAX) to the Museum Complex. In 1996, MPM and Discovery World Museum jointly opened the theater and shared operating expenses and revenues. In 1999, the County and MPM refunded the remaining

ADOPTED 2006 BUDGET

DEPT: MILWAUKEE PUBLIC MUSEUM

FUND: General - 0001

outstanding debt for the IMAX Theater of approximately \$8.0 million. In March of 2000, Milwaukee County, acting as a conduit for MPM, issued \$4.2 million in revenue bonds for MPM to fund the Pulicher Butterfly Wing and purchase Discovery World's interest in, and assume full operation of, the IMAX Theater. The purchase was completed in April 2000.

BUDGET HIGHLIGHTS

- Milwaukee County's contribution to MPM increased \$121,626, from \$3,380,750 to \$3,502,376. This amount is based on the formula for funding as stipulated in the governing lease and management agreement. It states that annual funding is a five percent reduction from the previous year's funding. This was practiced through 2004 when a new agreement for 2005 was anticipated with a revised funding package. However, since a new agreement was not signed in 2005 and the former agreement is still in effect, funding guidelines for 2006 revert back to the formula. Therefore, the 2006 contribution is a five percent reduction to 95 percent of the 2004 County funding.
- The County will continue to make its annual contribution in quarterly payments to MPM. However, payments will be made only if MPM meets monthly expenditure and revenue targets as approved by the Milwaukee County Department of Administrative Services (DAS) or County Board staff. This includes but is not limited to expenses on: concessions, restaurants, salaries, wages, benefits and other costs; and, income from; retail, restaurant, facility rental, admission, special exhibits and fundraising goals. This performance requirement is to ensure the County that MPM is achieving financial stability and will reach its budget targets for the end of fiscal year 2006.
- In 2005, the County guaranteed the repayment of a \$6 million loan in order for MPM to be eligible for working capital resources from JPMorgan Chase and Marshall & Ilsley Banks, the "Lenders." MPM required a loan to remain solvent because of severe cash flow problems resulting from overly aggressive expansion, financial mismanagement, and lax Museum board oversight. Milwaukee County entered into an agreement with the Lenders, approved by the County Board on June 30, 2005 guaranteeing the amount of the loan plus interest. The guarantee amount is reduced dollar-for-dollar as MPM repays the debt. The guarantee is called if MPM cannot make scheduled debt payments, and thus the County will pay the debt as it becomes due. The Lenders and the County also required the following actions from MPM to ensure additional fiscal responsibility: an independent five-person financial oversight committee appointed by the County Executive and County Board Chairman to review and approve loan advance requests by MPM management as well as monitor the implementation of the break-even business plan; and the establishment of an unrestricted reserve account to deposit cash flow surplus to be used as a first resource to pay off the loan. The term of this loan is for five years until August 31, 2010 at a mix of flat and variable rates.
- DAS will continue the 2005 initiative to facilitate collaboration between MPM and other County cultural entities. In 2005, efficiencies were realized with some organizations negotiating shared professional service contracts and others offering joint programs and cross-promotion.

MISSION

The Milwaukee County University Extension Service's (UW Extension) mission is to provide access to university knowledge in four program areas: self-sufficiency, personal safety, economic opportunity, and quality of life. The UW Extension makes a special effort to reach those who are traditionally underserved including minorities, low-income families, and people with disabilities. The goal is to provide high-quality, low-cost educational opportunities that emphasize practical skills to be applied immediately.

DEPARTMENT DESCRIPTION

The Milwaukee County Extension department consists of Administration, Family Living, Horticulture and Urban Agriculture, Youth Development and Community Natural Resources and Economic Development sections.

Administrative operations include program support and evaluation, professional development, personnel management, accounting and financial planning and technology support.

The Extension department matches each dollar in County property tax with more than \$10 in grants, contracts, contributions or fees. The following is a 12-month snapshot (January 2005-December 2005) of the additional funds from grants, contracts and contributions that Extension has brought into Milwaukee County:

DEBT SERVICE CONTRIBUTIONS

Reserve for County Bonds (4703)

A contribution of \$2,188,953 from the Reserve for County Bonds is anticipated for 2006.

The 2004 General Obligation Corporate Purpose Bonds sold at a premium, which has resulted in

\$223,974 in surplus bond proceeds. The County received \$579,635 in additional bond proceeds for the 2005 Corporate Purpose Bonds. The additional bond proceeds consist of \$517,784 in a premium and \$61,851 in unallocated proceeds.

The County also received bond proceeds to pay accrued interest for the 2005 Corporate Purpose Bonds of \$47,049, which represents the interest incurred from the date of the bonds, to the closing date.

The County also refunded selected maturities from the 1997-2000 Corporate Purpose Bond issues. The County received accrued interest of \$140,163 for the 2005 Corporate Purpose Refunding Bonds. Including the accrued interest and rounding amount of \$5,326, the County has budgeted \$145,489 to be applied towards the interest payment on the 2005 Corporate Purpose Refunding Bonds.

In accordance with Section 67.11, Wisconsin Statutes, the bond premium was applied towards the interest payment on the bonds in 2006.

In addition, the County lapsed \$1,192,807 in bond proceeds at year-end 2004 to be applied towards the interest payment on the 1998-2004 Corporate Purpose Bonds.

Estimated Arbitrage Liability

The County booked \$1,186,309 at year-end 2001 to pay arbitrage penalties for the 1996-2000 bonds.

Federal arbitrage rules for bond proceeds subject to rebate allow a five-year period from the closing date of the bonds to calculate rebate liability and require that the first payment be made at the end of the five-year period.

The revised total estimated arbitrage liability is \$587,816, which consists of a balance of the following:

Year	Total Estimated Liability	Payments To Date	Surplus Proceeds	Remaining Liability
1996	\$ 708		\$ 708	\$ -
1997	\$ 3,605		\$ 3,605	\$ -
1998	\$ 271,992	\$ 123,836	\$ 148,156	\$ -
1999	\$ 448,250		\$ 448,250	\$ -
2000	\$ 796,151	\$ 796,151		\$ -
2001	\$ 519,803			\$ 519,803
2002	\$ 88,255	\$ 20,242		\$ 68,013
2003	\$ -			\$ -
Total	\$ 2,128,763	\$ 940,229	\$ 600,718	\$ 587,816

The total amount budgeted from the debt service reserve is \$1,416,781, which consists of \$223,974 in premium and excess bond proceeds from the sale of the 2004 Corporate Purpose Bonds and \$1,192,807 in lapsed bond proceeds from 1998-2004 bond issues.

The balance in the debt service reserve net of the 2006 Budget allocation will be approximately \$100,000.

Jail Assessment Surcharge (1315)

Jail Assessment Surcharge Revenue of \$1,566,058 is projected to be used to pay 2006 debt service costs for the construction of the Criminal Justice Facility (CJF) as allowed by Wisconsin Statutes Section 302.46(2).

Sale of Capital Asset (4905)

Doyme Hospital Sale Revenues

Based on the sale agreement between Milwaukee County and Froedtert Memorial Lutheran Hospital, the County will receive annual payments over 20 years beginning in 1997 and ending in 2016 based on the net operating cash flow generated by Froedtert Memorial Lutheran Hospital. Based on 5.25 percent of net operating cash flow, the estimated revenue for 2006 is \$4,018,000. The budgeted amount for 2005 was \$3,434,000. Actual revenues for 2004 totaled \$2,162,035. The 2004 surplus of \$1,271,965 was deposited in Org. 1945 – Appropriation for Contingencies in compliance with the budget directive for 2003 and forward regarding unbudgeted revenues. Revenue from Project Rents (4999)

Milwaukee Kickers Soccer Club

The County issued a total of \$3,750,000 in 1994 and 1995 General Obligation Bonds for the Milwaukee Kickers Soccer Club (MKSC) for the purpose of purchasing land and developing an indoor/outdoor sports complex to be located at the Uihlein Soccer Park at 7101 West Good Hope Road in Milwaukee. The MKSC agreed to repay the County for debt service on these bonds.

On July 23, 1998, the County Board of Supervisors approved Resolution File No. 98-427, which authorized an amendment of the lease agreement between the MKSC and Milwaukee County to restructure the lease payment schedule. The new payment plan reflects the donation to MKSC of the Uihlein Soccer Park land and associated costs by establishing a level payment schedule of \$430,000 annually and extending the schedule from 2010 to 2011, beginning in 1998.

In addition, the payment dates were changed from June and December to August and February, beginning in 1999. On October 18, 2001, Milwaukee County issued \$49,925,000 in Corporate Purpose Refunding Bonds to refund a portion of the 1994, 1995 and 1996 bonds. The bonds sold at a premium, which has been budgeted under the Debt Service Revenues section. A portion of the refund savings and premium have been applied to the outstanding Milwaukee Kickers debt, which has reduced the lease payment from \$430,000 to \$424,000 for 2003 and future years.

The payment amount for 2006 is \$424,000.

Marcus Center Renovation

The County issued a total of \$5,802,000 in General Obligation Bonds during 1994 and 1995 for the purpose of renovating the interior of the Marcus Center for the Performing Arts. The Marcus Center is undertaking a private fund-raising effort to repay the County for bonds issued for this \$12.7 million project. Based on information provided by the Marcus Center, current pledges are sufficient to repay bonds issued by Milwaukee County for this project. Reimbursement for project debt service in 2004 totals \$539,515. The County forgave \$400,000 of the \$539,515 debt service amount. Therefore, the reimbursement amount for 2004 was

\$139,515. The County budgeted the full amount of \$519,412 for 2005.

The budget amount for 2006 is \$497,938.

Intergovernmental Cooperation Council

The County issued \$2,500,000 General Obligation Building Bonds, Series 1997A on July 17, 1997 on behalf of the Intergovernmental Cooperation Council (ICC) for the development of an animal control shelter. The County and ICC have developed a final agreement as required for the release of the bond proceeds to the ICC. The ICC will repay the County for actual debt service costs on this issue. Reimbursement for debt service costs for 2006 totals \$227,478. This compares to \$229,303 in 2005.

Private Geographic Members (PGMs)

In 2003, Milwaukee County issued general obligation bonds to finance Project WG008 – Milwaukee County Grounds Roadway Rehabilitation. Milwaukee County Ordinance 98.01 states that the Private Geographic Members (PGM's) shall share in the cost of improvements at the County Grounds on an equitable basis. The PGM's consist of Milwaukee County (DHHS – Behavioral Health Division), Froedtert Hospital, Children's Hospital, Medical College of Wisconsin, Curative Rehabilitation and Blood Center of Southeastern Wisconsin.

The cost allocations for improvements are based on a cost sharing formula that is determined by the square footage of building area that the geographic members bear to the total gross square feet of the building area of all geographic members combined. The square footage is evaluated annually and is expressed as a percentage. Presently, the allocation for the County is 17.8 percent and the combined percentage for the remaining PGM's is 82.2 percent. Therefore, 82.2 percent of the debt service costs for the roadway improvements will be paid by the remaining PGMs. The budgeted amount for 2006 is \$154,255.

State Trust Fund Loan Program

In 2004, Milwaukee County borrowed \$539,524 from the State Trust Fund Loan Program to finance various equipment items. The County borrowed an additional \$18,627,012 to finance a portion of its contribution variance. The amortization period is four years for the equipment loan and five years for

the pension loan. Principal and interest amounts are \$3,586,723 and \$935,868, respectively, for 2005. These amounts are included in the account 8021 and 8022 for the payment of principal and interest. The total loan payment for 2006 is \$4,522,592.

1993 Levy Rate Cap: Effective August 12, 1993, Section 59.605, Wisconsin Statutes imposed a property tax rate limit for Wisconsin counties. Separate limits were imposed for operating levy rates and debt service levy rates. Initially, the baseline for the rate limit was the 1992 actual tax rate adopted for 1993 budget purposes. The County cannot exceed these operating levy rate and debt levy rate limits unless one or more conditions apply, as described below. The statute establishes specific penalties for failure to meet the tax rate limit requirements. Among the penalties for exceeding the tax rate limits are reductions in State shared revenues and transportation aids.

Under the terms of the 1993 levy rate cap, general obligation debt can be issued only if one of the following conditions is met: (1) a referendum is held that approves the debt issuance; (2) the County Board of Supervisors adopts a resolution that sets forth its reasonable expectation that the issuance of the debt will not cause the County to increase the debt levy rate; (3) the issuance of the debt was authorized by an initial resolution adopted prior to the effective date of 1993 Wisconsin Act 16 (August 12, 1993); (4) the debt is issued for certain specified purposes, including financing regional projects under Section 67.5(7)(f); (5) the debt is issued to fund or refund outstanding municipal obligations; or (6) the County Board of Supervisors adopts an initial resolution authorizing the issuance of the debt by a vote of at least three-fourths of the members-elect of the County Board.

2005 Levy Cap: Effective July 27, 2005, Section 66.0602, 2005 Wisconsin Act 25 Local Levy Limits has been enacted so that no city, village, town or county may increase its levy in any year by a percentage that exceeds the political subdivision's valuation factor. The "valuation factor" means a percentage equal to the percentage change in the political subdivision's January 1 equalized value due to new construction less improvements removed between the previous year and the current year but not less than 2.

The 2005 levy cap combines operating and debt service levy amounts. The conditions under which the levy limit may be adjusted include: (a) if a political subdivision transfers to another governmental unit responsibility for providing any service that the political subdivision provided in the preceding year, the levy increase limit otherwise applicable under this section to the political subdivision in the current year is decreased to reflect the cost that the political subdivision would have incurred to provide that service as determined by the department of revenue; (b) if a political subdivision increases the services that it provides by adding responsibility for providing a service transferred to it from another governmental unit that provided the service in the preceding year, the levy increase limit otherwise applicable under this section to the political subdivision in the current year is increased to reflect the costs of that service, as determined by the department of revenue; (c) if a city or village annexes territory from a town, the city's or village's levy increase limit otherwise applicable under this section is increased in the current year by an amount equal to the town levy on the annexed territory in the preceding year and the levy increase limit otherwise applicable under this section in the current year for the town from which the territory is annexed is decreased by that same amount, as determined by the department of revenue; (d)(1) if the amount of debt service for a political subdivision is the preceding year is less than the amount of debt service needed in the current year, as a result of the political subdivision adopting a resolution before July 1, 2005, authorizing the issuance of debt, the levy increase limit otherwise applicable to the political subdivision in the current year is increased by the difference between these 2 amounts, as determined by the department of revenue and (2) if the limit does not apply to amounts levied by a political subdivision for the payment of any general obligation debt service, including debt service on debt issued or reissued to fund or refund outstanding obligations of the political subdivision, interest on outstanding debt of the political subdivision, or the payment of related issuance costs or redemption premiums, authorized on or after July 1, 2005, and secured by the full faith and credit of the political subdivision; (e) the limit does not apply to the amount that a county levies in that year for a county children with disabilities education board; and, (f) the limit does not apply to the amount that a 1st class city levies for school purposes. The County is required to comply with both the 1993 levy rate cap and the 2005 levy cap.

APPENDIX

County Executive Scott Walker
2006 Budget Address
September 29, 2005

Mr. Chairman, Clerk Ryan, Members of the County Board, fellow citizens of Milwaukee County, it is a pleasure to join with you once again to share my vision for county government.

My vision for our county is of an economically vibrant community that reverses decades of population and employment loss. A community that knows our government contributes to a higher quality of life in the region because it provides the crucial services and amenities that keep and attract both residents and businesses. A community that knows our government will provide for those in need because we are committed to a strong "safety-net". A community that knows that equality and opportunity, as well as the safety of our residents, are high priorities for our government. A community where the tough choices we make to create a lean and efficient government will make our residents proud of our government once again.

To turn my vision into reality, I have prepared a budget that places these priorities at the forefront of our county's operations. The foundation of my budget is freezing the property tax levy.

Why is it so important to me to hold the line on taxes? Because I believe that it is the cornerstone of economic growth in Milwaukee County. It's the kick-start to the growth essential to keep and bring back residents and employers.

I am not alone. In a 2004 report, Harvard professor Edward Glaeser explained how reining in higher taxes, attracting a skilled workforce, and investing in education and safer streets are the critical components to economic growth. His report, *The Skilled City*, emphasizes that skyrocketing taxes will impede the growth of communities, particularly in cold-weather regions such as Milwaukee County.

I know that some, some even here in this room, have called my pledge nothing more than a political ploy. But Professor Glaeser underscores the importance of our approach. In fact, I believe his research, as well as that of others, illustrates why it is so

important to hold the line on our taxes. As he says in his report, communities like Milwaukee County cannot be complacent.

Unfortunately, the pension and sick leave packages that Tom Ament pushed five years ago continue to weigh this county down like an anchor. As I sat down with key leaders in my administration to assemble our budget, we faced a daunting \$58.9 million shortfall. Two-thirds of that amount comes from the benefits granted by his administration. This is the legacy of Ament's unconscionable and criminal raid on current and future taxpayers.

But I took on that budget challenge, just as I have taken on the fiscal challenges of the past. And I did it while maintaining my pledge to hold the line on taxes.

Today I am proud to introduce my fourth straight budget that does not raise the property tax levy from the previous year.

Because of the Ament fiasco, balancing this year's budget was not easy, to be sure. I had to make some significant and tough decisions. In the end, however, they were decisions necessary to ensure that we continue down the path that returns economic prosperity and growth to this community.

How did we do it? We put our citizens first.

The first step was to unwind the damage of the Ament administration's financial greed. I will not ask our residents and employers to forego important services to pay for these horrific benefit enhancements. We reviewed the financial burdens created by the Ament administration and recommended changes in funding for employee fringe benefits to ensure residents' critical services were not sacrificed to pay for these misdeeds.

We also addressed the abandonment of local government and taxpayers by the current Governor and his administration. This is not just a Milwaukee County problem. Counties, cities, towns and villages all across the state are being asked to fund more of the state's operations, from courts to human services, because of this Governor's disinterest in Wisconsin's local governments.

In fact, we face a de facto attack from this Governor and a state administration bent on solving their fiscal problems by dumping them onto local taxpayers. Their lack of leadership has put pressure on counties already stretched thin.

In contrast, the majority of independently elected officials in the county worked with us in this budget process.

For example, we worked closely with the Sheriff to reverse the trend of deficits in past years. The Sheriff, like my own department heads, worked diligently to craft a budget that places a priority on public safety while being mindful of our financial straits. I applaud Sheriff Clarke for his efforts.

In this budget, we maintain our commitment to safety net services such as GAMP. And we continue to care for our older adults and our veterans in this county as well.

We also provide for quality of life attractions that are an important tool in our economic development efforts. We continue our commitment to key cultural institutions, and maintain stable funding for our parks system at a time when so many other areas of county government have had to make tough decisions to reduce their overall spending.

And finally, yet most importantly, we did this by freezing property taxes and allowing working families, seniors, young professionals and those who create jobs in our county to keep more of their hard-earned money.

Some have suggested that higher taxes are somehow just the cost of citizenship. I would argue that this is the kind of prevailing thinking that dominated the last few decades of leadership in our community. That's the kind of thinking that has left us the task of working to restore our economy, our treasured assets and our morale.

I believe we are at a crossroads. We could choose the easy route. The Governor's budget veto would allow all of you here to increase my budget proposal by over \$8 million. Or we can choose, instead, to continue to work together to make things even better, to operate government even more efficiently, and to put the people of this county ahead of the special interests.

The choice here is clear: we can choose to validate Tom Ament's shameful legacy. A choice that will ultimately leave this county in ruins.

Or we can choose to strive for something bigger, something better, and something greater than we ever imagined.

I choose the latter.

Two years ago, we worked together to ensure that one of our largest employers, Midwest Airlines, could continue to operate at a time when they were extremely vulnerable. Using our financial tools and without taxpayer money, we not only helped a hometown favorite survive, we saved jobs.

I want to thank the Chairman and the members of this Board for your help.

Just last year we took a similar track to convince GE Healthcare to site their expansion in Milwaukee County, resulting in over 2000 good-paying jobs that could have ended up elsewhere.

Soon, I will forward to you a resolution to do it again. With our guarantee, the City of South Milwaukee will provide a TIF to Bucyrus International that will result in the protection of 850 jobs and the creation of over 250 jobs in their city and another 55 in Milwaukee.

When we work together, we can make a positive difference.

My budget is based on a few key priorities; freezing the property tax levy....and I mean *really* freezing it; providing essential safety net services for those most in need; and contributing to the overall quality of life for our county and our region. All of which I believe are critical components of our drive to not only keep businesses and residents here, but to attract new jobs and new residents.

I offer to you today a balanced budget that freezes the property tax levy, a budget that continues our strong commitment to human services and cultural growth. Now I don't expect all 20 of us to agree on every item in this proposal. Yet, I ask you to examine the fundamental components of my vision for our county; one of a county where families and businesses want to move to, one where taxes don't drive seniors and working families out of their homes, one where employers can afford to stay and others want to come here with their jobs, and one where our cultural and humanitarian efforts are appealing to people from all over our region.

If you don't believe this vision is best for Milwaukee County, then I call on you to bring forth your own. But let's not confuse bickering for a real dialogue on this budget. We must set aside political differences to ensure that we get things done in this county. Let's make the people proud of their government.

I stand ready to work with each of you.

We are, as I said, at a crossroads. The people of Milwaukee County are looking to us to provide solid leadership to ensure that all citizens, not just those in one district or another, but that citizens throughout the entire county are given the opportunity to live in a community that is a great place to raise a family, to attend school, to go to work, to open a business and even to retire.

We've come a long way, but we're not done yet. With your help, I know we can get the job done.

CAPITAL IMPROVEMENTS

Capital Improvements

The 2006 Adopted Capital Improvements Budget includes 68 separate projects for a total expenditure appropriation of \$86,741,136. Anticipated reimbursement revenue (Federal, State and local grants) totals \$16,092,556 resulting in net County financing of \$70,648,580.

Appropriations for 58 corporate purpose (non-airport) projects total \$45,910,686 with offsetting reimbursement revenues of \$10,935,588. The resulting net county financing of \$34,975,098 is to be financed by \$31,187,655 in general obligation corporate purpose bonds, \$750,000 in sales tax revenues, \$350,000 in Passenger Facility Charges (PFC) revenue, \$1,872,658 in private contributions, \$97,400 in construction fund investment earnings and \$717,386 in property tax levy.

Budgeted expenditure appropriations for 2006 Airport capital improvements total \$40,830,450. Airport reimbursement revenue of \$5,156,968 results in net County financing of \$35,673,482. Net County financing for Airport projects includes \$33,585,184 in Revenue Bonds and \$2,088,298 in Passenger Facility Charges (PFC) revenue bonds and/or pay-as-you-go PFC financing.

Since 1982, all Airport improvement costs not reimbursed by State or Federal agencies have been debt financed using general obligation bonds or financed through pay-as-you-go PFC revenues. Airlines housed in General Mitchell International Airport (GMIA) have agreed to pay all accrued principal and interest payments on debt issued on behalf of the Airport. Debt issued for the Airport from 1982 to 1984 is being repaid by the Airlines in accordance with a 25-year repayment schedule outlined in the Airline lease agreement. Bonds issued after 1984 are repaid by the Airlines over the actual term of the issue. Airport bonds issued after 1985 are classified as private activity bonds. These bonds remain tax-exempt, but income earned from these bonds may be subject to the Alternative Minimum Tax for some taxpayers. The County began issuing GARBs in 2000 to finance the GMIA parking facility. In 2004 and 2005, the County issued PFC-backed revenue bonds supported by general airport revenue bonds. All debt service payments for the revenue bonds will be the responsibility of the Airlines using GMIA. A portion of both bond issues were General Airport Revenue Bonds.
